To
Deputy Commissioner
Latehar.

Sub: Application for issuance of Letter of Intent (LoI) from State Government of Jharkhand for 31 Ha of land included in the proposed Project Area of Rajbar E & D Coal Mine but outside the allocated Block Area in District Latehar, allotted to Tenughat Vidyut Nigam Limited.

Sir,

This is in pursuance of the Guidelines issued by MoC, GoI vide letter no. 34011/48/2009-CPAM dated 8th May 2018, for preparation of Mining Plan for coal blocks.

1. For the proposed Rajbar E & D Coal Mine, the allocation of the block was done by MoC, GoI vide the allotment order no. 103/19/2015/NA dated 30-06-2015 and covered by Corrigendum No. 1 dated 21-12-2016. Based on the 71 Coordinate points of the allocation area, given by CMPDI, the block area has been firmed up at 1487 ha (Coal Bearing).
2. During planning a coal mine over this 1487 ha area of the block; 17 ha of land under meanders of Sukri River and 150 ha of area in the metamorphic high zone was excluded from mining area. Thus 1320 ha of mine area was firmed up for coal winning.
3. Beyond the 1320 ha of proposed coal winning area; area required to sustain mining operations as infra areas and associated needs; was firmed up as 31 ha. This 31 ha of needed area was planned over non coal bearing area in South of the allotted block. The selected area is rocky, undulating and mostly non forest area.
4. The associated needed area for infra and other needs cannot be setup in the North side metamorphic high (150 ha) area, as the North side area is reverine area, thickly populated area (more than 800 persons) and good agricultural area. This aspect has been covered in the Mining Plan.

Plant : Tenughat Thermal Power Station, Lalpania, Dist. : Bokaro-829149 (Jharkhand)

It is therefore requested that a letter of intent be issued by State Government, for this 31 ha of area, outside allotted block, as required by MoC, GoI vide their guideline issued referred at 1st Para above; in May 2018, for processing of mining plan approval. Thus the 1320 ha will remain for mining lease approval. In addition to that, 31 ha of associated needed area to support mining of coal from this block, is allowed to form part of the proposed project area. The state intends to allow use of 31 ha + 1320 ha i.e. total of 1351 ha area for carrying out the mining operations in Rajbar E & D Coal Mine. A letter of this intent may kindly be issued, addressed to M/s Tenughat Vidyut Nigam Limited, for processing of the Mining Plan by Ministry of Coal, Govt. of India.

Thanking you.
