

NO. | RK | 11993

Dated: 09-01-2026

**Himachal Pradesh Forest Department**  
**Suket Forest Division, Sundernagar**

**From:** D.C.F. Suket.      **To:** Nodal Officer cum PCCF (FCA)  
O/o Pr.CCF (HoFF) HP

**Subject :** Diversion of 41.815 ha.(now 33.3292 ha.) of forest land in favour of HPPWD for the construction of Slapper to Tatapani road (Km 8/500 to 61/600) with in the jurisdiction of Suket and Karsog Forest Division, Distt. Mandi Himachal Pradesh.

Memo

Kindly refer to Govt. of India, Regional Office EDS dated 01/01/2026 in the case of diversion of 41.815 ha.(now 33.3292 ha.) of forest land in favour of HPPWD for the construction of Slapper to Tatapani road.

2. In this context, point-wise reply of observations is as under:-

Sr. No.	EDS/Observations	Reply of Observations
1.	In reference to observation S. No.-B (iii), the amount deposited in favour of Compensatory Afforestation (CA) in the Karsog Forest Division does not match the amount indicated in the demand draft. State Govt. is requested to verify the same and deposit the deficit amount in the CAMPA fund, if any along with the respective CA scheme of the Karsog Forest division.	An amount of Rs. 1,22,71,550/- (Rupees One Crore Twenty-Two Lakh Seventy-One Thousand Five Hundred Fifty only), including SMCP cost at the CA site, has been deposited under CAMPA funds pertaining to Karsog Division. The said amount includes CA cost of Rs. 1,02,71,550/- and SMCP cost of Rs. 20,00,000/- which matches with the amount in the demand letter
2.	In reference to observation S.No.-B (iv), no reply has been submitted by the State Govt. State Govt. need to clarify whether the proposed CA sites (Suket and Karsog Forest Division) has been mutated in favour of the HPFD or not. If yes, then details of the same with statement clearly mentioning documentary evidence may be provided. If No, process of mutation may be carried out and submit the details when it complete.	As per the revenue records, i.e. Jamabandis of the sites selected for Compensatory Afforestation, the CA sites are situated in Demarcated Protected Forests and are under the ownership of the Himachal Pradesh Forest Department. Moreover, the certificates of the undersigned as well as the Divisional Forest Officer, Karsog, have been duly uploaded.
3.	The reclamation plan against which the amount has been deposited has not been uploaded. State Govt. is requested to upload the same.	The reclamation plan, against which the amount has already been deposited, has been attached and has also been uploaded on the PARIVESH Portal..

This is for favor of kind information & further necessary action at your end please.

Deputy Conservator of Forest  
Suket Forest Division,  
Sundernagar.

Endst.No./ 11994-11996

Dated./ 09-01-2026

1. CF Mandi for information please.

P.T.O.

2. Copy is forwarded to Executive Engineer, Sundernagar Division, **HP PWD Sundernagar w.r.t.** his office memo No. PW-SNR-CB-WA-FCA/2023 11702 dated 08.01.2026 for kind information please.

3.. Copy is forwarded to RFO Kangoo for kind information & further n/action. He may ensured that use of forest land may not be allowed till final approval by Competent Authority.

— SD —

Deputy Conservator of Forest,  
Suket Forest Division,  
Sundernagar.

To

The Divisional Forest Officer,  
 Suket Forest Division, Sundernagar,  
 Distt. Mandi H.P.

**Sub: Diversion of 41.815 Ha (Now 33.3292 Ha) of forest land in favour of HPPWD for the construction of Slapper to Tattapani road (Km 8/500 to 61/600) within the jurisdiction of Suket and Karsog Forest Division, Distt. Mandi Himachal Pradesh.**

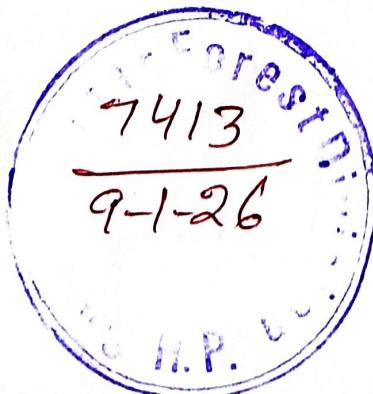

**Ref: Online Proposal No. FP/HP/Road/37858/2018.**

**Sir,**

In response to the EDS raised by the forest authority through online on 09.10.2024 on the subject cited above the point wise compliance/reply to queries are as under:-

