MONITORING PROFORMA

**MONITORING OF THE ACTION ON STIPULATED CONDITIONS IN CASE
OF PROPOSAL APPROVED BY THE GOVERNMENT OF INDIA UNDER
SECTION-2 OF THE FOREST (CONSERVATION) ACT, 1980.**

MONITORING REPORT BY: YATBON DCF(C) ON: 03/02/2014

Part-I (General particulars)

1. Name/purpose of the proposal : **Diversion of 3.57 ha of forest land for establishment of 20 MW power plant (HFO based) at Bairabi, Kolasib Forest Division, Kolasib District in Mizoram**
2. No. & Date of Govt of India's letter according Permission : **No. 8-2-7/2000/RONE-MZ/655-57 Dated: 14/ 07/2003**
3. Area permitted to be diverted(in hectares) : **3.57 ha**
4. District and Forest Division : **Kolasib District of Mizoram**
5. Area actually diverted (in hectares) : **3.57**

Date:

Part-II
(Details of Compensatory Afforestation)

1. Location of the area : **Durtlang**
Extent : **4.32 ha**
District : **Aizawl**
Division : **Aizawl FD**
Khasra No. Survey No : **----**
2. Whether afforestation is made on forest or non-forest area : **Non-forest area**
3. If on non-forest land, whether land has been declared as protected/ reserved forest (enclose copy of the Notification) : **Declared as Reserved Forest (Notification enclosed)**
4. If no, the steps taken to declare as protected forest :
5. Whether the afforestation cost was paid by the user agency : **Yes**
6. If yes, the amount paid : **No information provided by State Govt**

7. Whether the amount was deposited in separate fund and was utilized in account addition to the normal funds for forestry operation(given details) : No information provided by State Govt
8. Details of plantation raised
- (a) Species planted : No information provided by State Govt.
- Area in ha. : 4.32 ha
- Year : No information provided by State Govt.
- Expenditure : No information provided by State Govt.
- (b) If compensatory plantation not made, the reasons for the lapse :
- (c) Condition of plantation : The area is vegetated with natural trees but there are little signs of plantation.

Percentage of survival }
 Average height : }
 Average girth : } Since no information was provided w.r.t. plantation i.e. the spp. planted, year of plantation etc, no assessment could be made.

9. Remarks: It should be mentioned that the plantations are identified as specifically related to the project : There is no signboard on the plantation, but according to the details mentioned in the approval and the RF notification, it can safely be concluded that the area is specific to this project.

Part III

(Planting of dwarf trees in cases of transmission line)

Not Applicable

1. No. of trees planted :
 2. Species :
 3. Year of planting :
 4. Expenditure paid by : Rs.

5. Present condition of plantation :

Percentage of survival
 Average height
 Average girth

Part-IV

(Reclamation of the area worked under mining/quarrying)

Not applicable

1. Mining/quarrying work completed: Area in ha:
Year :
2. Reclamation work done : Items of work :
Area in ha :
Year :
Expenditure :
3. Present condition of the area worked/reclaimed :

PART-V

(Conditions stipulated by the Government of India other than mentioned above)

SL.NO	STIPULATION	ACTION TAKEN
i	Legal status of the forest land shall remain unchanged.	Complied with
ii	The compensatory afforestation shall be carried out over equivalent of the area diverted on non-forest at the project cost.	Complied with
iii	The non-forest land transferred to Forest Department, to be declared as protected forests.	Complied with
iv	The forest land should not be used for any purpose other than that specified in the proposal.	The diverted site could not be visited for lack of time
v	Land so diverted shall revert back to forest department after the above use is not required, duly restoring it as forest at the cost of the user agency.	Land already put to use for the purpose diverted
vi	The user agency should ensure that all necessary fire prevention/protection measures are taken to avoid any accidental forest fires both within & immediate forest area of the plant.	The diverted site could not be visited for lack of time
vii	The user agency should take sufficient care and ensure that wildlife, ecology and forest environment is not disturbed in the adjoining areas by the activities of the user agency.	The diverted site could not be visited for lack of time
viii	Any other condition that the Forest Department may enforce from time to time for the interest of implementation of FCA.	-----

PART-VI

(Conditions informed by the State Government in addition to the Government of India's conditions and other steps taken to preserve forest, wildlife and prevent soil erosion, etc.)

Date of inspection : 03.02.2014

Date of submission of Report: 05.03.2014

PART-VII

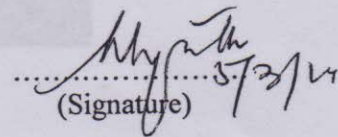

1. Whether any committee has been formed for monitoring of the action on the conditions stipulated : No
2. If no, give reasons. If yes, give details of the committee :
3. Report of the Monitoring Committee, if any : N/A

PART-VIII

1. Abstract report of inspection of forest officers, if any : It cannot be ascertained if any forest officer has made any inspection on the site. Till date, the Plantation Journal has not been submitted to the inspection Officer.
2. Remarks of the C.C.F. in regard to progress of the action on the stipulated conditions :
3. Effect of the project on forest and wildlife : The site of diversion could not be visited due to shortage of time.

General Remarks: Though the state government might have carried out the plantation, the following are lacking:

- 1) No records of the plantation like plantation journals etc were provided at the time of inspection and till date no information has been provided.
- 2) Though the area is an isolated forest land surrounded by non-forest land, boundary pillar said to have been erected do not have any markings (like FD, bearings etc). Moreover, as per map in Notification, the area of this CA is adjoining another Forest Plantation. Local staff are were not in a position to ascertain.
- 3) In the absence of documents, the plantation area could not be ascertained as to what species planted, spacing adopted, year of plantation etc to determine its success.
- 4) The area is slopy and well vegetated with natural trees.

BOUNDARY DESCRIPTION OF COMPENSATORY AFFORESTATION AT DURTLANG.

(23)

- Name of Lease** : Environment and Forest Department.
- Purpose of Land** : Compensatory Afforestation for Bairabi Thermal Project at Durtlang.
- Location of Site** : It is located at the western lower portion of Mel 6 tlang which falls within the Jurisdiction of Durtlang V/C
- Starting Point** : Survey Mark No. was placed at the North western corner of its site. So the point is used on starting point.
- B.P.NO. 1-2** : From the starting point (which B.P.NO. 1) boundary line runs in the direction of 80° upto where the B.P.NO. 2 was fixed. Distance is 120m (S)
- B.P.NO. 2-3** : From B.P.NO. 2 the line goes in the direction of 187° upto where B.P.NO. 3 was placed. Distance is 380m (S)
- B.P.NO. 3-4** : From B.P.NO. 3 the boundary line runs in the direction of 260° and at the distance of 120m (S) B.P.NO. 4 is fixed.
- B.P.NO. 4-1** : From B.P.NO. 4 the line runs in the direction of 7° upto where it met B.P.NO. 1 which is starting point. Distance 120m (S)

DIMENSION

LINE	S.D	F.B
1-2	120	80°
2-3	380	187°
3-4	120	260°
4-1	380	7°

So the whole area is 43200 Sqm = 32.28 Bighas = 4.32 Hectares.

The site is sliced out from the Land Bank of Land Revenue and Settlement Mizoram, Mizawl.
