Sub:-Preliminary Survey in Raoli Todgarh Wild life Sanctuary in connection with Mavli Jn – Marwar Gauge Conversion Project.
Ref: Your Office letter no. PCCF (CWCW) EDR Form date 18.11.2020

Observation on the (Phulad to Khambli Ghat) of Todgarh Raoli Wild Life Sanctuary in connection with Mavli Jn – Marwar Gauge Conversion project communicated vide letter under reference has been examined.

Following compliance of observation are under on below.

Sl.No.	OBSERVATION	COMPLIANCE
1.	Justification of the Project.	Attached in Annexure-I
2.	Topo Sheet Map	Attached in Annexure-II
3.	Geo Coordinates	Attached in Annexure-III
4.	Comments on alternative route	It is seen that alignment alternative 2&3 pass through high mountainous terrain, having more no. of tunnels and involved more forest land & construction cost comparison to the alignment alternate-I. In view of above facts , the route of proposed railway alignment alternate-I has been finalized with due consideration to the aspect that the alignment should involve minimum forest land and less construction cost.
5.	Certificate Of Undertaking	Attached in Annexure-IV

Dy. Chief Engineer/Construction-II
North Western Railway, Udaipur.
