Proposed Land for CA Plantation

REFERENCES

NH 27 National Highway No. 27 PC Police Officer

NOTES :-

A relative height, h , represents the approximate height, in metres, between the top and bottom of a given slope.

The elevation code numbers along roads, railways and follow trails are shown in *slant type*, e.g., *1500* whereas relative numbers are shown in *upright type*, e.g., *1500*.

Slant shown type in the *area* usually indicates slopes from high to low.

Upright shown type are numerous throughout the sheet, only in *low* or *low* areas.

Upright shown type and *slant shown type* are generally consistent in the same area.

Upright shown type are *slant shown type* are generally consistent in the same area.

A relative height, h , is shown along a road, indicating the height of the road.
