	107.816																
(iv)	The User Agency shall transfer online, the Net Present Value (NPV) of the forest land being diverted under this proposal, as per the orders of the Hon'ble Supreme Court of India dated 28/03/2008, 24/04/2008 and 09.05.2008 in Write Petition (Civil) No. 202/1995 and the guidelines issued by this Ministry vide its letter No. 5-3/2007-FC dated 05/02/2009. The requisite funds shall be deposited in the account of Ad-hoc CAMPA of the concerned State through online e-portal	As per the condition, Rs 4.32 crore for NPV and Rs 4.32 crore for Penal NPV has been deposited through online mode and in-future it will be done through online made only. undertaking attached as annex – 3															

	only.	
(v)	The User Agency shall pay the additional amount of NPV, if so determined, as per the final decision of the Hon'ble Supreme Court of India;	Condition is accepted undertaking attached as annex – 4
(vi)	WCL should submit the compliance report of 'in-principal' approval granted by this Ministry's letter no.8-102/2004-FC dated 30.01.2012, in favour of WCL for diversion of another parcel of 90.00ha of forest land, and deposit the compensatory levies of Rs. 25,54,62,766/- with interest rate of 12% per annum.	<p>The cost of raising CA over 107.816 ha. Amounting to Rs. 7,11,65,655-00/- (Rs. 6,46,96,050-00/- deposited in Madhya Pradesh CAMPA Account through e-challan vide EFT No. 701262 dtd. 02.06.2018 + Rs. 64,69,605-00/- towards Supervision Charges @ 10% to DFO, North Betul through e-challan vide DD No. 609018 dtd. 01.06.2018) deposited "Under Protest" on dated 04/06/2018. Copy of the e-Challan, EFT receipt and DD is enclosed as Annexure-'5'.</p> <p>Penal Compensatory Afforestation (Penal CA) for 450 ha. forest land (5 times i.e. 90 ha x 5 = 450 ha.) totaling to Rs. 18,42,97,111-00/- (Rs. 16,75,42,827-00/- deposited in Madhya Pradesh CAMPA Account through e-challan vide EFT No.701262 dtd. 02.06.2018 + Rs. 1,67,54,284-00/- towards Supervision Charges @ 10% to DFO, North Betul through e-challan vide DD complianceNo.609019 dtd. 01.06.2018) deposited "Under Protest" on dated 04/06/2018. Copy of the e-Challan, EFT receipt and DD is enclosed as Annexure-'6'.</p>
(vii)	The user agency should ensure that the compensatory levies (CA cost, NPV etc.) are deposited through challan generated online on web portal and deposited in appropriate bank online only. Amount deposited through other mode will not be accepted as compliance of the Stage-I clearance;	As per the condition all requisite funds will be transferred through on line mode. undertaking attached as annex – 7
(viii)	Period of diversion of the said forest land under this approval shall be for a period co-terminus with the period of mining lease proposed to be granted under the Mines and Minerals (Development and Regulation) Act 1957, and the Rules framed there-under, subject to a maximum period of 30 years.	Land is acquired under Coal Bearing Areas (Acquisition and Development) Act 1957. There is no such lease period in this acquisition MMDR Act 1957 is not applicable in this case. Justification by Ministry of Coal is attached as Annex – 8
	The State Government will	Land is acquired under CBA (A&D) Act 1957. There is no

appropriate area
mining lease to arrest soil
erosion in accordance with the

erosion in accordance with the

approved scheme;

(c) Construction of check dams,
retention / toe walls to arrest
sliding down of the

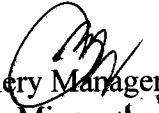

Diversion is for underground mining.
There is no such adverse impact on top
soil. So condition is not applicable in case
of Underground mine.

