Project Needs & Importance of project Road

NH 92 is an Interstate Highway Which connect two major states UP & MP. The Chambal river flows between these two states and make the border line of these states.

The present condition of bridge on Chambal river is very bad. During the fast flow of Chambal, it becomes necessary to stop the bridge, due to which the traffic between the two big states is interrupted. thus, **we have to construct a new bridge on Chambal river.**

It is further Interconnecting to NH-2, *whereas (NH2 is an Asian Highway-001)*

It facilitates movement of Agricultural Products to Gwalior, Kanpur, Lucknow, Agra, and Jhansi and manufactured goods from Kanpur, Agra and Lucknow

- Project road also provide link to Lion Safari Park, hence important for Tourism in Uttar Pradesh.
- To keep pace with the forth coming economic development within the State, it demands the Widening and Improvement of NH-92.
