Sub: Minutes of 50th Meeting of the Standing Committee of National Board for Wildlife- reg.
Sir / Madam,

The 50th Meeting of the Standing Committee of National Board for Wildlife was held on 7th September 2018 through Video Conference under the chairmanship of Hon'ble Minister for Environment, Forest & Climate Change. The following proposals pertaining to your State were considered:

Construction and up-gradation of existing Ukhrul – Tolloi Tadubi Section of NH-102 A (115 km) of districts Ukhrul and Senapati

The IGF(WL) briefed the Standing Committee on the proposal and stated that the proposal is for the diversion of 26.154 ha of forestland inside the deemed ESZ of Shirui National Park, located at 5.58 km distance from the boundary of the Shirui National Park for construction and up-gradation of existing road Ukhrul – Tollo – Tadubi Section of NH-102 A (115 km) of districts Ukhrul and Senapati. He added that the State Chief Wildlife Warden recommended proposal with the following conditions:

- (1) The status of the sanctuary shall remain unchanged.
- (2) Compensatory of afforestation shall be taken up in degraded forests as proposed by DFO, Eastern Forest Division, Ukhrul with 10 years maintenance preferably in Eastern Forest Division, Ukhrul at the cost to be borne by the user agency.
- (3) As the proposed area falls within the ESZ, the user agency shall pay the NPV which shall be the amount fixed by the Hon'ble Supreme Court and worked out by the DFO / Eastern Forest Division, Ukhrul based on the forest type, eco-class and site quality.
- (4) To mitigate the adverse impact of the project, an impact mitigation and wildlife management plan has been proposed at cost of Rs. 204.02 lakh. The cost will be borne by the user agency.

- (5) Avenue plantation preferably with local species along the national highway including the raising of nursery, creation of green belt between the national park and the highway and on the road median shall be taken up at the cost be borne by the user agency in consultation with the DFO / Wildlife or DFO / Eastern Forest Division.
- (6) (a) The user agency shall bear the cost of logging and transportation of the felled trees as per estimates of DFO/Eastern Forest Division and DFO/Wildlife. Bare minimum of number of trees which are strictly essential, will be felled for the execution of the project under strict supervision of DFO/Eastern Forest Division and DFO/Wildlife; (b) the felled trees shall be distributed to forest bonafide villagers of the proposed areas in consultation with DFO/ Eastern Forest Division and DFO/Wildlife in the manner as provided u/s 29 Of the Wildlife (Protection) Act, 1972.
- (7) All the non-timber forest produces (NTEPs) removed during execution of the project shall be made available to the local people for their bonafide uses on the equitable basis.
- (8) At least 6 (six) corridors for the movement of wildlife of minimum 6m width are to be provided by the user agency. The corridors shall be well demarcated on the highway by the user agency with caution signages.
- (9) The user agency shall not take any such activity which contravenes wildlife (Protection) Act, 1972 or rules made therein.
- (10) Speed breakers near corridors, turnings and blind turnings shall be provided at on the highway. Speed breakers or series of smaller speed breakers at a distance of every 2 (two) km in between particularly near corridors as per the specifications of WII, Dehradun.
- (11) Caution sign boards warnings wildlife crossings shall be installed by the user agency at all necessary points along the highways in consultation with DFO/Wildlife.
- (12) Since the terrain is hilly with loose soil texture, it is necessary to undertake comprehensive soil conservation measures to make slopes stable, check soil erosion and landslides; (b) the user agency shall make necessary provisions in their project cost and construct retaining walls, breast walls, Gabion structures, etc. at all necessary locations (both hill side and valley side) in consultation with CRRI (Central Road Research Institute) and the State Forest Department.
- (13) The user agency shall also construct storm drains all along the proposed roads with culverts at appropriate locations at their cost. The user agency shall make necessary provisions in their project cost accordingly. They shall not take up such construction, which diverts, stops or enhances flow of the water into or outside of the national park.
- (14) Cost for demarcation of the diverted forestland and installation of boundary pillars shall be borne by the user agency.
- (15) The user agency shall ensure that there is no damage to surrounding forests, environment, wildlife, natural resources like water bodies and other public properties.
- (16) The user agency and the district administration will ensure that no resettlement takes place on forestland which would eventually results in encroachment.
- (17) Heavy machines and explosives shall not be used except under unavoidable circumstances and with the prior permissions on the DFO/Wildlife or DFO/Eastern Forest Division.

- (18) The user agency shall supply fuel wood, preferably alternate fuel to the laborers working at the site to avoid damage / felling of the trees. No camp-fires or pitching of tents for construction staff or engineers shall be allowed.
- (19) The muck / debris generated in the earth cutting shall be disposed off at the designated sites and in no case the muck / debris shall be allowed to roll down the hill slopes.
- (20) Wherever possible and technically feasible, the user agency shall undertake strip plantation on both sides of the national highways.

After discussions the Standing Committee decided to recommend the proposal along with the conditions and the wildlife mitigation measures stipulated by the State Chief Wildlife Warden.

However, prior to granting permission by the state government for starting the work of project a detailed mitigation plan / animal passage plan as recommended by the state CWLW shall be prepared, on the basis of WII guidelines named *Eco-friendly Measures to Mitigate Impacts on Linear Infrastructures on Wildlife*, by the project proponent in consultation with state CWLW and same shall be implemented at the project cost.

The annual compliance report on the stipulated conditions should be submitted by the User Agency to the State Chief Wildlife Warden and an annual compliance certificate shall be submitted by the State CWLW to GoI.

The above recommendation(s) are subject to the existing directives of Hon'ble Supreme Court and provisions of Forest (Conservation) Act, 1980.

Yours faithfully,