	submit the valid lease agreement document specified in the lease agreement;	Such lease period in this acquisition MMDR Act 1957 is not applicable in this case. Justification in this case. Justification on Ministry of Coal attached in Annex-9
(ix)	Area on surface of the mining lease shall be fenced and afforested;	This is a proposal of underground mining. Right over the surface will be under forest department.
(x)	The State Government and the user agency shall monitor the mining induced subsidence and take appropriate mitigative measures to ensure that it remains within the permissible limit.	This condition is accepted Undertaking attached as annex-10
(xi)	The User agency and the State Government shall implement the Wildlife Conservation Plan for area located within 10-kilometer distance from the forest land proposed to be diverted from the funds to be provided by the user agency;	This is a proposal of underground mining. Right over the surface is under forest depart. No need for wildlife conservation plans for underground mine.
(xii)	The user agency shall implement the following activities under the supervision of the State Forest Department at the project cost;	Diversion is for underground mining, hence condition is not applicable
	(a) Mitigative measures to minimize soil erosion and choking of stream shall be initiated to be implemented within a period of three years with effect from the date of issue of Stage-II clearance in accordance with the approved plan in consultation with the State Forest Department	Diversion is for underground mining. There is no such adverse impact on top soil. So condition is not applicable in case of Underground mine.
	(b) Planting of adequate drought hardy plant species and sowing of seeds, the appropriate area within the mining lease to arrest soil erosion in accordance with the approved scheme;	Diversion is for underground mining. There is no such adverse impact on top soil. So condition is not applicable in case of Underground mine.
	(c) Construction of check dams, retention / toe walls to arrest sliding down of the	Diversion is for underground mining. There is no such adverse impact on top soil. So condition is not applicable in case of Underground mine.

	excavated material along the contour in accordance with the approved scheme;	
	(d) Stabilize the overburden dumps by appropriate grading/benching, in accordance with the approved scheme, so as to ensure that angles of repose at any given place is less than 28 degree; and	Diversion of forest land for underground mining only. There is not any such overburden dumps activities in UG Mining. So condition is not applicable in underground mining.
	(e) No damage shall be caused to the top-soil and the user agency will follow the top soil management plan;	Diversion is for underground mining. There is no such adverse impact on top soil. So condition is not applicable in case of Underground mine.
(xiii)	The User Agency shall undertake mining in a phased manner after taking due care for reclamation of the mined over area. The concurrent reclamation plan as per the approved mining plan shall be executed by the User Agency from the very first year and an annual report on implementation thereof shall be submitted to the Nodal Officer Forest (Conservation) Act, 1980, in the concerned State Government and the concerned Regional Officer of the Ministry. If it is found from the annual report that the activities indicated in the concurrent reclamation plan are not being executed by the User Agency, the Nodal Officer or the Addl. Pr. Chief Conservator of Forests (Central) may direct that the mining activities shall remain suspended till such time such reclamation activities are satisfactorily executed;	Condition is accepted. Mine Closure Plan is attached as Annex.-11. All the activities will be done according Mine Closure Plan.
(xiv)	The user agency shall implement the R&R Plan as per the R&R Policy of State Government in consonance with National R&R Policy, Government of India before the commencement of the project work. The said R&R Plan will be monitored by the State Government/Regional Office of MOEF & CC along with indicators for monitoring and expected observable milestones;	Diversion of forest land for underground mining only, No R&R required in this diversion so condition is not applicable for this diversion
(xv)	The user agency in consultation with the State Government shall create and maintain alternate habitat/home for the avifauna,	Diversion is for underground mine. No adverse impact on avifauna, neither vesting trees are to be cleared nor any negative impact meet.

	whose nesting trees are to be cleared in this project. Birds nests artificially made out of eco-friendly material shall be used in the area, including forest are and human settlements; adjoining the forest area being diverted for the project;	
(xvi)	The boundary of the diverted forest land, mining lease and safety zone, as applicable, shall be demarcated on ground at the project cost, by erecting four feet high reinforced cement concrete pillars, each inscribed with its serial number distance from pillar to pillar and GPS co-ordinates;	Condition is accepted, undertaking attached as Annex.-12
(xvii)	The ground area over the mine shall not be allowed to be used for construction of residential buildings or labour camps;	Condition is accepted, undertaking attached as Annex.-13
(xviii)	The State Government shall ensure that green cover on the ground over the underground part of mine shall be maintained as forest and supplemented by plantations in gaps at the cost of user agency;	Condition is accepted. Mentioned. undertaking attached as annex – 14
(xix)	The user agency shall obtain the Environment Clearance as per the provision of the Environmental (Protection) Act 1986, if required.	Condition is accepted, undertaking attached as Annex.-15
(xx)	Any tree felling shall be done only when it is unavoidable and that too under strict supervision of the State Forest Department;	Condition is accepted, undertaking attached as Annex.-16
(xxi)	The layout plan of the proposal shall not be changed without the prior approval of the Central Government.	Condition is accepted, undertaking attached as Annex.-17
(xxii)	No construction of Buildings/labour camps/huts shall be allowed on the forest land	Condition is accepted, undertaking attached as Annex.-18
(xxiii)	The user agency shall provide fuels preferably alternate fuels to the labourers and the staff working at the site so as to avoid any damage and pressure on the nearby forest areas;	Condition is accepted, undertaking attached as Annex.-19
(xxiv)	The State Govt. and the user agency shall ensure de-silting of the village tanks and other water bodies located within five km	Diversion is for underground mining. There is no such adverse impact on water bodies. So condition is not applicable.

