GGL/Angam SL & Angam CNG/FCA/Final Compliance/2021

Date: 20/11/2021

To,  
The Dy. Conservator of Forests,  
Dahanu Forest Division,  
Dahanu Agar Road,  
Dahanu – 401601.

**Sub:** Angam Spurline & Angam CNG Connectivity : Diversion of 0.1320 Hect of Protected/ Private (35 Section) Forest land for laying natural gas pipeline in Talasari Tehsil & Surrounding Area – Pipeline laying through Protected/Private (35 Section) Forest Lands in Angam & Uplat villages of Tehsil Talasari, District Palghar of Maharashtra State.

**Ref.:** (1) Proposal letter No. GGL/Thane GA/Palghar SL/RF & PF/Per/2018, Dated: 13.08.2018, revised on 05.03.2019  
(2) Online Proposal No. FP/MH/Others/35246/2018, Dated: 10.08.2018  
(3) In Principal approval letter No. FLD-2021/CR-132/F-10, Dated 23/07/2021  
(4) Your Demand letter No. B/20/Land/1880/2021-22, Dated 13/10/2021

Dear Sir,

With reference to above said matter, In-principal approval has been issued vide letter refer (3) above against diversion of 0.1320 ha of Protected/Private (35 Section) Forest land. Demand Notes towards Net Present Value (NPV) has been received from your good office vide letter refer (4) above.

Please find below point-wise compliance of condition mention in In-principle approval as stated in your demand note for your ready reference and needful action for issuing formal permission.

Condition No.	Condition of In-principal approval letter	Compliance of Gujarat Gas Limited
Condition No. 1	The legal status of the land will remain unchanged.	Noted.
Condition No. 2	The forest land shall not be used for any purpose other than specified in the project.	The forest land will not be used for any purpose other than specified in the project.
Condition No. 5	The User Agency shall obtain the permission of concerned competent authority for laying of Natural Gas Pipeline within the ROW.	The permission has obtained from NHAI & PWD for laying of pipeline within the ROW. Copy of the same is attached herewith.
Condition No. 6	The User Agency will obtain the Environment Clearance from competent authority, if required.	As per EIA notification 14.09.2006, Environment Clearance dose not required.
Condition No. 7	The Natural Gas Pipeline will be laid well below as per the norms the ground level all along its length through forest and adequate safety measures to be adopted.	Natural Gas pipeline will be laid at a depth of 1.2 m from natural ground level. Upper surface of land will restore back to its original condition.

## Agreement

### Agreement Regarding Granting of Right of Way Permissions For Laying Utility Services on National Highways

Agreement to lay 6" dia Steel Natural Gas Pipeline from Ch.386.155 km to 387.055 km of National Highway-48 (Old NH – 8) land.

This agreement made this 5<sup>th</sup> day of February (month) 2021 (Year) between **Highway Administration, NHAI, Gandhinagar, Gujarat** acting in his executive capacity through **The Chief General Manager (T) & Regional Officer, Gandhinagar** (hereinafter referred to as the "Authority" which expression shall unless excluded by or repugnant to the context, include his successors in office and assigns) on the one part, and M/s Gujarat Gas Limited, a company registered under the Companies Act, 1956 and having its Registered Office at Gujarat Gas CNG Station, Sector 5/C, Gandhinagar – 382006 and regional office at 9<sup>th</sup> Floor, Avdhesh House, Opp. Shri Govind Gurudwara, S.G. Highway, Ahmedabad - 380054 Gujarat (hereinafter called the "Licensee") which expression shall unless excluded by repugnant to the context, include his successors/ administrator assignees on the second part.

Whereas the authority is responsible, inter-alia, for development and maintenance of lands at Km 386.155 to Km 387.055 of NH No.48 (Old NH No.8) ROW.

Whereas the Licensee proposes to lay gas pipe line. referred to as utility services in subsequent paras.

Whereas the Licensee has applied to the Authority for permission to lay utility services from Km 386.155 to Km 387.055 of road/route up to Parallel and from Km 386.155 to Km 387.055 of road/route up to \_\_\_\_\_.

And whereas the Authority has agreed to grant such permission for way leave on the NH RoW as per terms and conditions hereinafter mentioned.

Now this agreement witnesseth that in consideration of the conditions hereinafter contained and on the part of the Licensee to be observed and performed, the Authority hereby grants to the Licensee permission to lay utility services as per the approved drawing attached hereto subject to the following conditions, namely.

