ANNEXURE - B

New Delhi, dated the 21<sup>st</sup> March, 2006.

Subject: Points for seeking clarification on Forest land acquisition under CBA (A & D) Act, 1957.

**Sir,**

I am directed to refer to CCL letter No. REV/ 05/ 510 dated 25<sup>th</sup> April, 2005 wherein clarifications on some of the issues on Forest and range under CBA (A&D) Act, 1937 were sought. The matter has been examined in the Ministry in consultation with Ministry of Environment and Forests and the clarifications furnished by the Ministry of Environment and Forests is forwarded herewith.

Yours faithfully

Encls: As stated.

Ministry of Environment and Forests  
(FC Section)

Note of Ministry of Coal at Page 1-2/NS may be referred.

In the note the opinion of Ministry of Environment and Forests has been sought on various issues. The point-wise opinion is given below :

- (a) Whether permission of Central Government is required for use of forest land acquired under CBA Act : If the land acquired under CBA Act involves forest land, provisions of Forest (Conservation) Act, 1980 will be applicable. However, if such land has been acquired and broken before 25.10.1980, the date of enactment of FC Act, 1980, approval under FC Act will not be required. For the land acquired and/or broken after 25.10.1980, FC Act will be applicable. However, at the time of renewal of such leases, whether acquired before or after 25.10.1980, permission under FC Act will be required for continuation of mining.
- (b) Payment of elements of compensation beyond provisions of CBA Act : While granting approval under Forest (Conservation) Act, 1980 for diversion of forest land, various stipulations are made for mitigating the adverse effects of mining, like raising of Compensatory Afforestation (CA), safety zone etc. The user agency is required to pay the cost of such measures imposed on the forest land diverted for non-forestry purpose under the Forest (Conservation) Act, 1980, like cost of CA, NPV, and Safety zone etc, or cost of any other condition imposed by the Central Government.
- (c) GMK land recorded as "Jungle Hari" and given Baiyati status : The Forest (Conservation) Act, 1980 is applicable to all types of forest land. The Supreme Court in its order dated 12.12.1996 has further clarified that the word "forest" must be understood according to its dictionary meaning. The description covers all statutorily recognized forests, whether designated as reserved, protected or otherwise for the purpose of Section-2 (i) of the Forest (Conservation) Act, 1980. The term "Forest Land" occurring in Section-2 will not only include "Forest" as understood in the dictionary sense, but also any area recorded as forest in the Government record, irrespective of the ownership. The provisions enacted in the Forest (Conservation) Act, 1980 for the conservation of the forests and the matters connected therewith apply clearly to all forests so understood irrespective of the ownership or classification thereof. In view of the above, the provisions of FC Act will be applicable to land recorded as Jungle Hari also.
- (d) Penal action against Company's officials : If the forest land has been utilized in violation of any of the provisions of the Act, without the approval of the Central Government, the penal action lies against the guilty officials.

Government of India,  
New Delhi.

F.No. 430152B/2017-LAIR(Vol.II)  
Government of India  
Ministry of Coal

Lok Nayak Bhawan, New Delhi-110 005  
Dated the 1<sup>st</sup> December, 2018

To

The Chairman-cum-Managing Director,  
Western Coalfields Ltd.,  
Coal Estate, Civil Lines,  
Nagpur-490001.

Subject: Acquisition of forest land under Coal Bearing Areas (Acquisition & Development) Act, 1957 and applicability of provisions of MMDR Act, 1957 along with MC Rules, 1960 over the land/ rights acquired under Coal Bearing Areas (Acquisition & Development) Act, 1957.

Sir,

I am directed to refer to WCL's letter No. WCL/MP/L&D/MP/750 dated 9.10.2018 and WCL's letter No. WCL/MP/L&D/MP/491 dated 16.01.2018 on the above mentioned subject. The requisite clarification of Ministry of Coal in the matter is as under:-

