Dear Sir,

Please find enclosed herewith a proposal along with Route Maps and Annexures in Four Copies for grant of No Objection Certificate for laying of Pipelines in Protected Forest land Laying of 125mm Dia. Steel Gas pipeline as mentioned above.

Details of pipeline laying Along & Across NH-51 (Old SH-25) (Rajkot-Bhavnagar) which have been declared as Protected Forest are furnished below.

The pipeline will be laid by excavation of a narrow strip of trench of 37.5 cm width and by horizontal directional drilling (HDD) for pushing the casing pipe wherever required. The same strips of the trench will be reinstated to its original condition and the land area in question will not be required to be handed over to the Gujarat Gas Limited for its exclusive use. The Applicant will not have any right other than that of the user. It is also intimated that no structure will be erected on the pipeline route.

The pipeline route proposed is most economical and it is badly necessary to lay across as stated herein above. It is not possible now any other alternative route except to use the proposed route of pipeline. Chief Officer, Bhavnagar Municipal Corporation, Bhavnagar for laying 125mm Dia. PE Gas Pipeline in Bhavnagar District have been requested to allow to lay pipeline as stated herein above and permission is likely to be received shortly.

It is not possible to get land for laying the pipeline other than the road being used by the Forest Department.

Considering the above you are requested to grant the permission for the above works at the earliest and oblige.