Sr. No.	Observation	Compliance
1.	In reference to observation S. No.-B (iii), the amount deposited in favour of Compensatory Afforestation (CA) in the Karsog Forest Division does not match the amount indicated in the demand draft. State Govt. is requested to verify the same and deposit the deficit amount in the CAMPA fund, if any along with the respective CA scheme of the Karsog Forest division.	As per verification from online Portal and Demand Letter the amount of CA site pertaining to Karsog Forest Division, amounting to Rs. 1,22,71,550/- including SMCP cost at CA site (CA Cost= 10271550 & SMCP Cost= 2000000/-) has been deposited in CAMPA account which is matching with the demand letter.
2.	In reference to observation S.No.-B (iv), no reply has been submitted by the State Govt. State Govt. need to clarify whether the proposed CA sites (Suket and Karsog Forest Division) has been mutated in favour of the HPFD or not. If yes, then details of the same with statement clearly mentioning documentary evidence may be provided. If No, process of mutation may be carried out and submit the details when it complete.	As per the Jamabandi submitted the proposed CA site is DPF and is in the ownership of HP Forest Department. Moreover Certificate of DFO concerned is attached and uploaded herewith.
3.	The reclamation plan against which the amount has been deposited has not been uploaded. State Govt. is requested to upload the same.	The reclamation plan against which the amount has been deposited has been attached and uploaded in PARIVESH Portal.

## Certificate

It is certified that the land selected for the Compensatory Afforestation in lieu of diversion of 41.815 ha. (now 33.3292 ha.) of forest land in favour of HPPWD for the construction of Slapper to Tatapani road (Km 8/500 to 61/600) under the jurisdiction of Suket and Karsog Forest Division, exists in Demarcated Protected Forests (DPF). It is further certified that said area are duly recorded in revenue record as Jungle MehfoojaMahdooda and are in the ownership of the Forest Department. The relevant Jamabandhis are attached for your ready reference. The detail of CA Land is as below:-

