PART-II

(To be filled by the concerned Deputy Conservator of Forest)

Location of the Project / Scheme

State / Union territory - Maharashtra.

District - Pune

Forest Division. - Pune Forest Division Pune

Area of the Reserved Forest land Proposed for Diversion in Ha.

Item of work/ Proposal	Name of Village	Forest land Required				Legal status
		Gut No	Length x Width	Area		
				Sq. Mt.	Ha	
Construction Of Irrigation	Chavsar Taluka- Maval	212 A	485 Mt. X 1 Mt.	485	0.0485	RESERVED
		212	340 Mt. X 1 Mt.	340	0.034	
Under ground Pipe Line	Dist.- Pune	K				FOREST
	Kadav Taluka- Maval Dist.- Pune	47 / 11	577 mt X 1Mt.	577	0.0577	
		47 / 11	4 mt X 4 Mt.	16	0.0016	
TOTAL FOREST AREA REQUIRED FOR THE PROJECT					0.1418	

V	Legal states of Forest	Legal status of the forest land is 'Reserve forest'
VI	Density of vegetation	Density of forest is 0 to 0.01

VII	Spps.-wise (Scientific) names And diameter class-wise enumeration of trees.	No trees are required to be felled.
	Brief note on vulnerability of forest area to erosion.	The land use to be diverted is not vulnerable to erosion
IX	Approximate Dist.tance of proposed site for diversion from boundary of forest	Approximately 10 Mt from boundary
X	Whether forms part of National Park, Wildlife sanctuary, biosphere reserve, tiger reserve, Elephant corridor, etc.	This Forest land required is not part of National Park, Wildlife sanctuary, biosphere reserve, tiger reserve, or Elephant corridor.
XI	Whether any rare / endangered / unique species of flora & fauna found in the area .If so the Details there of.	There are not found any rare / endangered /unique species of flora & fauna in
XII	Whether any protected archaeological / heritage site/ defence establishment or any other important monument is located in the area. If so the details there of with NOC form competent authority, If required.	There is not located any protected archaeological / heritage site / defence establishment or any other important monument in
XIII	Whether the requirement forest land as proposed by the user agency in col.2 of part-I is unavoidable, and barest minimum for the project. If not, recommended area item-wise with	Yes. There is no alternative, There for required land is unavoidable. For laying underground pipe line the any other alternatives are technically not feasible. Hence it is barest minimum.

	alternatives examined.	
9	Whether any work in violation of the Act has been carried out (Yes/no) If yes. Details of the same including period of work done, action taken on erring officials. Whether work in violation is still in progress.	Yes. The laying of underground 6" pipeline work was done. The project Authority has submitted proposal for the same in 2007 to Dy. C, F. Pune, which was recommended & forwarded to The Nodal Officer Nagpur by The Chief Conservator (T) Pune [C.C. F. (T) Pune] in October 2007. But no further record found. For violation Offence has booked by R.O.Lonawala on 23.3.2015 & now pipeline is not working.
	Details of compensatory afforestation scheme:	Not Applicable
(i)	Detail of non-forest area/ degraded forest area identified for compensatory afforestation, its Dist.tance from adjoining forest, number of the patches, and size of each patch.	Not Applicable,
(ii)	Map showing non-forest / degraded forest area identified for compulsory afforestation and adjoining forest boundaries.	Not applicable
(iii)	Detailed compensatory Afforestatio scheme including species to be planted, implementing agency ,time schedule, cost structure,etc.	Not Applicable,
(iv)	Total financial outlay for	

	scheme.	
V	Certificate from competent authority regarding suitability of area identified for compensatory afforestation and from management point of view (to be signed by concerned Deputy conservator of forests)	Not Applicable,
11	Site inspection report of DCF (to be enclosed) especially highlighting fact asked in col.7(xi,xii), 8,9 above.	Attached on page no 35—38
12	Division/District Profile	
i)	Geographical area of District	Geographic area of the Pune Dist.trict is 15643.Sq. Km.
ii)	Forest area of the District	Forest area of the Pune Dist.trict 2028.99 Sq. Km.
iii)	Total forest area diverted since 1980 with number of case	624.66 Ha. In 70 cases.
iv)	Total compensatory afforestation stipulated in District /division since 1980	
	a) Forest land including penal compensatory afforestation	74.89 Ha.
	b)non- forest land	404.87 Ha
V)	Progress of compensatory afforestation as on	
	a) Forest land	74.89 Ha.
	b) Non-Forest Land	404.87 Ha.
VII	Date of site Inspection	26 th Aug. 20015

13) Specific recommendation of DCF for acceptance or Otherwise of proposal with reasons.

The proposal is recommended for acceptance. The farm is working on Health & Organic farming. The farm is located in backward rural area. The site of project is situated in "Western Ghats". Most of cultivable farming land of villages goes under submerge of Pavana dam.

The farm land is coming in Catchment of Pavana Dam. Hence project will be very useful for soil & water conservation. Now a day 'Organic' farming is most important factor for human health. The project is educative to nearby villages. Working of the farm is helpful to ecological balance & environment friendly. As the applicant's farm land required water for his organic farming .Hence project Authority had proposed lift irrigation pipeline scheme from 'PAVANA DAM'.

For lifting water from back water of 'PAVANA', the Project Authority has taken 'PANI PARAVANA' from Irrigation Dept. Pune in 2006. This Forest land was enaam forest under BHOR Sansthan. The proposed lift irrigation project passes through forest land situated in the alignments of pipeline. Hence for proposed pipeline the project Authority has submitted proposal under F. C. Act, 1980 to Forest Dept in year 2007. The Chief Conservator of Forest (T) Pune has forwarded it to The Nodal officer/ The Chief Conservator of forest Nagpur with recommendation in Oct 2007. As long time period lapse the new fresh proposal is being submitted. In 2011-12 but it is also not forwarded due to incomplete proposal. Now again Project Authority is submitting fresh proposal as per new guideline under F. C. Act 1980.

The lift irrigation scheme will be useful for Organic Farming farm but also useful for supply of drinking water to two Wadi of village Kadav.

As the above condition, even the project authority had made violation. Offence was booked on 28.3.2007 & on 23.3.2015 by Round Forest Officer Lonawal. The Project Authority is agreeing to give free water to forestry work & wildlife as per our requirement.

As the above case, and by considering local topography of the area, the proposal of laying of underground pipeline for water supply is recommended.

(Satyajit Gujar)
DY. CONSERVATOR OF FOREST,
PUNE