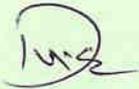

- (1) RoW permissions are only enabling in nature. The purpose of extending the way leave facility on the National Highway RoW is not for enhancing the scope of activity of a utility service provider, either by content or by intent. Further, enforceability of the permission so granted shall be restricted only to the extent of provision/scope of activities defined in the license agreement & for the purpose for which it is granted.

  
**DIGVIJAY MISHRA**  
Chief General Manager (Tech.)/  
Regional Officer  
NHAI, RO-Gujarat 

Contd...2...

- (2) No Licensee shall claim exclusive right on the RoW and any subsequent user will be permitted to use the RoW, either above or below, or by the side of the utilities laid by the first user, subject to technical requirements being fulfilled. Decision of the Authority in relation to fulfillment of technical requirements shall be final and binding on all concerned parties. In case any disruption/damage is caused to any existing user by the subsequent user, the Authority shall not be held accountable or liable in any manner.
- (3) The Licensee shall be responsible for undertaking all activities including, but not limited to site identification, survey, design, engineering, arranging finance, project management, obtaining regulatory approvals & necessary clearances, supply of equipment, material, construction, erection, testing and commissioning, maintenance and operation and all other activities essential or required for efficient functioning of their own utility/industrial infrastructure facilities.
- (4) The Licensee shall pay license fees as per MORTH circular dated 22.11.2016 to the Authority. The License fee shall become payable from the date of handing over of RoW land to the Licensee, for laying of utilities/cables/conduits/pipelines for infrastructure/service provider. As regards Tariff and Terms and conditions for providing common utility ducts along National Highways, there shall be a separate agreement regime.
- (5) Fee shall have to be paid in advance for the period for which permission is granted for entering into a license agreement. In case of renewal, rate prevailing at the time of renewal shall be charged. Delay in deposition of fee shall attract interest @ 15% per annum compounded annually.
- (6) Present policy of the MoRT&H is to provide a 2.00 m wide utility corridor on either side of the extreme edge of RoW. In cases where utility ducts with sufficient space are already available along NH, the utility services shall be laid in such ducts subject to technical requirements being fulfilled.
- (7) The utility services shall be laid at the edge of the RoW. In case of restricted width of RoW, which may be adequate only to accommodate the carriageway, central verge, shoulders, slopes of embankment, drains, other road side furniture etc, the utility services shall be laid beyond the toe line of the embankments and clear of the drain.
- (8) The Licensee shall make his own arrangement for crossing of cross drainage structure, rivers, etc. below the bed. In case, this is not feasible, the utility services may be carried outside the railings/parapets and the bridge superstructure. The fixing and supporting arrangement with all details shall be required to be approved in advance from the concerned Highway Administration. Additional cost on account of fixing and supporting arrangement as assessed by the Authority shall be payable by the Licensee.

  
**DIGVIJAY MISHRA**  
 Chief General Manager (Tech.)/  
 Regional Officer  
 NHAI, RO-Gujarat 

Contd...3...

- (9) In exceptional cases, where RoW is restricted the utility services can be allowed beneath the carriageway of service road, if available, subject to the condition that the utility services be laid in concrete ducts, which will be designed to carry traffic on top. The width of the duct shall not be less than one lane. In such cases, it also needs to ensure that maintenance of the utility services shall not interfere with the safe and smooth flow of traffic. The cost of operation and maintenance will have to be borne by the Licensee.
- (10) It is to be ensured that at no time there is interference with the drainage of the road land and maintenance of the National Highways. Towards this, the top of the utility services shall be at least 0.6 meter below the ground level. However, any structure above ground shall be aesthetically provided for / landscaped with required safety measures as directed by the concerned Authority.
- (11) The utility services shall be permitted to parallel the National Highway either through structure or conduits specially built for that purpose. The casing/ conduit pipe should, as minimum, extend from drain to drain in cuts and toe of slope to toe of slope in the fills and shall be designed in accordance with the provision of IRC and executed following the Specifications of the Ministry.
- (12) Existing drainage structures shall not be allowed to carry the lines across.
- (13) The top of the casing/conduit pipe containing the utility services to parallel the road shall be at least 1.2m below the top of the sub grade or the existing ground level whichever is lower, subject to being at least 0.3m below the drain inverts. A typical sketch showing the clearances is given in Attachment – I.
- (14) The utility services shall parallel the National Highway preferable on a line normal to it or as nearly so as practicable.
- (15) The casing/conduit pipe for crossing the road may be installed under the road embankment either by boring or digging a trench. Installation by boring method shall be preferred.
- (16) In case of trenching, the sides of the trench should be done as nearly vertical as possible. The trench width should be at least 30 cm. but not more than 60 cms wider than the outer diameter of the pipe. Filling of the trench shall conform to the specifications contained here-in-below or as supplied by the Highway Authority.
- a) Bedding shall be to a depth not less than 30 cm. It shall consist of granular material, free of lumps, clods and cobbles, and graded to yield a firm surface without sudden change in the bearing value. Unsuitable soil and rock edges should be excavated and replaced by selected material.
- b) The back fill shall be completed in two stages (i) Side-fill to the level of the top of the pipe (ii) Overfill to the bottom of the road crust.

