## PART-B

क्रम सं.	पृच्छा	निराकरण
01	Legal Status of forest land proposed for diversion shall remain unchanged.	Unchanged
02	The State Forest Department shall plant 300 trees to maintain the green cover at the project cost. Planting site for the propose shall be identified be the State Forest Department preferably in the vicinity of the project site. Indigenous tree species should be preferred for such plantation.	Agree
03	Additional amount of NPV of the diverted forest land, if any, becoming due after finalization of the same by the Hon'ble Supreme Court of India on receipt of the report from the Expert Committee, shall also be charged by the State Government from the User Agency. The User Agency shall furnish an undertaking to this effect.	Agree
04	User Agency shall restrict the felling of trees to minimum number in the diverted forest land and the trees shall be felled under the strict supervision of the State Forest Department after obtaining permission from the DFO for the effect and the cost of felling of trees shall be deposited by the User Agency with the State Forest Department. Further, in view of the State Government's recommendation, such number of trees whose removal is unavoidable, and whose translocation (Species, number and girth to be decided by SFD) is practicable, will be translocated to the extent possible at the cost of user agency.	Agree
05	The boundary of the diverted forest land shall be suitably demarcated on ground at the project cost, as per the directions of the concerned Divisional Forest Officer.	Agree
06	Width of Right of Way for the Transmission Line shall be limited to 15 m.	Agree
07	To minimize the felling of trees for construction of Transmission Line, User Agency shall comply with following guidelines: a) The normal clearance below each conductor or conductor bundle will be 3 m only. The trees on such strips may be trimmed and after stringing work is completed, the natural regeneration will be allowed to come up.	Agree

**PART-B**

क्रम सं.	पृच्छा	निराकरण
07	<p>b) Outer strip may be left clear to permit maintenance of the Transmission Line.</p> <p>c) In the remaining width of Right of Way felling/pollarding/pruning of trees will be done with the permission of the local Forest Officer whenever necessary to maintain the electrical clearance. Trees shall be allowed to be felled or lopped to the extent required, for preventing electrical hazards by maintaining the minimum 3meter clearance between conductors and trees. The maximum sag and swing of the conductors are to be kept in view while working out the minimum clearance mentioned as above.</p> <p>d) The Scheme for creation and maintenance of plantation of dwarf species in Right of Way under the Transmission Line, as prepared by the State Forest Department shall be implemented from the funds provided by the User Agency and a scheme for this shall be submitted.</p>	Agree
08	The User Agency shall ensure that the labourers and staff engaged in construction activities do not damage the nearby forest flora and fauna. The User Agency shall provide alternate fuels preferably LPG to the labourers and the staff working at the site so as to avoid any damage and pressure on the nearby forest areas.	Agree
09	The layout plan of the proposal shall not be changed without prior approval of the Ministry of Environment, Forest & Climate Change.	Agree
10	<p>a) The forest land shall not be used for any purpose other than that specified in the project proposal.</p> <p>b) The period of diversion under this approval shall be co-terminus with the period of the project life / requirement.</p> <p>c) The forest land proposed to be diverted shall under no circumstances be transferred to any other agencies, department, or person without prior approval of the Ministry of Environment, Forest &amp; Climate Change.</p>	Agree

क्रम सं.	पृच्छा	निराकरण
11	Any other condition that the Ministry of Environment, Forest & Climate Change may stipulate from time to time in the interest of conservation, protection and development of forest & wildlife.	Agree
