DODA CRACKS

their children safe

"We are very much scared to stay here. We cannot even sit inside our home because the entire area has developed cracks. We seek an appropriate place to stay and provide protection to the children," said a local.

Another local said that they have been assured of the appropriate measures to prevent any untoward incident here.

Earlier on Wednesday, a three-storey building collapsed at the Narwal Yard Transport Nagar area of Jammu, however, the officials said that there were no casualties reported as the people were evacuated before the incident took place.

The reported incidents in the districts of Jammu are similar to the atrocities faced by the people in the Josthim town of Uttarakhand's Chamoli, where severe land subsidence has sunk the high place in the state.

Last month, hundreds of residents were shifted to relief centres in safe places after cracks appeared at several homes in Josthim, suggesting subsidence. The reports of the widening of cracks also came to the fore after the town received heavy snowfall in January.

EXIT LETTER

Across batches and programmes saying that structural safety was a major issue for the eradication of Louis Kahn's masterpiece.

D'Souza, who headed the top management institution for five years, will be replaced by Bharat Bhaskar with effect from March 1, 2023. In the interim, Prof Arindam Banerjee as the director-in-charge from February 1 to 28, 2023. HAT has seen a copy of the letter, which was sent to his colleagues and alumni.

The director's tenure was dogged by controversies, especially over his decision to redo the institute's logo and an initial proposal to demolish 14 student dormitories (out of 18) and reuse the land for building new structures for student residences. The move came as a surprise to many.

A decision on the final fate of the iconic buildings is pending before the IIM governing council, a senior official aware of developments said a plan was being prepared to redevelop these structures, replacing the old ones, including the dorms. Alumni have begun protesting the decision using various

social media platforms. "IIM-A's tender in 2020 was worryingly focused on expansion of student rooms, and on facilities rather than ethos, conveying no appreciation of the role of architecture in pedagogy. The former director in his letter has appreciated the design by Kahn hence we recommend IIM-A save precious resources and get a top class civil engineering firm to replicate or restore the world class Louis Kahn design in a structurally safe way. If that is indeed an issue," said Meenakshi Nath, an IIM-A 1987 batch student.

Prem Chandanvaran, a Bengaluru-based architectural practitioner and theorist, said, "The letter uses unnecessarily abstract philosophical arguments as a belated justification of what they had already decided to do earlier. The letter has no doubt that there are structural concerns including corrosion in brick-work, which needs consideration. What is also important is the value in the spirit of the original Louis Kahn campus, which uses a poetry of light and shade to construct a transcendental aura, is sacred."

In November 2022, the IIM-A governing council decided that restoration work at the heritage campus will cease altogether. While the Louis Kahn design with brick facade was to be replicated for a few of the outer dorms, the majority of the residential dorms was slated to be redeveloped based on new designs by commissioning architects.

An IIM-A official said D'Souza's term was over and that his views were personal, not reflecting the opinion of the Institute. Also, D'Souza's tenure on a long leave and is not reachable for comment, he added.

"A decision on the future course of action for the buildings will be taken in March once the full-time director joins and the council meeting is held," he added.

and had run out of manufacturing space, India has made its mark in manufacturing a variety of helicopters; and since the requirements of the three services and the paramilitary are huge, there was a need to set up a larger facility," said Air Marshal Anil Chopra (ret), director-general, Centre for Air Power Studies.

LUH will replace the Army and the Indian Air Force's ageing fleets of Cheetah and Chetak helicopters. HAL expects the Army and IAF to place combined orders for at least 87 light helicopters in the coming years (26 for the army and 61 for IAF).

Currently, the Chetak and Chetak helicopters are a critical lifeline for troops in high-altitude areas, including the Siachen glacier. HAL has licence-procured 65 Cheetah and Chetak helicopters. It no longer builds them but is responsible for their maintenance and repair.

The factory will be augmented to produce other helicopters such as LCH and IMRH. It will also be used to produce Mi-17 and Mi-35 helicopters. The factory will also be used to produce Mi-17 and Mi-35 helicopters. The factory will also be used to produce Mi-17 and Mi-35 helicopters.

According to the police, on Thursday at around 6:30pm, a Shikha along with a girl came out of the college. Aditya and Sayed arrived there on a scooter, stabbed Shikha in the front of the girl and fled from the scene.

Shikha, a resident of Vashi, Naka in Chembur, was rushed to the nearby hospital, where he was declared brought dead.

Meanwhile, the police were informed and teams of Chunnabhatti police reached the spot and checked footages of the CCTV cameras and made inquiries. Unit 6 and 7 of the Mumbai police crime branch had also started a parallel probe in the case and their teams were also trying to trace the accused.

"The two accused had switched off their mobile phones but based on the clues obtained by analyzing their social media activities, crime branch officials zeroed in on their location to Dhauravi and nabbed them from there on Friday," said a crime branch official. Aditya's relatives say in Dhauravi, where he was hiding along with Sayed, the police said.

BOTH SUSPECTS ARRESTED IN CHUNABHATTI MURDER CASE

MUMBAI: Two people who were absconding, were arrested on Friday for allegedly stabbing a 18-year-old college student to death in Sindhi Colony, Chunnabhatti, on Thursday evening.

The initial probe by the Mumbai police crime branch has revealed that the victim was dating a girl, who used to be in a relationship with one of the accused.

The two arrested accused, Aditya Tribhuvan, 19, and Kalpana Sayed, 20. The former is a resident of Deonar, whereas Sayed is from Bhivandri. The victim was identified as Vidushi, a student of Videsha-nand College in Sindhi Colony.