*M.S.*

**DIGVIJAY MISHRA**  
Chief General Manager (Tech.)/  
Regional Officer  
NHAI, RO-Gujarat

Contd...4...

- c) The side fill shall consist of granular material laid in 15 cm. Layers each consolidated by mechanical tamping and controlled addition of moisture to 95% of the Proctor's Density. Overfill shall be compacted to the same density as the material that had been removed. Consolidation by saturation or ponding will not be permitted.
- d) The road crust shall be built to the same strength as the existing crust on either side of the trench or to thickness and specifications stipulated by the Highway Authority.
- (17) The Licensee shall ensure making good the excavated trench for laying utility services by proper filling and compaction, so as to restore the land in to the same condition as it was before digging the trench, clearing debris/loose earth produced due to execution of trenching at least 50m away from the edge of the right of way.
- (18) All required restoration work subsequent to laying of the cable shall be required to be undertaken by the Licensee at its cost either by itself or through its authorized representative in consultation with the Authority as per predetermined time schedule and quality standards.
- (19) Prior to commencement of any work on the ground, a performance Bank Guarantee as per MORTH circular dated. 22.11.2016 with a validity of one year initially (extendable if required till satisfactory completion of work) shall have to be furnished by the Licensee to the Authority/its designated agency as a security against improper restoration of ground in terms of filling/unsatisfactory compaction damages caused to other underground installations/utility services & interference, interruption, disruption or failure caused thereof to any services etc. In case of the Licensee failing to discharge the obligation of making good of the excavated trench/other restoration work, the Authority shall have a right to make good the damages caused by excavation, at the cost of the Licensee and recover the amount by forfeiture of the Bank Guarantee.
- (20) In case, the Performance Bank Guarantee is invoked as mentioned above, the Licensee shall be required to replenish and reinstate the required Performance Bank Guarantee within one month of such invoking. In case the work contemplated herein is not completed to the satisfaction of the Authority, which has granted the permission, within a period of 11 months from the date of issue of the Bank Guarantee, the Licensee shall either furnish a fresh guarantee or extend the guarantee for a further period of one year. Notwithstanding this, the Licensee shall be liable to pay full compensation to the aggrieved Authority/ its designated agency for any damage sustained by them by reason of the exercise of the RoW facility.
- (21) The Licensee shall shift the utility services within 90 days (or as specified by the respective Authority) from the date of issue of the notice by the concerned Authority to shift/relocate the utility services, in case it is so required for the purpose of improvement/widening of the road/route/ highway or construction of flyover/bridge and restore the road/land to its original condition at his own cost and risk.

  
**DIGVIJAY MISHRA**  
 Chief General Manager (Tech.)/  
 Regional Officer  
 NHAI, RO-Gujarat 

Contd...5...