	from the mine lease boundary so as to mitigate the impact of siltation of such tanks/water bodies whenever required preferably within five years from the date of approval of Stage-II Clearance.	
(xxv)	The forest land shall not be used for any purpose other than that specified in the proposal.	Condition is accepted, undertaking attached as Annex.-20
(xxvi)	The forest land proposed to be diverted shall under no circumstances be transferred to any other agency, department or person without prior approval of the Central Government.	Condition is accepted, undertaking attached as Annex.-21
(xxvii)	No damage to the flora and fauna of the adjoining area shall be caused.	Condition is accepted, undertaking attached as Annex.-22
(xxviii)	The user Agency shall submit the annual self compliance report in respect of the above stated conditions to the State Government, concerned Regional Office and to this Ministry by the end of March every year.	Condition is accepted, undertaking attached as Annex.-23
(xxix)	Any other condition that the concerned Regional Office of this Ministry may stipulate from time to time in the interest of conservation, protection and development of forests & wildlife shall be carried with by the State Government and user agency;	Condition is accepted, undertaking attached as Annex.-24
(xxx)	The user agency shall comply all the provisions of the all Acts, Rules, Regulations, Guidelines, Hon'ble Court Order(s) and National Green Tribunal Order(s) pertaining to this project, if any, for the time being in force, as applicable to the project.	Condition is accepted. undertaking attached as annex-25

F.No. 43015/28/2017-LAIR(Vol.II)
Government of India
Ministry of Coal

Lok Nayak Bhawan, New Delhi-110 003
Dated the 11th December, 2019

To

The Chairman-cum-Managing Director,
Western Coalfields Ltd.,
Coal Estate, Civil Lines,
Nagpur-440001.

Subject: Acquisition of forest land under Coal Bearing Areas (Acquisition & Development) Act, 1957 and applicability of provisions of MMDR Act, 1957 along with MC Rates, 1960 over the land/ rights acquired under Coal Bearing Areas (Acquisition & Development) Act, 1957.

Sir,

I am directed to refer to WCL's letter No.WCL/MP/L&R/MK/750 dated 9.10.2019 and WCL's letter No.WCL/GM/L&R/AK/491 dated 16.03.2018 on the above mentioned subject. The requisite clarification of Ministry of Coal in the matter is as under:-

By virtue of the provisions of section 10 and 11 of the Coal Bearing Areas (Acquisition and Development) Act, 1957, the land or the rights in or over the land acquired under the Act vest absolutely with the Central Government or the nominee, that is, a Government Company. The land gets vested in the Central Government on the publication of notification under Section 9 and thereafter in the Govt. Company on the publication of declaration under Section 11(1) of the ibid Act. Accordingly, since the land acquired under the Act vests absolutely in the Government Company, there is no necessity for execution of Mining Lease with the State Government. The issue of requirement of Mining Lease in case of lands acquired under CBA Act has been settled by Hon'ble Supreme Court in Bharat Coking Coal Ltd Vs. State of Bihar [1989 (Supp) SCC 394], wherein the Court observed that "once the acquisition is made under the Coal Bearing Areas (Acquisition and Development) Act, 1957, requisite declaration was issued by the Central Government, it was not open to the State Government to grant Lease as the land vests in the Central Government". The said findings of the Hon'ble Supreme Court has also been followed by the Division bench of High Court of MP in Western Coalfields Limited and Ors vs State of MP and Anr (AIR 2007 MP 75).

