At the outset, the Chairman welcomed the newly elected Zilla Parishad members as well as the official members.

Following issues on implementation of FRA were discussed:

1. Implementation of Forest Rights Act, 2006 & Rules thereof

(a) Recognition of Forest Rights:

It was brought to the notice of the committee that 10941 Nos of Individual Claims, 255 Nos of Community Forest Rights (CFR) & 72 Nos of Community Forest Resource Rights (CFRR) claims have been received and approved earlier by the DLC. Out of the approved claims, titles have already been distributed to FRA beneficiaries as follows:

Individual Rights/Claims (IR): 10919 nos
Community Forest Rights (CFR): 185 nos
Community Forest Rights Resource (CFRR): Nil

The Committee suggested that massive awareness drive needs to be taken up to ensure no eligible beneficiary is left out. For rest undistributed titles, the Chairman directed the DWO to immediate handover the same to the Tahasildars for distribution of titles to the beneficiaries with proper demarcation of vested land.

(Action: DWO/ Tahasildars)

(b) Correction of RoR and demarcation of land of title holders:

It was observed by the Committee that ROR correction and land demarcation is still pending in few Tahsils. The Chairman expressed his concern and strictly instructed the Tahasildars for immediate demarcation of Forest land vested with the beneficiaries and correction of RoR. A report of compliance certifying all the vested land is demarcated and RoR corrected is to be given by Tahsildars within 1 month. DWO to follow up on this.

(Action: DFOs/DWO/ Tahasildar)

(c) Convergence under various development schemes of the Govt.:

The Committee suggested that FRA beneficiaries be given special focus and convergence activities be taken up for ensuring successful implementation of various developmental schemes.

(Action: DWO/PD-DRDA/BDOs)

2. (A) Diversion proposal of 15.265 ha (37.72 acres) of forest land for non-forest purposes under the Forest (Conservation) Act, 1980 ensuring compliance of the STs & Other Traditional Forest Dwellers (FRA) Act, 2006 for expansion of existing Red Mud Pond (RMP) in village- Rengopali by the User Agency, M/s IDCO, Bhubaneswar (Project proponent - Vedanta Limited, Lanjigarh).

The proposal has been received from the User Agency, IDCO, Bhubaneswar (Project Proponent: Vedanta Limited, Lanjigarh) for diversion of forest land of 15.265 ha. (Ac.37.72) for non-forest purposes under the Forest (Conservation) Act, 1980 ensuring compliance of the STs & Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 for expansion of existing Red Mud Pond (RMP) in Village- Rengopali of Lanjigarh Block. The User Agency has requested to the district administration to issue of No Objection Certificate under FRA, 2006.

On receipt of the above proposal, in order to ensure compliance of Forest Rights Act, 2006 and to obtain Gramsabha consent the BDO & Tahasildar, Lanjigarh were required to submit a detailed report/ status of the forest land proposed for diversion. Accordingly, the BDO, Lanjigarh conducted Gramsabha in the village Rengopali on 23.12.2021 in presence of majority of the villagers. The BDO & Tahasildar, Lanjigarh have enquired into the matter and reported that 57nos of beneficiaries have been vested with forest land of Ac.14.64 out of proposed area of Ac.37.72 for diversion.

The proceeding of Gramsabha, report of BDO & Tahasildar, Lanjigarh, proceeding of SDLC as well as report of Sub-Collector-cum-Administrator, R&R, Bhawanipatna were placed before the Committee for discussion.

The Gramsabha proceeding reveals that all the members including FRA beneficiaries and their dependents have agreed for diversion of proposed forest land, subject to payment of compensation. The report of Sub-Collector-cum-Administrator, R&R, Bhawanipatna discloses that, over the proposed land of Ac.37.72 (15.265 ha) the beneficiaries and others have already been provided with compensation for acquisition of their Rayat Land (not FRA land) at Village-Rengopali as per Section-26 of RPCTLR&R Act,2013 along with other benefits under R&R Package as approved in the RPDAC meeting dated 09.08.2019. They have been considered with other benefits like house, employment, OTS etc. after completion of shifting process of all the PDFs to R&R Colony by Vedanta Limited, Lanjigarh. The above beneficiaries and their dependents are no longer dependent over the forest land of Ac.14.64 vested with them under FRA, 2006. The report received from Dist. Employment Officer, Kalahandi reveals that out of 57 title holders/ their dependents, 15 nos opted for OTS in lieu of employment and rest 42 nos joined direct employment as Trade technician trainees in M10 grade by Vedanta Limited.

It was discussed in the house that regarding modalities for payment of compensation to FRA patta/ title holders the District Administration has asked for clarification from the Revenue & Disaster Management Department. After getting clarification adequate compensation will be paid to the title holders.

The above mentioned reports and SDLC proceeding received at the DLC discloses that all actions have been adopted positively in maintaining equity in adherence to intended Govt. guidelines as required in L.No.17446/F&E, dated.21.08.2013 with reference to GOI letter dated 05.02.2013 ensuring the compliance of the Forest Rights Act,2006.