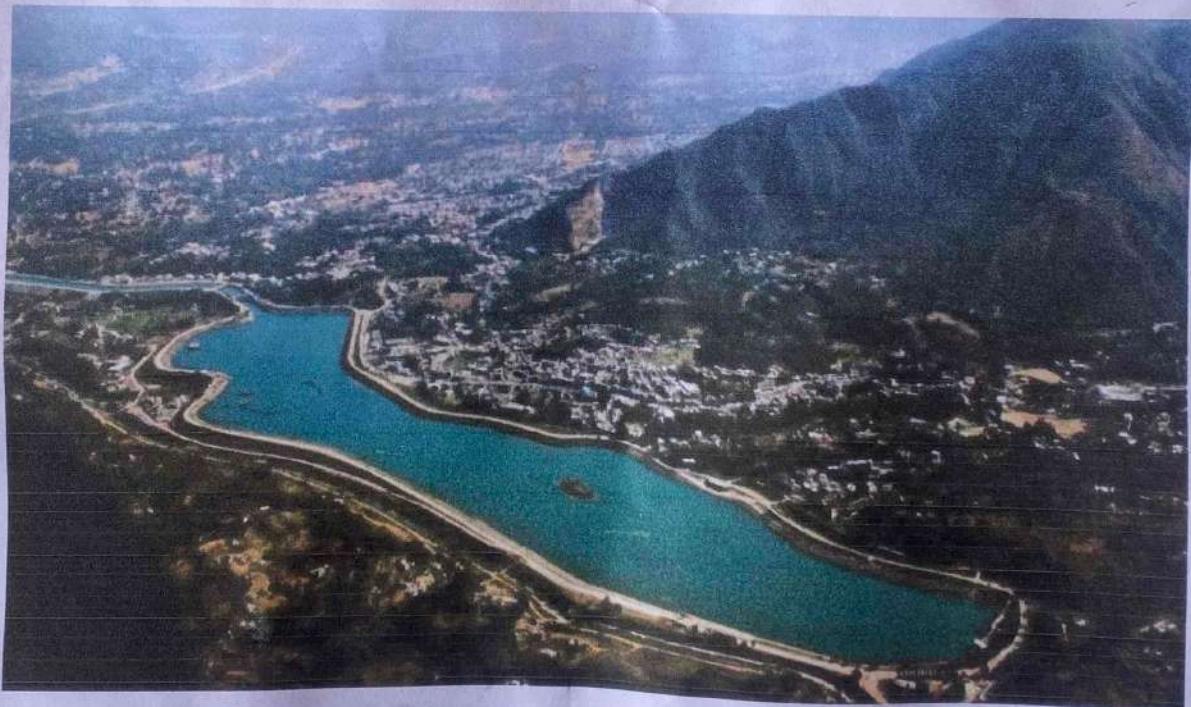

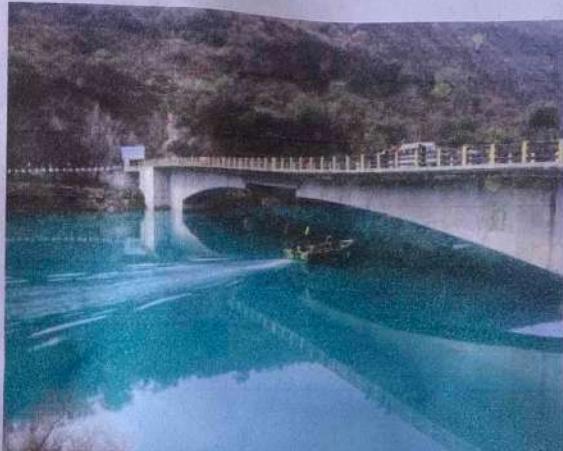

Sr. No.	Name of Division	Name of Range Range	Name of CA Area	Extent of area	Status of Land	Remark
1.	Karsog	Seri	Naganal	5 ha	DPF	
2.	Karsog	Seri	Dhurmu	10 ha	DPF

**Reclamation Plan with Monitoring Plan for 39 proposed Muck Dumping Site (3.2 Ha.) in respect of FCA proposal for the Construction of Slapper to Tattapani road (Km 8/500 to 61/600), within the jurisdiction of Suket & Karsog Forest Division, Distt. Mandi H.P.**

Diversion of **33.3292 Ha.** of forest land has been proposed for the Construction of Slapper to Tattapani road (Km 8/500 to 61/600), within the jurisdiction of Suket & Karsog Forest Division, Distt. Mandi H.P.

The total length of the road is 53.100 Kms, and the length i.e. 42.429 Km passes through the forest land and 10.671 Kms through non-forest land. The road will be constructed in cut and fill method. A total quantity of muck 702630 cum of muck will be generated during the construction of this road. Since after excavation of earth there will be some increase in volume of soil which is calculated at 40%. The serviceable material will be stacked at site in the form of stone/aggregate i.e. 281052 m<sup>3</sup> and will be used in dry masonry & edge wall, nearly 20% of muck will have to be disposed off in the identified dumping sites as per reclamation plan.

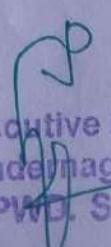

Thus all the muck generated will be dumped in the designated dumping sites. 39 numbers dumping sites designated as DS-1, DS-2, DS-3, DS-4 and so on up to DS-39 have been indentified for dumping of muck/debris to be produced during the construction phase of the project. It is proposed that the dumping sites are treated in such a manner that these do not pose any problem to the local environment. This reclamation plan has been formulated with the following objectives:-

1. To arrest the dumped muck in situ so that it does not find its way to the nearby drainage channels, thus altering the drainage pattern of the area.
2. To rehabilitate the dumped area over a period of time so that it merges with the adjoining natural landscape and does not stand out as a sore point.
3. To improve the aesthetic view of the dumping grounds/dumping site by planting suitable plants and trees species thereby increasing the vegetable cover in the area.
4. To stabilize the dumping site by vegetative and engineering structure.

### **Implementation**

The proposal will be implemented by the user agency itself at its own cost as detailed in this plan. The implementation of the plan will be supervised by the forest department from time to time and the progress will be periodically monitored. In case of default the sanction of diverted land may be revoked with suitable penalty as decided by the Govt. of India.