2. Since the subject land was acquired under the CBA(A&D) Act, 1957 and vests absolutely in the Government Company, neither the execution of mining lease with the State Government is required as per statute nor there is any necessity as it was not open to State Government to grant lease and therefore provisions of MMDR Act, 1957

N.S. Singh

along with the Mineral Concessions Rules, 1960 does not apply over the land/rights acquired under CBA(A&D) Act, 1957. Therefore the land in respect of Tawa-II UG, Satpara-II UG, Shobhapur UG mine of Pathakhara area and similar acquisition of WCL acquired under Section 9(1) of CBA (A&D) Act, 1957, the provisions of MMDR Act, 1957 and MC Rules, 1960 does not apply.

Yours faithfully,

R. S. Saroj

(Ram Shiromani Saroj)

Deputy Secretary to the Government of India

Chapter - 5

TIME SCHEDULING FOR ABANDONMENT

The closure of mines evolves environmental, technical, social aspect and financial assurance for implementing the post closure activities as per guideline of ministry of coal. The post closure implementing activities will run for three years. Mine closure in terms of sealing of mine openings, shifting of machineries will be carried out after one year. The table given below indicates major activities along with time frame is suggestive only. However actual time frame will be finalized at appropriate time well before actual closure of mine.

MCP/Tawa UG/ Pathakhera Area

CMPDI

Sl.No.	Main Activities	Time Frame	HALF YEARS																							
			1	2	3	4	5	6																		
1	Preparation of Survey and Disposal Report	1 month																								
2	Disposal of (P&M), including CHP W/S and Sludge	2 months																								
3	Disposal of Industrial Wastes	2 years																								
4	Cleaning of Coal Stock and Infrastructural Area	2 years																								
5	Disposal / Demarcation of Infrastructural Area	2 years																								
6	Sealing of mine entries	2 years																								
7	Environmental Monitoring	Half year																								
8	Subsidence Management	2 years																								
9	Water resource monitoring	2 years																								
10	Any other specific activities																									

NOTE: - The progressive mine closure will be done as per the provisions made out in the project report and as per the situation/requirement that may arise in course of execution of the Project Report. The subsidence management of UG mine will be taken up whenever the cracks develop or the ground area subsides.

Chapter - 6

MINE CLOSURE COST

- 6.1 The mine closure cost will cover the following activities for which a corpus fund will be created by opening an escrow fund with the coal controller organization in nationalised bank. In case of mines having acid mine drainage, post closure acid mine drainage management cost shall also be included in the total closure cost. An amount @ Rs 1.00 lakhs per Ha of the project area will be deposited in this account for final mine closure. Progressive mine closure will be done with the fund provided in approved report.
- 6.2 The above rate has been taken from Circular No. 55011-01-2009-CPAM Government of India, Ministry of Coal, Dated 27 August 2009 duly updated on 25 April 2012
- 6.3 Type of Mine : Under Ground mine Life of mine(1.04.2012) 14 years
Capacity of mine: 0.8 MTPA
Total project area of the mine as per EMP : 642.00 Ha
The financial provision for closure of Tawa Under ground mine comes to around Rs. 1142.80lakhs (based on July 2012 WPI (Provisional)) at the @ Rs 1 lakh/ Ha.
- 6.4 Mine closure cost break-up for Tawa Under ground mine is hereunder:-

Sl. No	Activity	% of Total Mine Closure Cost	Amount (Rs Lakhs)
A	Dismantling of structures		
	Service Building	3.50%	40.00
	Residential Building	37.58%	429.46
	Industrial Structures like CHP, Workshop, Field Substation, Cap lamp room, Haulage, Fan Installation etc.	6.33%	72.34

B.	Permanent sealing of mine entries (incline mouth and air shaft.)		
	Sealing of incline mouths and air shafts.	2.32%	26.51
C.	Subsidence Management.	1.75%	20.00
D.	Landscaping		
	Landscaping of the clear land for improving its esthetic.	5.80%	66.28
E.	Plantation		
	Plantation over the cleared area obtained after dismantling and on other Barren Spaces.	10.00%	114.28
F.	Monitoring / Testing of parameters for three years.		
	Air Quality	3.83%	43.77
	Water Quality	3.34%	38.17
G.	Entrepreneurship development (Vocational / Skill Development) Training for sustainable income of affected people.	4.65%	53.14
H.	Miscellaneous and other mitigative measures.	11.60%	132.56
	Mar. cover cost for supervision	9.30%	106.28
	TOTAL	100%	1142.80

Note- The above cost expenditure will be met from the corpus fund deposited in the escrow account by the mine operator. However, the additional amount beyond the fund in the escrow account will be provided by the mine operator after estimating the final mine closure cost (as per the mine closure guideline).

