Date of Proposal:

JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA

(Check List Serial Number – 09)

00-63-78 ha. of forest land is required for the construction of Ward No.1, Kandi & Dugiriuni Ambulance Road and dumping places. The total length of the road is 2.340 Kms out of which 1.946 Kms of road will pass through the forest land and 0.394 Kms will pass through private land. This road is being constructed to provide motor link to Ward No.1, Kandi & Dugiriuni. The road will cater to the needs of population of about 300 and will give a boost to the local economy. For the construction of this road/mucking dumping, 00-63-78 ha. forest land to be diverted.

Two alternatives which were technically feasible were explored. The length of alternative alignment was 2.640 Kms. Since the entire beneficiary Ward No.1, Kandi & Dugiriuni are surrounded by forests hence both the alignment has to necessarily pass through forest area if the primary objective of linking the Ward No.1, Kandi & Dugiriuni to the motor road is to be achieved. Hence there is no escape from using the forest land. Out of the two alternatives the one which involves lesser number of forest land as well as trees has been finalized for construction of road.
