The following shortcomings have been noticed in the proposal, which may be completed:

1. Against column C(iv), although the geo-referenced map has been uploaded, which is not as per GoI guidelines. As per GoI guidelines, the Digital map with geo-referenced boundaries in respect of forest land proposed for diversion showing name/boundaries of forest areas in the vicinity and other important physical features like habitations, roads, rivers etc, is required to be furnished on Survey of India toposheet in 1:50,000 scale.