6.5 Details of escrow fund

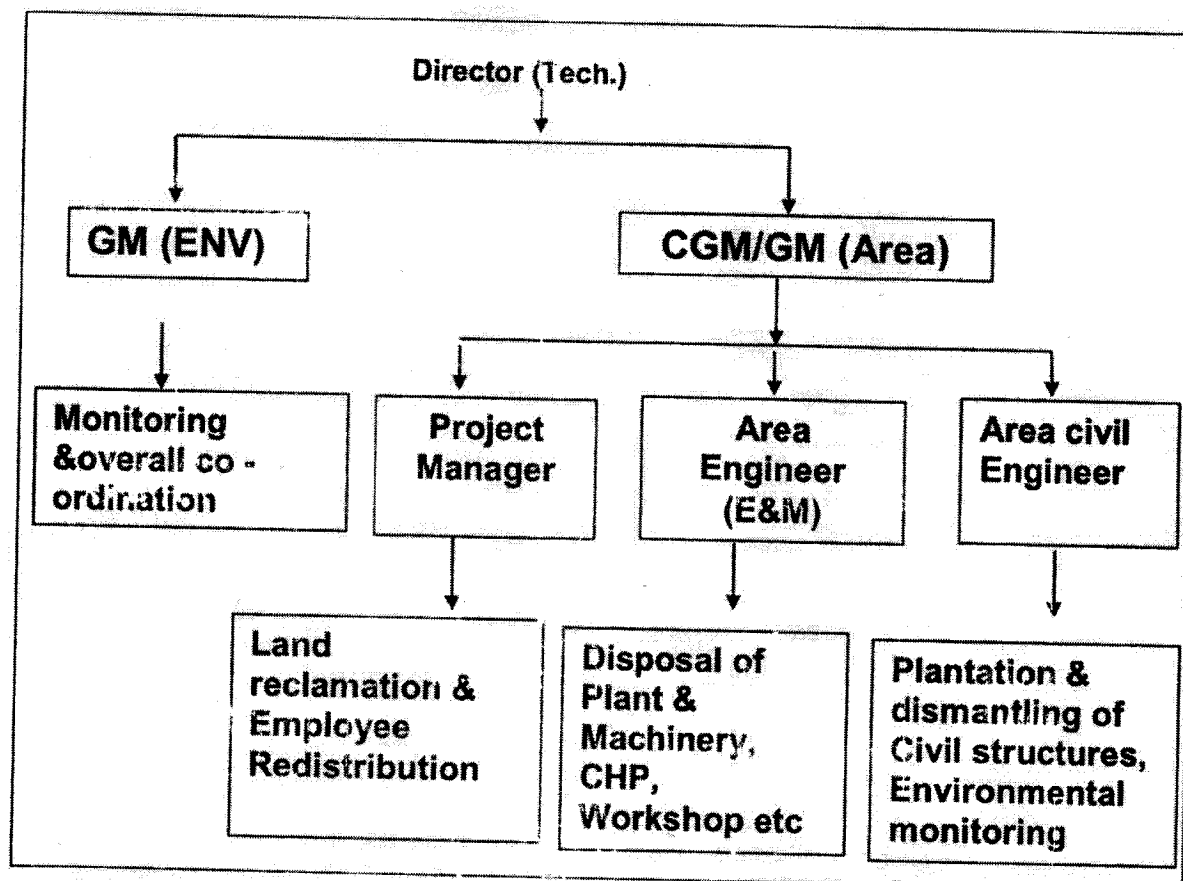

The total project area is 642.00 Ha. So the corpus based on August, 2009 rate is 642.00 Lakh @ Rs 1.0 Lakh /Ha of project Area. The wholesale price Index in August, 2009 is 129.6 and the latest WPI (Provisional), for the month of July 2012 available in the website of Office of Economic Adviser, Ministry of Commerce, Government of India is 164.8. So the current value of corpus is Rs. 642.00 * 164.8/129.6 Lakhs, which comes to Rs. 816.37 lakhs. This corpus is to be divided by the life of mine i.e. 14 years. So dividing by 14 years, the annual corpus comes to Rs 58.31 lakhs. This amount is to be deposited in escrow fund every year with 5% escalation.

