**JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA**

**"Construction of 765 KV DC Fatehgarh II to Bhadla II Transmission Line, District - Jodhpur, Rajasthan"**. has been examined for social, Technical and Econmical consideration and possible efforts were made to avoid the forest land by Power Grid Fatehgarh Transmission Limited.

Proposed route is passing through the mostly Government/Agriclture Land but Some Canal and Road Site Plantation can't be avoid due to unavailability of RoW therefore without forest land involvement Transmission Line can't be completed.

It is further stated that no any other route is feasible and forest land involved in the proposed transmission line alignment is bare minimum.