HPPWD, Sundernagar

## Strategy

The two pronged approach will be followed for reclamation of the dumping sites. In the first instance crate walls will be created around the dumping site so that required capacity for dumping of muck is created at the sites. The detailed drawings of the Crate works to be undertaken are enclosed. The primary objective of the crate works will be to arrest the dumping muck to the dumping site and not to allow its spillage to the adjoining areas eventually to nearby drainage lines. The capacity of the dumping sites has been calculated i.e. 395620 cum as detailed in the Muck Management Plan and will be enough to hold the muck to be dumped in each of the sites.

In the second phase once the dumping is complete it will be ensured that the dumping site is planted with the grasses, bushes shrubs so that it gives an aesthetic look. This vegetal cover will also help in binding the soil and will prevent its erosion. For vegetating the dumping sites suitable local species will be preferred. However, It may be noted that bulk of the muck to be dumped will be excavated material which will be lacking in essential nutrients and organic matter and hence it will be desirable to increase the nutrients status of the top soil to be conducive to tree vegetal growth. For this purpose maturing of the top soil be done if required, the imported soil be brought to replenish the top soil. Intently the grasses and bushes will be planted in the area to improve soil condition. Once these grasses and bushes take hold to the site, the tall suitable plants species will be planted in the next phase. The minimum height of plant will be 5 feet and collar dia of plant will be 1.5 to 2 cm. The tall tree species to be planted will be mainly Bail, Taur, Aambla, Robinia, Shisham & Daroo etc. Grasses like Steria and Napier will also be propagated. Trees will be planted at the closer spacing so that canopy is closed at the earliest. Hence, the spacing will be kept at 3 X 3 mtrs. The total area involved in the dumping site is 32000 Sqm. Shrubs and bushes will be planted in between these trees. The dumping site will be fenced with rock bared wire fencing to prevent the entry of the stray cattle thereby ensuring the protection of the plant from grazing and otherwise. Also, due to inert nature of the soil, plant will need extra care for their establishment for the purpose imported soil/organic manner will be added in each pit for easy establishment of plants. Watering of the plant in dry session will be provided to prevent mortality. The plantation will be further maintained in project cost for ten years when beating up of failure, will be done.

The cost estimate of dumping site is enclosed as Annexure R and the cost of trees will be met from the yearly programme of plantation during rainy season. The plantation work will be started from the year following the completion of dumping site. However, creation of the crate walls around the dumping sites will be done prior to actual dumping.

Divisional Forest Officer  
Suket Forest Division  
Sundarnagar

Executive Engineer,  
Sundarnagar Division  
HPPWD, Sundarnagar

**Engineering Cost = 1800000.00 (A)**

**Plantation Cost = 1045300.00 (B)**

**Cost of the Reclamation Plan (A+B) = 2845300/- (C)**

**(Twenty Eight Lacs Forty Five Thousand Seven Hundred and Seventy Three only).**

**Add 1% of Total Cost of Reclamation Plan for Survey Work, Evaluation & Monitoring = 28453.00 (D)**

**Total Cost of reclamation Plan & Monitoring (C+D) = 2873753/-**

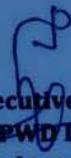

**(Twenty Eight Lacs Seventy Four Thousand Two Hundred and Eleven only)**

**Note:-** The Engineering Work will be executed by the User Agency (i.e. HPPWD Sundernagar) in CA site and Plantation cost with monitoring cost i.e. **Rs. 1055753/-** will be deposited in CAMPA Account.

**Post Reclamation Arrangement:**

Since the area in question is required by the user agency only for the temporary use of dumping, hence the area will be reverted back to the forest department after implementing the reclamation plan, if so stipulated by Govt. of India. However, if at the time of so reverting back the forest department if any activity as per this reclamation plan is found wanting then the forest department may realize the cost of that activity from the user agency at the prevailing wage rates applicable in forest department and may get the same done departmentally at the project cost.

### 5. Technical details

Technical details of Compensatory Afforestation Scheme are as follows :

- a) General Details : The Plantation will be done through pit method as per plantation norms.
- b) Spacement : 3x3 mtrs. Between pits & pits of size 60x60x60 cm.
- c) Species based on locality/site factors, local demand of people and site specific
- d) Plantation Method : Pit Planting method
- e) Protection : (Fencing, Watch man, People's Participation etc.)-B-wire fencing using concrete same posts.
- f) Proposed Monitoring , Mechanism : by higher authority , Monitoring & Evaluation and Divisional Level.
- g) Any other information. : Nil.