By virtue of the provisions of section 10 and 11 of the Coal Bearing Areas (Acquisition and Development) Act, 1957, the land or the rights in or over the land acquired under the Act vest absolutely with the Central Government or the nominee, that is, a Government Company. The land gets vested in the Central Government on the publication of notification under Section 9 and thereafter in the Govt. Company on the publication of declaration under Section 11(1) of the ibid Act. Accordingly, since the land acquired under the Act vests absolutely in the Government Company, there is no necessity for execution of Mining Lease with the State Government. The issue of requirement of Mining Lease in case of lands acquired under CBA Act has been settled by Hon'ble Supreme Court in Bharat Coking Coal Ltd Vs. State of Bihar (1989) (Supra) SCC 394, wherein the Court observed that "once the acquisition is made under the Coal Bearing Areas (Acquisition and Development) Act, 1957, requisite declaration was issued by the Central Government, it was not open to the State Government to grant Lease as the land vests in the Central Government". The said findings of the Hon'ble Supreme Court has also been followed by the Division bench of High Court of MP in Western Coalfields Limited and Ors vs State of MP and Anr (AIR 2007 MP 75).

2. Since the subject land was acquired under the CBA(A&D) Act, 1957 and vests absolutely in the Government Company, neither the execution of mining lease with the State Government is required as per statute nor there is any necessity as it was not open to State Government to grant lease and therefore provisions of MMDR Act, 1957

As per

along with the Mineral Concessions Rules, 1960 does not apply over the land rights acquired under CBA(A&D) Act, 1957. Therefore the land in respect of Tawa II UG, Satpura-II UG, Shobhapur UG mine of Patalkheda area and similar acquisition of WCL required under Section 9(1) of CBA (A&D) Act, 1957, the provisions of MMDR Act, 1957 and MC Rules, 1960 does not apply.

Yours faithfully,

### TIME SCHEDULING FOR ABANDONMENT

The closure of mines evolves environmental, technical, social aspect and financial assurance for implementing the post closure activities as per guideline of ministry of coal. The post closure implementing activities will run for three years. Mine closure in terms of sealing of mine openings, shifting of machineries will be carried out after one year. The table given below indicates major activities along with time frame is suggestive only. However actual time frame will be finalized at appropriate time well before actual closure of mine.

# MCP/Tawa UG/ Pathakhera Area

CMPDI

S.No.	Main Activities	Time Frame	HALF YEARS					
			1	2	3	4	5	6
1	Preparation of Survey and Disposal Report	1 month						
2	Disposal of (P&M), including CMP, W/S and other materials of Indian origin	2 and half years						
3	Cleaning of Coal Stock and Infrastructural Area	1 year						
4	Rehabilitation of mine entry	2 years						
5	Sealing of mine entries	2 years						
6	Environmental Monitoring	Half year						
7	Subsidence Management	2 years						
8	Any project specific activities							

**NOTE:** - The progressive mine closure will be done as per the provisions made out in the project report and as per the situation/requirement that may arise in course of execution of the Project Report. The subsidence management of UG mine will be taken up whenever the cracks develop on the ground area subsides.

## Chapter - 6

## MINE CLOSURE COST

- 6.1 The mine closure cost will cover the following activities for which a corpus fund will be created by opening an escrow fund with the coal controller organization in nationalised bank. In case of mines having acid mine drainage, post closure acid mine drainage management cost shall also be included in the total closure cost. An amount @ Rs 1.00 lakhs per Ha of the project area will be deposited in this account for final mine closure. Progressive mine closure will be done with the fund provided in approved report.
- 6.2 The above rate has been taken from Circular No. 55011-01-2009-CPAM Government of India, Ministry of Coal, Dated 27 August 2009 duly updated on 25 April 2012
- 6.3 Type of Mine : Under Ground mine Life of mine (1.04.2012) 14 years  
Capacity of mine: 0.8 MTPA  
Total project area of the mine as per EMP : 642.00 Ha  
The financial provision for closure of Tawa Under ground mine comes to around Rs. 1142.80 lakhs (based on July 2012 WPI (Provisional)) at the @ Rs 1 lakh/ Ha.
- 6.4 Mine closure cost break-up for Tawa Under ground mine is hereunder:-

Sl. No	Activity	% of Total Mine Closure Cost	Amount (Rs Lakhs)
A	Dismantling of structures		
	Service Building		
	Residential Building	3.50%	40.00
	Industrial Structures like CHP, Workshop, Field Substation, Cap lamp room, Haulage, Fan Installation etc.	37.58%	429.46
		6.33%	72.34

