It may kindly be noted that pipeline will be laid (A) Tapi District - Along / Across NH (B) Surat District - Along and Across various NH/SH/Other roads / Canal as said herein

The pipeline will be laid by excavation of a narrow strip of trench of 27, 37.5, 30.5, 45.7, 61 & 91.4 cms width and by horizontal directional drilling (HDD) for pushing the casing pipe wherever required. The same strips of the trench will be reinstated to its original condition and the land area in question will not be required to be handed over to the Gujarat Gas Limited for its exclusive use. The Applicant will not have any right other than that of the user. It is also intimated that no structure will be erected on the pipeline route.

The pipeline route proposed is most economical and it is badly necessary to lay along and across as stated herein above.
