

OIL AND NATURAL GAS CORPORATION LTD.
Subsurface Team, Jorhat Asset

*Office of SSM
Nambar-I, Cinnamara
Jorhat Assam*

TO WHOMSOEVER IT MAY CONCERN

ONGC is engaged in Oil and Gas production activities in the fields of Jorhat Asset by drilling Oil and Gas wells. The pressure depletion occurs in the matrix of the reservoir rock; however this is being compensated by natural aquifers and water injection. Hence, 3D subsidence is not applicable in oil mines.