S.NO.	FINANCIAL YEAR	AMOUNTS IN LAKHS
1	2012-13	58.31
2	2013-14	61.23
3	2014-15	64.29
4	2015-16	67.50
5	2016-17	70.88
6	2017-18	74.42
7	2018-19	78.14
8	2019-20	82.05
9	2020-21	86.15
10	2021-22	90.46
11	2022-23	94.98
12	2023-24	99.73
13	2024-25	104.72
14	2025-26	109.95
	Total	1142.80

Chapter - 7

IMPLEMENTATION PROTOCOL

For implementing the mine closure activities, the following organizational structure has been proposed:

Environmental monitoring for three years after closure of mine will be carried out to evaluate the environmental quality of the area. If need be, proper mitigative measures will be taken up after evaluating the environmental quality. The funds for this have been provided in the cost estimate. Before closure of the mine, Area GM will prepare survey and disposal report and the same will be submitted to DGMS for acceptance.

GOVERNMENT OF INDIA
MINISTRY OF ENVIRONMENT & FORESTS
PARYAVARAN BHAWAN, C.O.O. COMPLEX
LODI ROAD, NEW DELHI-110003

Dated 4th Feb. 1994.

OFFICE MEMORANDUM

Sub: Environmental Appraisal of Tawa Underground Project of WCL.

Reference is invited to Ministry of Coal letter No. 43011/15/89-CPA dated 3rd March, 1993 regarding the above subject. The revised EMP and other related documents, have been examined by the Ministry and the proposal is approved from environmental angle subject to effective implementation of following environmental safeguards:-

- (i) The mining activities should be limited to 13.110 ha. in forest area, as per the provisions under Forest (Conservation) Act, 1980.
- (ii) The air quality within the leasehold area should be monitored for conforming to the standards prescribed by the competent authority. The control measures suggested in the EMP should be strictly implemented.
- (iii) The quality of effluent discharged into the nallah/main water course should be maintained below the standards as provided under GSR 422 (E) dated 14.5.93. Adequate treatment facilities as detailed in EMP and supplementary information should be installed before mining commences.
- (iv) The CHP, conveyers and Fan house etc should be designed to minimise noise level and fugitive emissions. The control measures including development of green belt should be implemented.
- (v) No change in method and scope of working should be made without prior approval of the Ministry.

Date 12/2/94

.....2/-

- (vi) The project authorities should carry out hydrological and hydrogeological study of the whole area which should include all seepage and leakage aspects of Tawa reservoir. The Report should be submitted within 1 year of issue of this clearance.
- (vii) Mitigative measures envisaged in the S.F.R.I. Jabalpur Report should be implemented to control adverse impacts of biotic pressure.
- (viii) The afforestation and green belt development around the mine field should lay special emphasis on mixed culture rather than mono-culture.
- (ix) The subsidence management and control measures as envisaged in the EMP, should be ensured.
- (x) A separate Environmental Management Cell should be created to carry out the functions related to EMP.
- (xi) As per the EMP, Annual revenue cost provision of Rs. 23.37 lac (December, 1992) has been made for EMP measures. This should not be diverted for other purposes and year wise expenditure should be submitted to the Ministry. A quarterly report on the progress report of implementation status should be sent to this Ministry.
- (xii) The Ministry may stipulate additional conditions if so warranted either by change in scope of the project or on the basis of feedback on the implementation of EMP. The Ministry may revoke the clearance if implementation of stipulated conditions is not satisfactory.

The above conditions will be enforced inter-alia under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981 and the Environment (Protection) Act, 1986.

To,
The Principal Secretary (Forests),
Department of Forests & Environment,
Government of Madhya Pradesh,
Bhopal

Sub: Diversion of 107.816 (Forest block No. RF-340, RF-341, RF-342 and RF-343) ha of forest land in favour of Western Coalfield Ltd, for Tawa underground coal mining project under Forest Division and District Betul, Madhya Pradesh (Online proposal No. FP/MP/MIN/20921/2016) regd.