B.	Permanent sealing of mine entries (Incline mouth and air shaft.)		
	Sealing of incline mouths and air shafts.	2.32%	26.51
C.	Subsidence Management.	1.75%	20.00
D.	Landscaping		
	Landscaping of the clear land for improving its aesthetic.	5.80%	66.28
E.	Plantation		
	Plantation over the cleared area obtained after dismantling and on other Barren Spaces.	10.00%	114.28
F.	Monitoring / Testing of parameters for three years.		
	Air Quality		
	Water Quality	3.83%	43.77
G.	Entrepreneurship development (Vocational / Skill Development) Training for sustainable income of affected people.	3.34%	38.17
		4.65%	53.14
H.	Miscellaneous and other mitigative measures.		
	Plan cover cost for supervision	11.60%	132.56
	TOTAL	9.30%	106.28
		100%	1142.80

Note: The above cost expenditure will be met from the corpus fund deposited in the escrow account by the mine operator. However, the additional amount beyond the fund in the escrow account will be provided by the mine operator after estimating the final mine closure cost (as per the mine closure guideline).

### 6.5 Details of escrow fund

The total project area is 642.00 Ha. So the corpus based on August, 2009 rate is 642.00 Lakh @ Rs 1.0 Lakh /Ha of project Area. The wholesale price Index in August, 2009 is 129.6 and the latest WPI (Provisional), for the month of July 2012 available in the website of Office of Economic Adviser, Ministry of Commerce, Government of India is 164.8. So the current value of corpus is Rs. 642.00 \* 164.8/129.6 Lakhs, which comes to Rs. 816.37 lakhs. This corpus is to be divided by the life of mine i.e. 14 years. So dividing by 14 years, the annual corpus comes to Rs 58.31 lakhs. This amount is to be deposited in escrow fund every year with 5% escalation.