- (22) The Licensee shall be responsible to ascertain from the respective agency in co-ordination with Authority, regarding the location of the utilities/ underground installations/ facilities etc. The Licensee shall ensure the safety and security of already existing underground installations/ utilities/facilities etc. before commencement of the excavation/using the existing cable ducts. The Licensee shall procure insurance from a reputed insurance company against damages to already existing underground installations/utilities/facilities etc.
- (23) The Licensee shall be solely responsible/ liable for full compensation/ indemnification of concerned agency/aggrieved Authority for any direct, indirect or consequential damage caused to them/claims or replacements sought for, at the cost and risk of the Licensee. The concerned agency in co-ordination with Authority shall also have a right make good such damages/recover the claims by forfeiture of Bank Guarantee.
- (24) If the Licensee fails to comply with any condition to the satisfaction of the Authority, the same shall be executed by the Authority at the cost and risk of the Licensee
- (25) Grant of License is subject to the Licensee satisfying (a) minimum disruption of traffic and (b) no damage to the highways. As far as possible, the Licensee should avoid cutting of the road for parallel highway, and other roads and try to carry out the work by trench less technology. In case any damage is caused to the road pavement in this process, the Licensee will be required to restore the road to the original condition at its cost. If due to unavoidable reasons the road needs to be cut for crossing or laying utility services, the Licensee has to execute the restoration work in a time bound manner at its cost either by itself or through its authorized representative in consultation with the Authority as per predetermined time schedule and quality standards. In case of the Licensee failing to discharge the obligation of making good of the excavated trench/other restoration work, the Authority shall have a right to make good the damages caused by excavation, at the cost of the Licensee and recover the amount by forfeiture of the Bank Guarantee.
- (26) The Licensee shall inform/give a notice to the concerned agency designated by the Authority at least 15 day in advance with route details prior to digging trenches, for fresh or maintenance/repair works. A separate performance Bank Guarantee for maintenance/repair works shall have to be furnished by the Licensee.
- (27) Each day, the extent of digging the trenches should be strictly regulated so that utility services is laid and trenches filled up before the close of the work that day. Filling should be completed to the satisfaction of the concerned agency designated by the Authority.
- (28) The Licensee shall indemnify the concerned agency in co-ordination with Authority, against all damages and claims, if any due to the digging of trenches for laying cables/ducts.

- (29) The permission for laying utility services is granted maximum for 5 years at a time, which can thereafter be considered for renewal. On payment of additional fee at the time of renewal, the permission shall automatically be renewed, unless defaults exist. In case of renewal, rate prevailing at the time of renewal shall be charged. Delay in deposition of fee shall attract interest @ 15% per annum compounded annually.
- (30) The permission shall be valid only for the period it is issued and fee deposited. However, the Authority also has a right to terminate the permission or to extend the period of Agreement.
- (31) That the Licensee shall not undertake any work of shifting, repairs or alterations to the utility services without prior written permission of the concerned agency in co-ordination with the Authority.
- (32) The permission granted shall not in any way be deemed to convey to the Licensee any ownership right or any interest in route road/highway land property other than what is herein expressly granted. No use of NH RoW will be permitted for any purpose other than that specified in the Agreement.
- (33) During the subsistence of this Agreement, the utility services located in highway land/ property shall be deemed to have been constructed and continued only by the consent and permission of the Authority so that the right of the Licensee to the use thereof shall not become absolute and indefeasible by lapse of time.
- (34) The Licensee shall bear the Stamp Duty charged on this Agreement.
- (35) Three copies of 'as laid drawings' of utilities (hard and soft copies) with Geo-tagged photographs and Geo-tagged video recordings of laying of cables in the trench (with respect to the NH) and after complete restoration shall be submitted to the Authority for verification and record within a month of completion of works.
- (36) The Licensee shall allow free access to the Site at all times to the authorized representatives of Authority to inspect the Project Facilities and to investigate any matter within their Authority, and upon reasonable notice, shall provide reasonable assistance necessary to carry out their respective duties and functions.
- (37) The utility services shall not be made operational by the Licensee unless a completion certificate to the effect that the utility services has been laid in accordance with the approved specifications and drawings and the trenches have been filled up to the satisfaction of the concerned agency in co-ordination with the Authority has been obtained. Notwithstanding anything contained herein, this Agreement may be canceled at any time by Authority for breach of any condition of the same and the Licensee shall neither be entitled to any compensation for any loss caused to it by such cancellation nor shall it be absolved from any liability already incurred.

