

Justification

JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST LAND This OFC laying work is done for providing connectivity to Gram Panchayats on PANIndia basis with block HQ, District HQ and State HQ under NOFN (National Optical Fibre Network) project. This permission is being applied for providing OFC connectivity to 115 Gram Panchayats of sendhwa block. The main road connectivity to these gram panchayats falls under forest area. This is certified that as the area along the roads to gram panchayats falls under Forest , there is no other alternative route for OFC laying.

NoFN project by BSNL will provide the Inter connectivity for the rural area. This project is sanctioned by the Govt of India for the development of the internet connectivity Interior and rural areas of India. After lay this OFC line village people able to connect through inter and other digital services. This project is on the most important part of Digital India. This project connect villages to cities for better living hood a life standard. During the laying of Optical Fiber Cable RoW it will provide employment for rural people.
