Justification

The OFC route from BSNL Telephone Exchange Naiwala Chowk Rewari to NH-8, Near Bawal via Shahjahanpur, Akbarpur, Sulkha, Harchandpur village on Rewari – Bawal Road is a safe route. This new 24F OFC route is planned as the existing OFC route between Rewari – Bawal road has been damaged due to road widening of Highway. Fibre losses in existing OFC have gone beyond the operational limits of transmission systems due to damage caused in widening of road. Hence the route is necessary to provide stability to existing media between Rewari and Bawal and better connectivity to Naiwala Chowk, Rewari to NH-8 near Bawal via Shahjahanpur, Akbarpur, Sulkha, Harchandpur village for providing stable and better communication to public. The total route between Rewari – Bawal Road will be a 24F single duct route along Highway.
