- i. The Sub-committee in its report has mentioned that any additional mining lease in the area shall impact the movement of elephants not only in the Sundergarh district but also in adjoining states of Jharkhand and Chhattisgarh. Further, considering the present situation of mining in the area and rise in human elephant conflict the committee is of the opinion that the possibility of mitigating the impact is not foreseen. Mitigation measures have been suggested to reduce the impact of ongoing mining activities. Further, it has been mentioned that if these mitigation measures are implemented, in future, the government may consider for additional mining lease after due evaluation. The State Govt. shall give justification for the instant proposal in view of above.
- ii. State Government shall submit a point wise reply/comments/justification on the mitigation measures suggested and issues raised in the report of the sub-committee as above.
- iii. The State Govt. shall compile the detail of all the functional/non-functional and other mines under various stages of approval and their possible impact on the larger landscape.
- iv. The State Government has submitted that to address the issue of

interstate movement of elephants in the larger landscape comprising of Odisha, Jharkhand, Chhattisgarh and South Western part of West Bengal; MoEF&CC (Project Elephant Division) may assign reputed organization/ institution to prepare Comprehensive Elephant Management Plan for the said region. Keeping this in view the Ministry shall seek the comments of the Project Elephant Division on the instant proposal.

In view of the above, the State Government is requested to submit the information/documents, as indicated above, to this Ministry for further consideration of the proposal.

Yours faithfully,
Sd/-