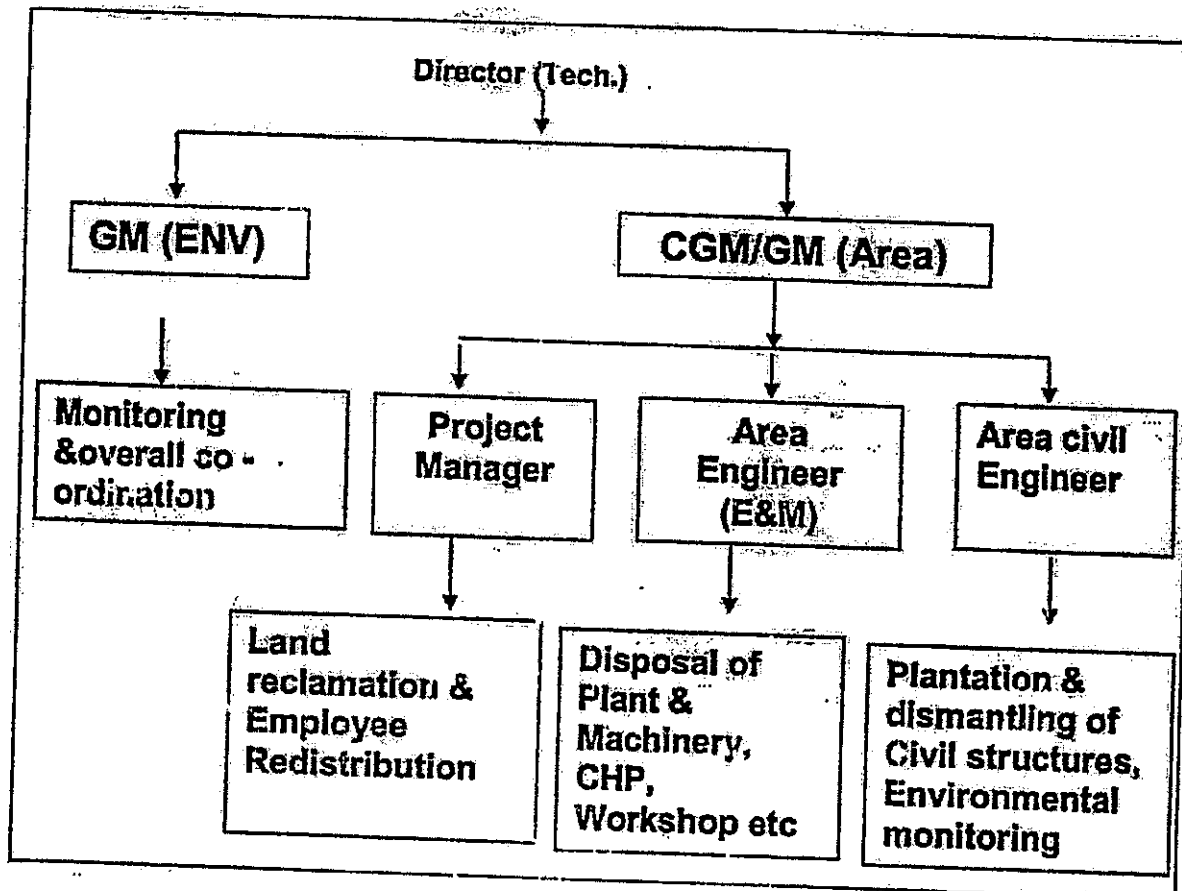

S.NO.	FINANCIAL YEAR	AMOUNTS IN LAKHS
1	2012-13	58.31
2	2013-14	61.23
3	2014-15	64.29
4	2015-16	67.50
5	2016-17	70.88
6	2017-18	74.42

### IMPLEMENTATION PROTOCOL

For implementing the mine closure activities, the following organizational structure has been proposed:

Environmental monitoring for three years after closure of mine will be carried out to evaluate the environmental quality of the area. If need be, proper mitigative measures will be taken up after evaluating the environmental quality. The funds for this have been provided in the cost estimate. Before closure of the mine, Area GM will prepare survey and disposal report and the same will be submitted to DGMS for acceptance.

LODI ROAD, NEW DELHI-110001

Dated 4th Feb. 1994.

Subj: Engineering and Appraisal of Town Underground Project of WGL.

Reference is invited to Ministry of Coal letter No. 13011/15/M9-CPA dated 3rd March, 1993 regarding the above subject. The revised EMP and other related documents, have been examined by the Ministry and the proposal is approved from environmental angle subject to effective implementation of following environmental safeguards:-

- (i) The mining activities should be limited to 13.110 Ha. in forest area, as per the provisions under Forest (Conservation) Act, 1980.
- (ii) The air quality within the leasehold area should be monitored for conforming to the standards prescribed by the competent authority. The control measures suggested in the EMP should be strictly implemented.
- (iii) The quality of effluent discharged into the nallah/main water course should be maintained below the standards as provided under GSI 122 (E) dated 14.5.93. Adequate treatment facilities as detailed in EMP and supplementary information should be installed before mining commences.
- (iv) The CUP, conveyors and Fan house etc should be designed to minimise noise level and fugitive emissions. The control measures including development of green belt should be implemented.
- (v) No change in method and scope of working should be made without prior approval of the Ministry.

Doc 12

... 21

- (vi) The project authorities should carry out hydrological and hydrogeological study of the whole area which should include the seepage and leakage aspects of Tawa reservoir. The Report should be submitted within 1 year of issue of the clearance.
- (vii) Mitigative measures envisaged in the S.F.R.I. Jabalpur Report should be implemented to control adverse impacts of biotic pressure.
- (viii) The afforestation and green belt development around the mine should lay special emphasis on mixed culture rather than mono-culture.
- (ix) The subsidence management and control measures as envisaged in the EMP, should be ensured.
- (x) A separate Environmental Management Cell should be created to carry out the functions related to EMP.
- (xi) As per the EMP, Annual revenue cost provision of Rs. 23.37 lac (December 1992) has been made for EMP measures. This should not be diverted for other purposes and year-wise expenditure should be submitted to the Ministry. A quarterly report on the progress report of implementation status should be sent to this Ministry.
- (xii) The Ministry may stipulate additional conditions if necessitated either by change in scope of the project or on the basis of feedback on the implementation of EMP. The Ministry may revoke the clearance if implementation of stipulated conditions is not satisfactory.

The above conditions will be enforced inter-alia under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981 and the Environment (Protection) Act, 1986.

Sub: Diversion of 107.816 (Forest block No. RF-340, RF-341, RF-342 and RF-343) ha of forest land in favour of Western Coalfield Ltd, for Tawa underground coal mining project under Forest Division and District Betul, Madhya Pradesh (Online proposal No. FP/MP/MIN/20921/2016) regd.