- (38) The Licensee shall ensure adherence to relevant Indian standards and follow best industry practices, methods and standards for the purpose of ensuring the safe, efficient and economic design, construction, commissioning, operation, repair and maintenance of any part of the utility lines/industrial infrastructure facilities and which practices, methods and standards shall be adjusted as necessary, to take account of;
- Operation, repair and maintenance guidelines given by the manufactures,
  - the requirements of Law,
  - the physical conditions at the Site, and
  - The safety of operating personnel and human beings.
- (39) The Licensee shall have to provide safety measures like barricading, danger lighting and other necessary caution boards while executing the work.
- (40) While laying utility services, at least one lane of road shall be kept open to traffic at all times. In case of single lane roads, a diversion shall be constructed. If any traffic diversion works are found necessary during the working period such diversion shall be provided at the cost of Licensee.
- (41) After the termination/expiry of the agreement, the Licensee shall remove the utility services within 90 days and the site shall be brought back to the original condition failing which the Licensee will lose the right to remove the utility services. However before taking up the work of removal of utility services the Licensee shall furnish a Bank Guarantee to the Authority for a period of one year for an amount assessed by the Authority as a security for making good the excavated trench by proper filling and compaction, clearing debris, loose earth produced due to excavation of trenching at least 50m away from the edge of the RoW.
- (42) Any disputes in interpretation of the terms and conditions of this Agreement or their implementation shall be referred to the redress mechanism prevailing in the Ministry and the decision of the redress mechanism shall be final and binding on all.
- (43) For PPP Projects, in case of any financial loss incurred by the respective project concessionaires due to such laying/shifting of utility services by the Licensee, compensation for the same shall be required to be borne by the Licensee in mutual agreement with the respective project concessionaires. MoRT&H/ NHAI/ implementing authorities for the project shall not be liable to the concessionaire in any way in this regard.

**AGREEMENT REGARDING RIGHT OF WAY FOR LAYING NATURAL GAS PIPELINE**

Agreement to lay natural Gas pipeline across to Asphalted Road (Dongri – Amgaon – Uplat – Kochai – Borman Road) at road Ch. 6/000 Km. along the pipeline route in Talasari Taluka of Palghar District.

This agreement made this 15<sup>th</sup> day of Dec. Two Thousand Twenty between the Executive Engineer, Public Works Division, Palghar acting in this executive capacity behalf of Government of Maharashtra (hereinafter referred to as Owner) which expression shall unless exclude by or repugnant to the context, include his successor in office and the agency appointed by him on the First part and Gujarat Gas Limited., Gandhinagar, a company registered under the Companies Act, 1956 and having its registered office at Gujarat Gas CNG Station, Sector-5/C, Gandhinagar- 382 006 & regional office at 9th Floor, Avdhesh House, Opp. Shri Govind Gurudwara, S.G. Highway, Ahmedabad, Gujarat-380054 (hereinafter called the "Licensee") which expression shall unless excluded by or repugnant to the context, include his successors, administrators, assignee's on the other part.

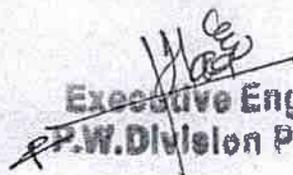

And whereas the Government of Maharashtra (PWD) is responsible, inter-alia for development and maintenance of the above stated roads and its the owner of the land for these Road. Whereas the Licensee has applied to the Govt. of Maharashtra for permission to lay natural Gas pipeline across to Asphalted Road (Dongri – Amgaon – Uplat – Kochai – Borman Road) at road Ch. 6/000 Km (Online application no. EP4306, dated 29.07.2020).

WHEREAS the Licensee has applied to the Executive Engineer (P.W.) Division, Palghar for permission to lay natural Gas pipeline along the stretch stated above.

AND WHEREAS the Executive Engineer (P.W.) Division, Palghar has agreed to grant such permission on the terms and conditions hereinafter mentioned.

Now this agreement witnesses that in consideration of the conditions hereinafter contained and on the part of the Licensee to be observed and performed, the Government of Maharashtra hereby grants the licensee permission to lay natural Gas pipeline as per the approved drawing attached hereto subject to the following conditions, namely.

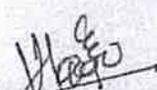

1. Where as the Executive Engineer (P.W.) Division, Palghar has agreed to grant permission vide letter No. PWD/Palghar/Gas Line/2706, Dated: 02.09.2020.
2. The pipeline shall be laid at the edge of the Right of way or at minimum distance of 20.00 m from the center of the road where the road land is wider. In case of restricted width of ROW, which may be adequate only to accommodate the carriage ways, central verge, shoulders,

  
Executive Engineer  
P.W. Division Palghar

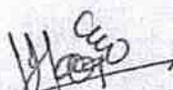

slopes of embankment and drains, the pipeline shall be laid beyond the toe line of the embankments and clear of the drain. In cases where no land strip can be conveniently earmarked for laying of pipeline, the permission may be refused. In exceptional circumstances only the temporary permission is lay pipeline within 20.0 meter from center of the road may be granted as may be approved by Chief Engineer, PWD Thane. The Licensee shall make alternative arrangement at his own cost within the stipulated time limit as specified by Chief Engineer PWD.

