The Deputy Conservator of Forests, Ballari has inspected the site on 01-12-2017 and furnished the details in Form-C Part-II as under:

1. The requirement of forest land proposed by the User Agency is unavoidable and barest minimum for the project.
2. The proposed Forest area falls under Eco-Class-III (Dense forest).
3. There are no rare / endangered / unique species of flora and fauna found in the proposed area.
4. There are no trees to be felled on the proposed forest land for preliminary exploration.
5. There are no protected / archaeological / heritage sites or defence establishments or important monuments in the area.
6. The proposed forest area does not form part of any Wildlife Sanctuary, National Park, Biosphere Reserve, Tiger Reserve or Elephant Corridor etc.
7. The soil erosion may happen on the slopes; the User Agency is required to take necessary precaution measures to avoid the soil erosion.
8. There is no violation reported under Forest (Conservation) Act 1980.

The project involves exploration and drilling of boreholes works for preliminary exploration for iron ore resources in Ramanamalai Block.

Agreeing with the recommendations of the Deputy Conservator of Forests, Ballari Division, the Chief Conservator of Forests, Ballari Circle, has forwarded the proposal for further action.

As per Para (ii) of the GOI FC Guidelines F.No. 11-96/2009-FC Dated 04.07.2014, the area which is likely to experience temporary change in land use is exempted from the requirement of compensatory afforestation and payment of NPV. Forest land which experience permanent change in the land use due to prospecting activity is considered for the purpose of CA and NPV. As the present proposal involves **0.28548 ha** permanent damage due to prospecting, the **NPV for 0.28548 ha needs to be charged upon the User Agency**. Further, as per para 3.2(viii)(b) of the Forest Clearance guidelines, no Compensatory Afforestation land is insisted in cases involving diversion of forest land upto one hectare. Further, as reported by the Deputy Conservator of Forests felling of trees is not required to implement the present proposal.

While agreeing with the recommendation of the field officers, it is requested to move the proposal with the Government of India for according approval under Section 2 of the Forest (Conservation) Act, 1980, for Preliminary exploration (G-3 stage) of iron ore resource in 66.91 ha forest land in Blocks 13/1 (South) of Ramanamalai Block Ballari District by Geological Survey of India, State Unit: Karnataka & Goa, Bengaluru subject to the conditions listed in Appendix 'A'.
