

JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA

Proposed Water Supply Pipeline Alignment for “**Laying of Pipeline and Construction of ESR under Integrated Taranagar – Jhunjhunu - Sikar Drinking Water Supply Project, PKG-II-Jhunjhunu (Rajasthan)**” Has been examined for Social, Technical and Economical consideration and possible efforts were made to avoid the forest land by **Public Health Engineering Department, Project Division- Khetri (Raj.)** but the some village’s area is surrounded by Forest Land and can’t avoid. We have proposed the pipeline alignment along the existing roads to minimize the required forest land.

Hence it is further stated that the area of forest land involved in the proposed alignment for Laying of Pipeline and Construction of ESR is bare minimum.

Place: Jhunjhunu

Date: 29/09/2016