3. The Licensee shall take care of other utilities / services observed during the execution of the work. Licensee shall responsible for damage of other utilities / services if any.
4. The top of the casing/conduit pipe containing the Gas pipeline shall be at least 2.0 meter below the surface of the road subject to being at least 0.3 meter below the drain inverts.
5. The Licensee shall ensure making good the excavated trench for laying of Gas pipeline by ground filling and compaction. So as to restore the land in the same condition as it was before digging the trench, clearing debris/loose earth produced due to execution of trenching at least 50 m away from the edge of the right of way.
6. The licensee shall furnish a Bank Guarantee for Rs.11,700/- (Rupees Eleven Thousand Seven Hundred Only) per meter to the owner for a period of one year for ensuring making good the excavated trench for laying of Gas pipeline by proper filling and compaction, clearing debris / loose earth produced due to execution of trenching as specified above. No payment shall be payable to the licensee for clearing debris/loose earth by the Maharashtra state Government. In case the work contemplated herein is not completed to the satisfaction of the owner, within a period of one year. In case of the licensee failing to discharge the obligation of making good of the excavated trench, the owner shall have a right to make good the damages caused by excavation, at the cost of the Licensee and recover the amount by forfeiture of Bank Guarantee. However, in case of S.H. Road land, instead of furnishing the said Bank Guarantee, the payment to the owner or its designated agency before permission is granted.
7. M/s Gujarat Gas Limited has deposited a Kotak Mahindra Bank's Bank Guarantee No. 0810IGP200026235 dated 31.10.2020 of Rs.11,700/-.
8. The licensee shall make his own arrangement for crossing of drainage structure, Rivers... etc. In case, this is not feasible, the Gas pipeline may be carried on the outside of the railing/parapets and supported on brackets fixed to the outside of the bridge superstructure. The fixing and supporting arrangement with all details shall be got approved in advance from the concerned owner, which has granted such permission. Additional cost on account of fixing and supporting arrangement as assessed by the owner shall be payable by the Licensee.
9. The Licensee shall shift the pipeline within 90 days (or as specified by the respective agency/owner) from the date of issue of the notice by the concerned owner to shift/relocate the pipeline, in case it is so required for the purpose of improvement/widening of the road/route/highway or construction of flyover/bridge etc. & restore the road/land to its original condition at his own cost & risk.

  
**Executive Engineer**  
**P.W. Division Palghar**

10. The licensee shall be responsible to ascertain from the respective agency in co-ordination with owner the location of the other cable, underground installation/utilities/facilities etc. The Licensee shall ensure the safety and security of already existing pipeline/cable/underground installation/utilities/ facilities etc. before commencement of the execution.
11. The licensee shall be solely responsible/liable for full compensation/indemnification of concerned agency/aggrieved owners for any direct, indirect or consequential damage caused to them/claims or replacement sought for, at the cost and risk of the Licensee. The concerned agency in co-ordination with GOM shall also have a right to make good such damages/recover the claims by forfeiture of Bank Guarantee.
12. If the Licensee fails to comply with the condition (7) and (8) above to the satisfaction of the owner, the same shall be got executed by the GOM at the cost and risk of the Licensee.
13. The Licensee shall procure insurance cover from reputed insurance company against damages to already existing pipeline, cable, underground installation/utilities/facilities etc. during trenching.
14. As far as possible, Licensee should avoid cutting of the roads and try to carry out the work by drilling a hole beneath the road pavement. In case any damage is caused to the road pavement in the process, the Licensee shall be required to restore the road to the original condition at his cost. If due to unavoidable reasons, the road needs to be cut for crossing or laying a pipeline. The Licensee shall deposit the restoration cost/reinstatement charges as assessed by the owner in co-ordination with the concerned agency.
15. The Licensee shall inform/give a notice to GOM at least 15 days in advance with route details prior to digging trenches, for fresh maintenance repair works. A separate performance bank guarantee for maintenance/repair work shall have to be furnished by the Licensee.
16. Each day, the extent of digging the trenches should be strictly regulated so that pipeline are laid and trenches filled up before the close of the work that day. Filling should be completed to the satisfaction of the owner.
17. The Licensee shall indemnify Chief Engineer/Executive Engineer of state PWD for all damages and claims, if any due to the digging of trenches for laying of the Gas pipeline.
18. This permission shall be co-terminus with the validity of license granted by the Department of Telecommunication. The owner also has a right to terminate the permission and to extend the period of Agreement. In case the Licensee wants shifting, repairs or alteration to pipeline he shall have to furnish a separate Bank Guarantee.
19. The Licensee shall not, without prior permission in writing of the concerned agency in co-ordination with GOM, undertake any work of shifting, repairs or alteration to the said pipeline.
20. The excess capacity can be commercialized by the Licensee with suitable supplementary, agreements with the GOM as may be approved by GOM. However the creation of excess capacity by the Licensee is not a precondition for right of way permission granted herein.