Sir,

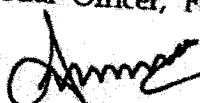

I am directed to refer to APCCF (Land Management) and Nodal Officer (FCA), Department of Forest, Govt. of Madhya Pradesh letter No. F-1/FP/MP/MIN/20921/2016/10-11/90 dated 09.01.2018, seeking prior approval of Central Government under Section-2 of the Forest (Conservation) Act, 1980, and to say that the said proposal has been examined by the Forest Advisory Committee (FAC) constituted by the Central Government under Section-3 of the aforesaid Act.

2. After careful consideration of the proposal of the State Government of Madhya Pradesh and on the basis of the recommendations of the Forest Advisory Committee, the Central Government hereby agrees to accord "In-principle" approval under the Forest (Conservation) Act, 1980 for the diversion of 107.816 (Forest block No. RF-340, RF-341, RF-342 and RF-343) ha of forest land in favour of Western Coalfield Ltd, for Tawa underground coal mining project under Forest Division and District Betul, Madhya Pradesh, subject to the following conditions:-

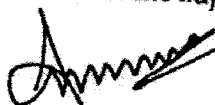

- (i) Legal status of the diverted forest land shall remain unchanged;
- (ii) The user agency shall pay the NPV and Penal NPV for entire area (50% NPV for underground mining + 50% Penal NPV = 100% NPV) as per the Ministry's guidelines dated 29.01.2018;
- (iii) Appropriate action may be initiated by the State Government against the concerned officers responsible for violation;
- (iv) The User Agency shall be deposited, the Net Present Value (NPV) of the forest land being diverted under this proposal, as per the orders of the Hon'ble Supreme Court of India dated 28.03.2008, 24.04.2008 and 09.05.2008 in Writ Petition (Civil) No. 202/1995 and the guidelines issued by this Ministry vide its letter No. 5-3/2007-FC dated 05.02.2009. The requisite funds shall be deposited in the account of Ad-hoc CAMPA of the concerned State through online e-portal only;

- (v) The User Agency shall pay the additional amount of NPV, if so determined, as per the final decision of the Hon'ble Supreme Court of India;
- (vi) WCL should submit the compliance report of 'in-principle' approval granted by this Ministry's letter No. 8-102/2004-FC dated 30.01.2012, in favour of WCL for diversion of another parcel of 90.00 ha of forest land, and deposit the compensatory levies of Rs.25,54,62,766/- with interest rate of 12% per annum;
- (vii) The user agency should ensure that the compensatory levies (CA cost, NPV etc.) are deposited through challan generated online on web portal and deposited in appropriate bank online only. Amount deposited through other mode will not be accepted as compliance of the Stage -I clearance;
- (viii) Period of diversion of the said forest land under this approval shall be for a period co-terminus with the period of the mining lease proposed to be granted under the Mines and Minerals (Development and Regulation) Act, 1957, and the Rules framed there-under, subject to a maximum period of 30 years. The State Government will submit the lease agreement document specified in the lease agreement;
- (ix) Area on surface of the mining lease shall be fenced and afforested;
- (x) The State Government and user agency shall monitor the mining induced subsidence and take appropriate mitigative measures to ensure that it remains within the permissible limit;
- (xi) The User agency and the State Government shall implement the Wildlife Conservation Plan for area located within 10 kilo meter distance from the forest land proposed to be diverted from the funds to be provided by the user agency;
- (xii) The user agency shall implement the following activities under the supervision of the State Forest Department at the project cost;
 - (a) Mitigative measures to minimize soil erosion and choking of stream shall be initiated to be implemented within a period of three years with effect from the date of issue of Stage-II clearance in accordance with the approved Plan in consultation with the State Forest Department;
 - (b) Planting of adequate drought hardy plant species and sowing of seeds, in the appropriate area within the mining lease to arrest soil erosion in accordance with the approved scheme;
 - (c) Construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour in accordance with the approved scheme;
 - (d) Stabilize the overburden dumps by appropriate grading/benching, in accordance with the approved scheme, so as to ensure that angles of repose at any given place is less than 28°; and
 - (e) No damage shall be caused to the top-soil and the user agency will follow the top soil management plan;
- (xiii) The User Agency shall undertake mining in a phased manner after taking due care for reclamation of the mined over area. The concurrent reclamation plan as per the approved mining plan shall be executed by the User Agency from the very first year, and an annual report on implementation thereof shall be submitted to the Nodal Officer, Forest (Conservation) Act, 1980, in the