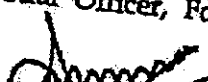

Sir,

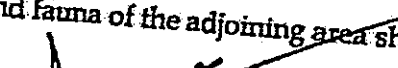

I am directed to refer to APCCF (Land Management) and Nodal Officer (FCA), Department of Forest, Govt. of Madhya Pradesh letter No. F-1/FP/MP/MIN/20921/2016/10-11/90 dated 09.01.2018, seeking prior approval of Central Government under Section-2 of the Forest (Conservation) Act, 1980, and to say that the said proposal has been examined by the Forest Advisory Committee (FAC) constituted by the Central Government under Section-3 of the aforesaid Act.

2. After careful consideration of the proposal of the State Government of Madhya Pradesh and on the basis of the recommendations of the Forest Advisory Committee, the Central Government hereby agrees to accord "In-principle" approval under the Forest (Conservation) Act, 1980 for the diversion of 107.816 (Forest block No. RF-340, RF-341, RF-342 and RF-343) ha of forest land in favour of Western Coalfield Ltd, for Tawa underground coal mining project under Forest Division and District Betul, Madhya Pradesh, subject to the following conditions:-

- (i) Legal status of the diverted forest land shall remain unchanged;
- (ii) The user agency shall pay the NPV and Penal NPV for entire area (50% NPV for underground mining + 50% Penal NPV = 100% NPV) as per the Ministry's guidelines dated 29.01.2018;
- (iii) Appropriate action may be initiated by the State Government against the concerned officers responsible for violation;
- (iv) The User Agency shall be deposited, the Net Present Value (NPV) of the forest land being diverted under this proposal, as per the orders of the Hon'ble Supreme Court of India dated 28.03.2008, 24.04.2008 and 09.05.2008 in Writ Petition (Civil) No. 202/1995 and the guidelines issued by this Ministry vide its letter No. 5-3/2007-FC dated 05.02.2009. The requisite funds shall be deposited in the account of Ad-hoc CAMPA of the concerned State through online e-portal only;

- (v) The User Agency shall pay the additional amount of NPV, if so determined, as per the final decision of the Hon'ble Supreme Court of India;
- (vi) WCL should submit the compliance report of 'in-principle' approval granted by this Ministry's letter No. 8-102/2004-FC dated 30.01.2012, in favour of WCL for diversion of another parcel of 90.00 ha of forest land, and deposit the compensatory levies of Rs.25,54,62,766/- with interest rate of 12% per annum;
- (vii) The user agency should ensure that the compensatory levies (CA cost, NPV etc.) are deposited through challan generated online on web portal and deposited in appropriate bank online only. Amount deposited through other mode will not be accepted as compliance of the Stage -I clearance;
- (viii) Period of diversion of the said forest land under this approval shall be for a period co-terminus with the period of the mining lease proposed to be granted under the Mines and Minerals (Development and Regulation) Act, 1957, and the Rules framed there-under, subject to a maximum period of 30 years. The State Government will submit the lease agreement document specified in the lease agreement;
- (ix) Area on surface of the mining lease shall be fenced and afforested;
- (x) The State Government and user agency shall monitor the mining induced subsidence and take appropriate mitigative measures to ensure that it remains within the permissible limit;
- (xi) The User agency and the State Government shall implement the Wildlife Conservation Plan for area located within 10 kilo meter distance from the forest land proposed to be diverted from the funds to be provided by the user agency;
- (xii) The user agency shall implement the following activities under the supervision of the State Forest Department at the project cost;
- (a) Mitigative measures to minimize soil erosion and choking of stream shall be initiated to be implemented within a period of three years with effect from the date of issue of Stage-II clearance in accordance with the approved Plan in consultation with the State Forest Department;
  - (b) Planting of adequate drought hardy plant species and sowing of seeds, in the appropriate area within the mining lease to arrest soil erosion in accordance with the approved scheme;
  - (c) Construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour in accordance with the approved scheme;
  - (d) Stabilize the overburden dumps by appropriate grading/benching, in accordance with the approved scheme, so as to ensure that angles of repose at any given place is less than 28°; and
  - (e) No damage shall be caused to the top-soil and the user agency will follow the top soil management plan;
- (xiii) The User Agency shall undertake mining in a phased manner after taking due care for reclamation of the mined over area. The concurrent reclamation plan as per the approved mining plan shall be executed by the User Agency from the very first year, and an annual report on implementation thereof shall be submitted to the Nodal Officer, Forest (Conservation) Act, 1980, in the
- 