  
**Executive Engineer**  
**P.W. Division Palghar**

21. The permission granted shall not in any way be deemed to convey to the licensee any ownership right or any interest in route/road/highway/express way/land/property other than what is herein expressly granted.
22. During the subsistence of this agreement, the pipeline located in highway land/property shall be deemed to have been constructed land continued only by the consent and permission of the GOM so that the right of the Licensee to the use thereof shall not become obsolete and indefensible to by lapse of time.
23. The Licensee shall bear the stamp duty charged on this agreement.
24. The pipeline shall not be brought into the use by the licensee unless a completion certificate to the effect that the pipeline has been laid in accordance with the approved specifications and drawings and the trenches have been filled up to satisfaction of the owner, has been obtained.
25. Notwithstanding anything contained herein, the license may be canceled at any time by the owner for breach of any condition of the license. Provided however the GOM shall intimate the breach within a period of 60 days. In the event the Licensee fails to rectify the breach the owner shall have a right to cancel the license and the Licensee shall not be entitled to any compensation for any loss, caused to it by such cancellation nor shall it be absolved from any liability already incurred.
26. The Licensee shall have to provide a barricading danger lighting and other necessary caution boards while executing the work.
27. If any traffic diversion work are found necessary during the work period such diversion shall be provided at the cost of Licensee.
28. After the termination or expiry of the agreement, the Licensee shall remove the pipeline within 90 days and the site shall be brought back to the original condition failing which the Licensee will lose the right to remove the pipeline. However, before taking up to the work of removal of pipeline, the Licensee shall furnish a Bank Guarantee to the owner for a period of one year for an amount assessed by owner for making good the excavated trench for laying pipeline by proper filling and compaction, clearing debris/loose earth produced due to excavation of trenching the concerned at the approved dumping grounds by the concerned local Government.
29. The enforce ability of the right of way permission granted herein shall be restricted to the extent or provisions/scope of service contained/defined in the license agreement of the Licensee with Department of Telecommunications and for the purpose for which it is granted. Either by content or by intent, the purpose of extending this Right of Way facility is not to enhance the scope of license of the Licensee with the Department of Telecommunications.

  
Executive Engineer  
R.W. Division Palghar

30. Any dispute in interpretation of the terms and conditions of the Agreement or their implementation shall be referred to the High level committee comprising the designated representative of the Owner, Licensee with the Department of Telecommunications.
31. Out of the total paid up capital of the Licensee, there shall be 5% cashless equity shares of State Government will be subscribed in ratio of share capital, as and when, the Licensee is subscribed.
32. Before commencing the work the exact location shall be first finalized with Executive Engineer, (P.W.) Division, Palghar.
33. The Licensee has paid Rs.46,800/- (Rupees Forty Six Thousand Eight Hundred Only) towards Road restoration charges deposited through RTGS/transfer vide transaction No.109999921478, dated 28.10.2020.
34. At the time of widening of road, the pipeline shall be shifted beyond the boundary by the Licensee at his own cost as per the instruction of Public Works Department. For this purpose the Public Works Department shall give 60 days notice for shifting of pipeline. If Licensee unable to shift pipeline, it shall be removed & shifted beyond the boundary and Licensee shall take fresh permission before laying of new pipeline beyond extruded road boundary.
35. The Licensee company shall give 2MB bandwidth to use independently and face of cost to the State Government Officers, as well to the Officers to Municipal Corporation, Municipal Councils and Zilla Parishad, during the license period.
