NOTES :-
heights are in metres and above Indian mean sea level.
Contours are approximate.
Tanks shown dry, in this area usually contain water from July to March.
Inhabited roads and cart-tracks in this sheet are generally metable in dry season. Permission to use these along canals is required from the irrigation authorities.
The area within the Yamuna River is liable to change owing to continual fluctuations in the course of the river.
Distance shown along canals are in miles and every eighth mile is shown.
relative height, e.g., 3, marked along a canal, indicates the height of the top of the canal embankment above the adjacent country.
