JUSTIFICATION

1- The proposed project on completion will provide Irrigation facilities for 187.84 Ha. Land of Village Kundani of Jasdan Taluka of Rajkot District. As well as recharge of aquifer of surrounding area of village Bhetsuda and Village Kanesara which are very much beneficial for employment and Socio-economic development.

The proposed command area has unreliable and scanty rainfall many times. Existence of such type of project will be beneficial to enhance the agriculture. The area covered under irrigation is draught prone area and there is acute deficit of irrigation water as well as portable water. The project will provide Maximum Advantage to the people and live stock of this area. Moreover on completion of the project irrigation facility will improve the environment of surrounding area.

2- The proposed project and its command area is out of the Sardar Sarovar Narmada Project.

3- The local leaders and M.L.A. of this area are also stressing upon the necessity of this project.

Considering above reason revise proposal for acquiring forest land coming under submergence of village Kanesara Tal.Jasddan Dist.Rajkot
