Justification for locating project in Forest land

Jio Digital Fiber requires to connect towers located at Kainthgali and Lalli with fiber and for that purpose the best possible route is through road connecting kainthgali and lalli via Mongri, Dubigali, and Khorgali. The permission from PMGSY for the said section has been secured by Jio Digital Fiber Pvt. Ltd. Since this land has been taken by PMGSY from JK Forests, FRA requires user agencies to secure permission from JK forests as well. Thus in the processs, Jio Digital Fiber Pvt. Ltd. Has applied for a fresh permission from JK Forests.

Total Forest Land required will be 0.967 Ha (9671.50 Sq.m).

Place: Jammu

Date: 23/09/2021
