

F. No. 8-102/2013-FC
Government of India
Ministry of Environment, Forest and Climate Change
(Forest Conservation Division)

To

The Principle secretary (Forest)
Government of Arunachal Pradesh,
Itanagar

Sub: Diversion of 52.8 ha of forest land (Surface forests land = 47.1 ha Riverbed = 2.3 ha & underground area = 2.8 ha) for construction of Tato-I H.E. project (186 MW) in West Sian district of Arunachal Pradesh by M/s Siyota Hydro Power Pvt. Ltd.

Sir,

I am directed to refer to State Government's Letter no. For. 313/Cons/2010/94 dated 20.01.2014 vide which CA was stipulated over 99.56 ha of degraded (USF). It was analysed through DSS by FAC. It was learnt that out of total area, 17 ha falls under very dense category, 33 ha in moderately dense and 49 ha open forest. FAC inter alia recommended that

"Additional CA land in lieu of very dense forest falling within the proposed CA area shall be identified and accordingly, state government shall submit revised CA scheme along with GPS reference in shape file"

In the project proposal land suitability certificate for CA has been given. On the analysis of area through DSS it is observed that wrong Certificate has been furnished. In this regard, I am directed to request you to initiate proceedings against the responsible officer for providing false information to MoEF&CC.

Yours faithfully,

(Sandeep Sharma) 14.10.16

Assistant inspector General of Forest (FC)
