In this regard, the undersigned has issued CA Suitability Certificate vide letter dated: 10.07.2023 and mentioned as "the said land parcel has spars scrub jungle and abundance of grasses. Because of lack of top soil and undulating landscape, it is partially suitable for afforestation (i.e 400 seedlings per hectare)". Therefore, Out 3.028 ha, 40% of the area (i.e.1.2112 ha) in Sy.No. 1/1 of Tumati Village, Sandur Taluk, Ballari District and Remaining 60% of the area considered as per first proviso in Rule-13(1) of the VSESA, 1980 i.e. 1.8168 ha X 2 times (twice in extent) = 3.6336 ha in Sy.No. 9(part), 13B(part) & 18(part) of Tonasigeri, Tonasigere Reserve Forest in Sandur Taluk, Ballari District. Thus, total CA charges to be recovered for 4.8448 ha (1.2112 ha + 3.6336 ha).

Further, it is brought to your notice that, Para No. 1.22(i) of Chapter-1 of the Consolidated Guidelines and Clarification issued under Van (Saarakshan Evam Samvardhan) Adhiniyam, 1980, states that,

- "(i) 2% of total project cost towards the cost of implementation of the Wildlife Management Plan and/or 0.5% of the project cost towards the cost of implementation of Soil and Moisture Conservation Plan, as the case may be shall be charged from the user agency and deposited into the account of CAMPA and the same may be intimated to the MoEF&CC for the purpose of obtaining approval under the Van (Sanrakshan Evan Sanvardhan) Adhiniyam, 1980".
- "(ii) In respect of linear projects, the stipulated norms of 2% and 0.5% towards the cost of Wildlife Management Plan and Soil and Moisture Conservation Plan, as provided in the Ministry's guidelines dated 08.06.2022, will be proportionate to the extent of forest land involved instead of total project cost or actual cost of implementation of such Plans, whichever is more, should be charged from the user agency;"

It is mentioned in Form-A of this [vide Proposal No. FP/KA/MIN/153210/2022] proposal, total area involved is 4.072 Ha, out of this 3.028 Ha of Forest land and 1.044 Ha is non-Forest land. As per second proviso of Para No. 1.22(i) of Chapter-1 of the Consolidated Guidelines and Clarification issued under Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980, the stipulated norms of 2% and 0.5% towards the cost of Wildlife Management Plan and Soil and Moisture Conservation Plan should be charged from the User Agency to the extent of forest land involved.

## CA LAND SUITABILITY CERTIFICATE UNDER FCA 1980

[Cases where the proposed non-forest CA land cannot support the prescribed planting density of 1000 plants per hectare and it is necessary to plant the balance number of plants in degraded forest land (-40° canopy density) as per Working Plan prescription in accordance with Government of India FC Guidelines F.No.11-423/2011-FC dated: 08.11.2017].

In compliance of the procedure established for diversion of forestland for non-forest purpose through the Forest Conservation Rules 2003 and guidelines framed under the Forest Conservation Act 1980, the following is certified.

- The non-forest land parcel shown in the table below proposed by M/s Marwa Mining Company for raising of compensatory afforestation (CA) in respect of diversion for Forest land for mining lease No.2482 vide Online proposal No. FP/KA/MIN/153210/2022 over an extent of 3.028 ha in Ballari Division has been inspected by me on 01st July, 2023.
- 2) The said non-forest CA land parcels is partially suitable for raising compensatory afforestation in accordance with the Government of India FC Guidelines F. No. 11-423/2011-FC Dt. 08-11-2017 read with general FC Guidelines, and in case of Private Party User Agency, further as per Government of Karnataka Order No.FEE 82 FLL 2016 Dt.31-08-2016.
- 3) It is further reported that the said land parcel(s) has spars scrub jungle and abundance of grasses. Because of lack of top soil and undulating landscape, it is partially suitable for afforestation (i.e. 400 seedlings per hectare). Proposed CA lands are adjacent to the CA land (in eastern side) given by M/s. JSW Steel Limited [Tumati Sy.No.1/4] for Mining Lease No.009(Rama mines) which is transferred and mutated in favour of Forest Department. Further, on western side M/s. Marwa Mining Company (CA land proposed for mining over an extent of 22.97 Ha) followed by M/s. Minera Steel & Power limited (CA land proposed for mining over an extent of 38.75 Ha) which is adjacent to cluster of CA lands (1058.41 ha) given by M/s SMIORE & M/s. KSMCL which is already proposed for Section-04 & 33 of Karnataka Forest Act, 1963. Hence, although the proposed parcel of land is partially suitable to raise Plantations, it is desirable to get the said parcel of land as this parcel of land will act as a corridor to connect two fragmented forest patches. This will help to manage the entire forest landscape in better manner like forest fire management etc. Thus, Afforestation proposed at alternate location in degraded forest land of Tonasigere RF [Details in Table-2] in consonance with the Working Plan prescriptions.
- 4) The KML files, Topo Maps, Geo-referenced Maps & GPS readings of all corners of the proposed land parcels have to be uploaded by User Agency in PART-I of the proposal.
- The KML files, Topo Maps, Geo-referenced Maps & GPS readings of all corners of the proposed degraded forest land are enclosed in PART-II of the proposal.

6) Additional if any : -
