(Email:- forestsecy-hp@nic.in)

विषय: Diversion of 0.74 hectare of forest land in favour of M/s Bhagwati Hydro Project, C/o Mohan Singh Negi, Village Mumail, P.O. Karsog, Tehsil Karsog, Distt. Mandi, H.P. for the construction of Small Hydrel Project Kandha, 0.40 MW, within the jurisdiction of Karsog Forest Division, District Mandi, Himachal Pradesh. (Online Proposal No. FP/HP/HYD/148892/2021).

संदर्भ: Online Proposal No. FP/HP/HYD/148892/2021 received on 30.01.2023.

महोदय,

उपरोक्त विषय पर संदर्भित पत्र का आशय ग्रहण करते हुए सूचित करना है कि प्रस्ताव में निम्नलिखित कमियां पाई गयी है। अतः राज्य सरकार निम्न बिन्दुओं पर आवश्यक सूचनाएं प्रेषित करने का कष्ट करें, ताकि अग्रिम कार्यवाही सुनिश्चित की जा सके:-

1. The components marked in the KML file and components mentioned in Para-B.2.4 Part-I are not identical. Therefore, all the proposed components of project are required to be marked properly with legends and should be identical to components mentioned in KML file, Layout Plan and Para-B.2.4, Part-I.
2. Layout Plan is found to be uploaded in blurred form. Therefore, legible copy of Layout Plan is required to be uploaded.
3. Non-forest land is not included in the proposal. However, KML file of diversion area reveals that some part of the project is passing over the non-forest land. Therefore, same may be reviewed and clarification in this regard may be submitted as well.
4. All the alternative sites explored are required to be marked in the KML file.
5. Legible copy of Geo-referenced map is required to be uploaded.
6. Letter of Intent is of the year 2012 and is expired. Therefore, fresh Letter of Intent may be provided.
7. NoC of PWD submitted with the proposal has been issued to some other project, i.e. "Anubhalan". Therefore NoC from PWD for the extant project may be submitted.
8. Khasra number wise detail of proposed components mentioning dimension and area is required to be submitted.
9. Muck dumping site is proposed in the forest land. Therefore, possibilities to select suitable non-forest/private land for muck dumping may be explored.
10. Reclamation Pan for reclamation of dumping site duly authenticated by concerned DFO may be provided.

11. As per Transmission Line detail, 15m width of RoW is proposed for 22 KV Transmission Line. However, in FCA Guidelines, 15m width is prescribed for 33 KV Line. Therefore, proposed width of RoW for transmission may be justified.
12. Some part of Transmission Line is proposed underground and some is overhead. Therefore, same may be clarified.
13. Since the proposed project is located in hilly terrain, therefore, State Government may provide mitigation measures to be adopted to mitigate the erosion in the proposed site. Additionally, Soil and Moisture Conservation Plan along with detail cost of its implementation including an Undertaking to deposit the funds in CAMPA account as per MoEF&CC order dated 07.06.2022 may be submitted, if required.
14. The Status of CA land whether it is a notified forest (RF/PF) under IFA, 1927 'or' a Wasteland notified as Protected Forests under HP Government notification of 1952 and is in the ownership and possession of HP Forest Department or not, may be provided with supporting documents.
15. State Government may provide following documents in compliance to MoEF&CC direction dated 13.05.2022 related to Hydro Projects of H.P :
- A detailed list of approved/existing/proposed projects in the river basin area/landscape showing Evacuation/Transmission Plan along with their impacts on the ecology of the area.
 - The KML file and geo-referenced map showing boundaries of nearest PA and its ESZ and the distance of these HEPs from nearest PAs/ESZ.
 - Approved capacity of the river/rivulet.
 - Progressive detail/status of area treated and funds utilized under comprehensive CAT plan for Beas River Basin.

यदि चाही गई सूचना पत्र जारी होने की तिथि के 60 दिनों के भीतर (अधिकतम 90 दिन) इस कार्यालय में प्राप्त नहीं हुई तो प्रस्ताव को निरस्त किया जा सकता है।

भवदीय,

हो/-

(सत्य प्रकाश नेगी)
क्षेत्रीय अधिकारी