- concerned State Government and the concerned Regional Office of the Ministry. If it is found from the annual report that the activities indicated in the concurrent reclamation plan are not being executed by the User Agency, the Nodal Officer or the Addl. Pr. Chief Conservator of Forests (Central) may direct that the mining activities shall remain suspended till such time, such reclamation activities are satisfactorily executed;
- (xiv) The user agency shall implement the R&R Plan as per the R&R Policy of State Government in consonance with National R&R Policy, Government of India before the commencement of the project work. The said R&R Plan will be monitored by the State Government/Regional Office of MoEF&CC along with indicators for monitoring and expected observable milestones;
- (xv) The user agency in consultation with the State Government shall create and maintain alternate habitat/home for the avifauna, whose nesting trees are to be cleared in this project. Birds' nests artificially made out of eco-friendly material shall be used in the area, including forest area and human settlements, adjoining the forest area being diverted for the project;
- (xvi) The boundary of the diverted forest land, mining lease and safety zone, as applicable, shall be demarcated on ground at the project cost, by erecting four feet high reinforced cement concrete pillars, each inscribed with its serial number, distance from pillar to pillar and GPS co-ordinates;
- (xvii) The ground area over the mine shall not be allowed to be used for construction of residential buildings or labour camps;
- (xviii) The State Government shall ensure that green cover on the ground over the underground part of mine shall be maintained as forest and supplemented by plantations in gaps at the cost of user agency;
- (xix) The User Agency shall obtain the Environment Clearance as per the provisions of the Environmental (Protection) Act, 1986, if required;
- (xx) Any tree felling shall be done only when it is unavoidable and that too under strict supervision of the State Forest Department;
- (xxi) The layout plan of the proposal shall not be changed without the prior approval of the Central Government;
- (xxii) No construction of Buildings/labour camps/huts shall be allowed on the forest land;
- (xxiii) The User Agency shall provide fuels preferably alternate fuels to the labourers and the staff working at the site so as to avoid any damage and pressure on the nearby forest areas;
- (xxiv) The State Government and the User agency shall ensure de-silting of the village tanks and other water bodies located within five km from the mine lease boundary so as to mitigate the impact of siltation of such tanks/water bodies, whenever required preferably within five years from the date of approval of Stage-II Clearance;
- (xxv) The forest land shall not be used for any purpose other than that specified in the proposal;
- (xxvi) The forest land proposed to be diverted shall under no circumstances be transferred to any other agency, department or person without prior approval of the Central Government;
- (xxvii) No damage to the flora and fauna of the adjoining area shall be caused;
- 

(xxviii) The User Agency shall submit the annual self-compliance report in respect of the above stated conditions to the State Government, concerned Regional Office and to this Ministry by the end of March every year;

(xxix) Any other condition that the concerned Regional Office of this Ministry may stipulate, from time to time, in the interest of conservation, protection and development of forests & wildlife; and

(xxx) The user agency shall comply all the provisions of the all Acts, Rules, Regulations, Guidelines, Hon'ble Court Order (s) and National Green Tribunal Order(s) pertaining to this project, if any, for the time being in force, as applicable to the project;

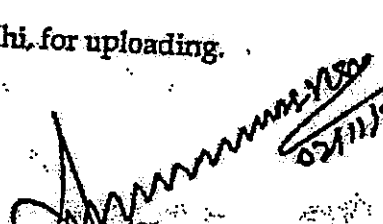

3. After receipt of the report on compliance to the conditions stipulated in the paragraph 2 above, from the State Government of Madhya Pradesh, final/stage-II approval for diversion of the proposed forest land under Section-2 of the Forest (Conservation) Act, 1980 will be issued by this Ministry. Transfer of the said forest land to the user agency shall not be effected by the State Government of Madhya Pradesh till final/stage-II approval for its diversion is issued by this Ministry.

Yours faithfully,
