**Subject: Issuance of Working Permission (WP) for North Urimari Railway Siding (11.11 Ha)**

Ref :- 1. F.No 11-306/2014-FC (pt.) Dated 28/08/2015

2. No 11-158/217-FC Dated 27/09/2017

Dear Sir,

In reference to the above this is to bring your kind attention to the fact that Stage-I FC of North Urimari Railway siding (11.11 Ha) was issued by IRO, MoEF&CC, Ranchi vide letter no. FP/JH/Others/34881/2018/1260 dated 11.07.2023 (Copy of Stage-I FC attached as **Annexure-A**). Please find attached herewith the Stage-I FC compliance report of North Urimari railway siding along with all the requisite undertakings and payment details (attached as **Annexure-B**).

As per the MoEF&CC guideline dated 27/09/2017 it has been explicitly stated that In-principle approval under Forest Conservation Act 1980 may be deemed as the working permission for commencement of work if the required funds viz. NPV, CA etc. and all such compensatory levies specified are realised (copy of MoEF&CC guideline dated 28/08/2015 attached as **Annexure-C**) In this regard, a consolidated payment of Rs 10,06,62,870.00 has already been paid in CAMPA fund (Levies format attached as **Annexure III**).

In view of the above, as the formal approval under Section -2 of Forest Conservation Act, 1980 in respect of North Urimari railway Siding will take considerable time, it is kindly requested to DFO, Ramgarh and DFO, Hazaribagh (W) to issue a Working Permission in 2.84 Ha (Ramgarh) and 8.27 Ha (Hazaribagh) respectively so that despatch of coal through sidings may be done in order to meet the energy needs of the nation and to minimize road transportation of coal through trucks.

All necessary efforts will be taken to obtain Stage-II FC of North Urimari Railway Siding (11.11 Ha) at the earliest.

Yours sincerely

Project Officer

**Sub:** Guidelines for diversion of forest land for non-forest purpose under the Forest (Conservation) Act, 1980- Simplified procedure for grant of permission for felling of trees standing on forest land to be diverted for execution of linear projects: *reg.*

Sir,

I am directed to refer to guidelines on the afore-mentioned subject issued by this Ministry vide letters of even number dated 7<sup>th</sup> May 2015, wherein this Ministry communicated a simplified procedure for grant of permission for tree cutting and commencement of work of linear project in forest land, and to say that after further examination of these guidelines it has been observed that having obtained the permission for tree felling and execution of work on forest land, urgency/ need to obtain stage-II approval under the Forest (Conservation) Act, 1980 (FC Act) reduces. It has also been apprehended in some quarters that in many such cases State Governments may not seek and obtain stage-II approval under the FC Act, and consequently many of conditions, other than those relating to payment of compensatory levies and transfer and mutation in favour of State Forest Department of land for compensatory afforestation, may remain unfulfilled.

2. Accordingly, in supersession of this Ministry's said letter/guidelines of even number dated 7<sup>th</sup> May, 2015, I am directed to say as below:

- (i) With a view to facilitate speedy execution of projects involving linear diversion of forest land such as laying of new roads, widening of existing highways, transmission lines, water supply lines, optic fiber cabling, railway lines *etc.*, in-principle approval under the Forest (Conservation) Act, 1980 (FC Act) issued by the Central Government may be deemed as the working permission for tree cutting and commencement of work, if the required funds for compensatory afforestation, net present value (NPV), wildlife conservation plan, plantation of dwarf species of medicinal plants, and all such other compensatory levies specified in the in-principle approval are realised from the user

- agency and where necessary, for compensatory afforestation, transfer and mutation of non-forest/revenue forest land in favour of State Forest Department is affected;
- (ii) After the afore-mentioned compensatory levies specified in the in-principle approval are realised from the user agency and where necessary, for compensatory afforestation, transfer and mutation of non-forest/revenue forest land in favour of State Forest Department is affected, the State Government or a Senior Officer not below the Rank of a Divisional Forest Officer, having jurisdiction over the forest land proposed to be diverted, duly authorized in this behalf by the State Government, shall pass an order for tree cutting and commencement of work of a linear project in forest land for a period of one year. The central Government may extend the permission for one more year subject to submission of reasonable progress report from the State Government as regards to the steps taken to comply with the remaining conditions stipulated in the in-principle approval.
- (iii) No non-forest activity in the forest area that is covered under Section 2 of the FC Act would be permitted and carried on in any manner whatsoever unless an order specified in para (ii) above has been passed by the competent authority of that State Government and is placed in the public domain by putting it on its website and all other requirements in accordance with law are complied with;
- (iv) For the purpose of Section 2A of the FC Act and Section 16 (e) of the National Green Tribunal Act, 2010 (NGT Act) the Order for tree cutting and commencement of work of linear project in forest land, specified in para (ii) above, shall be an order under Section 2 of the FC Act;
- (v) An appeal as per provisions of section 2 A of FC Act and/or Section 16 (e) of the NGT Act can be filed against any such order specified in para (ii) above for tree cutting and commencement of work of linear project in forest land;

Subject : Guidelines for diversion of forest land for non-forest purpose under the Forest (Conservation) Act 1980 – Simplified procedure for grant of permission for felling of trees standing on forest land to be diverted for execution of linear Projects - regarding

Sir,

Kindly refer to the guidelines dated 8<sup>th</sup> August 2014 and 15<sup>th</sup> January 2015 on the above mentioned subject. It has been brought to the notice by the Government of Bihar that one of the conditions imposed by the Regional Office while granting in-principle approval under Section 2(ii) of Forest Conservation Act for linear projects that "Transfer of forest land to user agency should not be effected by the State Government till formal order approving diversion of forest land is issued by the Central Government."

2. In this regard it is clarified that as per the above referred guidelines read together the in-principle approval under FC Act may be deemed as the working permission for tree cutting and commencement of work if the required funds for Compensatory Afforestation, NPV, Wildlife Conservation Plan and all such compensatory levies specified in the in-principle approval are realized from the user agency and the transfer and mutation of non-forest land/ revenue forest land in favour of State Forest Department has been given effect to.

3. Such working permission and order for felling of tree will be issued by the Divisional Forest Officer, if authorised by the State Government by an order, once the conditions stipulated in Stage – I FC are complied by user agency and required compensatory levies specified in the in-principle approval are realised from the user agency and the transfer and mutation of non-forest land/ revenue forest land in favour of State Forest Department is effected.

Kindly follow these guidelines while granting in-principle approval under Section 2(ii) of FC Act 1980 to linear projects.

Yours faithfully,

(Nisheet Saxena)