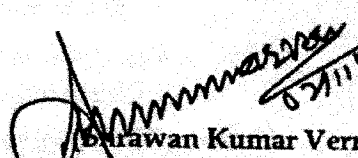

- concerned State Government and the concerned Regional Office of the Ministry. If it is found from the annual report that the activities indicated in the concurrent reclamation plan are not being executed by the User Agency, the Nodal Officer or the Addl. Pr. Chief Conservator of Forests (Central) may direct that the mining activities shall remain suspended till such time, such reclamation activities area satisfactorily executed;
- (xiv) The user agency shall implement the R&R Plan as per the R&R Policy of State Government in consonance with National R&R Policy, Government of India before the commencement of the project work. The said R&R Plan will be monitored by the State Government/Regional Office of MoEF&CC along with indicators for monitoring and expected observable milestones;
 - (xv) The user agency in consultation with the State Government shall create and maintain alternate habitat/home for the avifauna, whose nesting trees are to be cleared in this project. Birds' nests artificially made out of eco-friendly material shall be used in the area, including forest area and human settlements, adjoining the forest area being diverted for the project;
 - (xvi) The boundary of the diverted forest land, mining lease and safety zone, as applicable, shall be demarcated on ground at the project cost, by erecting four feet high reinforced cement concrete pillars, each inscribed with its serial number, distance from pillar to pillar and GPS co-ordinates;
 - (xvii) The ground area over the mine shall not be allowed to be used for construction of residential buildings or labour camps;
 - (xviii) The State Government shall ensure that green cover on the ground over the underground part of mine shall be maintained as forest and supplemented by plantations in gaps at the cost of user agency;
 - (xix) The User Agency shall obtain the Environment Clearance as per the provisions of the Environmental (Protection) Act, 1986, if required;
 - (xx) Any tree felling shall be done only when it is unavoidable and that too under strict supervision of the State Forest Department;
 - (xxi) The layout plan of the proposal shall not be changed without the prior approval of the Central Government;
 - (xxii) No construction of Buildings/labour camps/huts shall be allowed on the forest land;
 - (xxiii) The User Agency shall provide fuels preferably alternate fuels to the labourers and the staff working at the site so as to avoid any damage and pressure on the nearby forest areas;
 - (xxiv) The State Government and the User agency shall ensure de-silting of the village tanks and other water bodies located within five km from the mine lease boundary so as to mitigate the impact of siltation of such tanks/water bodies, whenever required preferably within five years from the date of approval of Stage-II Clearance;
 - (xxv) The forest land shall not be used for any purpose other than that specified in the proposal;
 - (xxvi) The forest land proposed to be diverted shall under no circumstances be transferred to any other agency, department or person without prior approval of the Central Government;
 - (xxvii) No damage to the flora and fauna of the adjoining area shall be caused;

- (xxviii) The User Agency shall submit the annual self - compliance report in respect of the above stated conditions to the State Government, concerned Regional Office and to this Ministry by the end of March every year;
- (xxix) Any other condition that the concerned Regional Office of this Ministry may stipulate, from time to time, in the interest of conservation, protection and development of forests & wildlife; and
- (xxx) The user agency shall comply all the provisions of the all Acts, Rules, Regulations, Guidelines, Hon'ble Court Order (s) and National Green Tribunal Order(s) pertaining to this project, if any, for the time being in force, as applicable to the project;

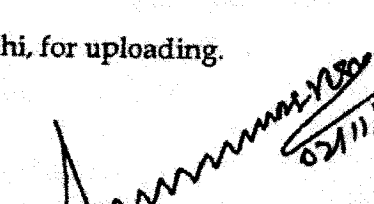

3. After receipt of the report on compliance to the conditions stipulated in the paragraph-2 above, from the State Government of Madhya Pradesh, final/stage-II approval for diversion of the proposed forest land under Section-2 of the Forest (Conservation) Act, 1980 will be issued by this Ministry. Transfer of the said forest land to the user agency shall not be effected by the State Government of Madhya Pradesh till final/stage-II approval for its diversion is issued by this Ministry.

Yours faithfully,

(Shrawan Kumar Verma)
Dy. Inspector General of Forests (FC)
