Advance Print Copy

PRICE: Rs. 250/-

CONVENTIONAL SYMBOLS

INDEX

AREA PROPOSED FOR COMPENSATORY AFFORESTATION (22,697 Ha.)

REFERENCE

PHD Public Works Department.

NOTES

Heights are in metres and above Indian mean sea level. Contours are approximate. A relative height, etc., represents the approximate height, in metres, between the top and bottom of a steep slope. The administrative boundaries have been surveyed as pointed out by the local officials on the ground but have not been verified by the Government authorities concerned. The major administrative boundaries of districts of Andhra Pradesh State are called 'Mandals' and their boundaries are shown by sub-division boundary symbols. The south-east corner of the map appearing on this map is magnetically disturbed and the variation given may differ largely from the actual value. The exterior boundaries of areas of reserved or Protected Forests are shown by green rebands.

COMPILED INDEX

A. Compiled from 1:50,000 survey 1977-78. Updated from satellite Imagery IRS - P6 of 2007.

Projection: UTM
Datum: Everest
Magnetic Variation from True North about 1° West in 2005. (Annual change negligible).

Scale: 1:50,000
Contours Interval 20 METRES
