.....

**NOTE CONTAINING JUSTIFICATION FOR LOCATING THE PROJECT IN REVENUE FOREST  
LAND AT VILLAGE NELWAD DISTT. NARAYANPUR.**

The Proposal to establish 220/132KV sub-station at Narayanpur Vill. Nelwad is approved by Honorable Electricity regulatory Committee (C.G.Govt) in respective of providing uninterrupted and better quality electricity to Narayanpur and nearby areas which is in Narayanpur District left wing affected area. This project will also provide electricity to upcoming industries.

In present scenario power supply to Narayanpur and nearby areas is through 132/33KV feeder hence interruption and losses are much more.

This project will help to overcome all the draw backs of 132/33KV line and can also provide employment to the local workers during its construction . Since the proposed land is best located for the incoming and outgoing of the transmission line with proper road connectively. No other alternative place is found suitable for this purpose, Hence the project is formulated at the proposed land.

The total 7.95 Hec. to acquired for proposed sub-station . The location is situated near Vill. Nelwad. The Khasara No. 24, 26, and 29/1, are revenue forest as per revenue record khasara No. 26 the small portion of Revenue Forest land which is in front of proposed land. It is very essential to be diverted for future plan. As per The approved Layout near Khasara No. 26, located control room by approval authority C.E.(Trans.) CSPTCL, Raipur. 250x250m area will be need to construct for proposed S/s yard.