After a threadbare discussion, basing on Gramsabha proceeding, SDLC proceeding, reports of the BDO & Tahasildar, Lanjigarh, report of the Sub-Collector-cum-Administrator, R&R, Bhawanipatna and Dist. Employment Officer, Kalahandi, the Committee unanimously decided to issue interim certificate for diversion of proposed forest land in favour of the User Agency.

Status report on forest land of Village- Rangopali for diversion of Ac.37.72 (15.265 ha.) for non-forest purposes in favour of the User Agency, M/s IDCO, Bhubaneswar (Project Proponent-Vedanta Limited, Lanjigarh) under Forest (Conservation) Act, 1980- ensuring the provisions of STs & OTFDs (Recognition of Forest Rights) Act, 2006 & Rules thereof.

Ref:

District Office Letter No.2352, Dated,18.11.2021

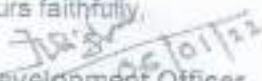

Sir,

In inviting a kind reference to the above cited letter on the subject I am to say that I have enquired into the status of the Forest land of Village- Rangopali which reveals that out of proposed forest land of Ac.37.72 (15.265 ha.) for diversion, 57 nos of Forest Rights beneficiaries have got title under FRA pertaining to an area of Ac.14.64 which has been vested with them for agricultural purpose. It reveals from the Gramsabha proceeding that the said beneficiaries have been identified by the Forest Rights Committee and recommended by the Gramsabha of Rangopali to the SDLC and the same also recommended to the DLC and got approved for which title have been issued to the beneficiaries. But they are not residing in the village and dwelling at 1 ½ km distance with their family. Since the forest land of their rights is to be diverted for non-forest purposes their consented views were taken. In course of Gramsabha meeting each individual personally expressed that they are willing to leave the forest land in case of facilitating them for their proper sustainable means by providing livelihood to their family to lead their lives in social stream.

In such circumstances a gramsabha was conducted on dated 23.12.2021 with majority of villagers, Govt. Officials, PRI members alongwith FRC members. In course of discussion for diversion of forest land of Ac.37.72 (15.265 ha.) including vested land to Forest Rights holders (Ac.14.64) It was unanimously consented by all the members of gramsabha alongwith the Forest Rights holders that they have no objection for such diversion of forest land for non-forest purposes in favour of the User Agency, M/s IDCO, Bhubaneswar (Project Proponent- Vedanta Limited, Lanjigarh) for expansion of existing Red Mud Pond in village- Rangopali.

This is for kind information.

Certificate to whom it may concern

A proposal was received for diversion of forest land at Village-Rengopali under Lanjigarh Tahasli measuring an area of Ac.37.72 (15.265 ha.) of the said village for non-forest purposes in favour of the User Agency, M/s IDCO, Bhubaneswar (Project Proponent- Vedanta Limited, Lanjigarh) for expansion of existing Red Mud Pond under Forest Conservation Act, 1980 ensuring the compliance of provisions of Forest Rights Act, 2006. In complying to the statutory obligation of the relevant Act & Rules alongwith the Govt. guidelines received from time to time, required Gramsabha was conducted on 23.12.2021 in Village- Rengopali with majority of Gramsabha members of the village in presence of the Govt. Officials, PRI members. The Gramsabha proceeding discloses that the villagers consented their willingness without any objection for such diversion of the forest land of their village. It also reveals from the report of BDO & Tahasildar, Lanjigarh that 57 nos of beneficiaries of the said village have been vested with forest land of total Ac.14.64. The same has been identified by the then forest rights Committee and recommended by the Gramsabha of Rengopali to SDLC and got approved by the DLC for which title have been issued to the beneficiaries. The beneficiaries and their dependents have stated individually that the forest land vested with them are meant for agricultural purposes; But the said purpose is not fulfilled since they are not residing in the village for last few years and they are residing 1½ kms away from the village and the forest land vested with them are now not of much use to them. So the beneficiaries and their dependents without indulgency willfully agreed for diversion of forest land for non-forest purposes and they intend to afford them due assistance for their day to day smooth livelihood in all respects to support them as per Govt. Scheme. All other villagers also agreed for such diversion for non-forest purposes. Now the village is barren in absence of the inhabitants and free from any encumbrance.

The Report of BDO & Tahasildar, Lanjigarh also reveal similar stamped version as recorded in the Gramsabha proceeding.

In view of the compliance to provisions of Forest Rights Act, 2006 it also reveals that the Imperative tone of provisions of the Act & Rules along with Govt. guidelines have been strictly followed without prejudice to the interest of the villagers without indulgence to the claims of the Forest Rights beneficiaries.

This is submitted as follows:

- a) As reveals from the Gramsabha proceeding the complete process for identification and settlement of rights under FRA has been carried out for the entire Ac.37.72 (15.265ha.) of forest land proposed for diversion.
- b) The Gramsabha was conducted in local language and on being understood the villagers consented their views for diversion of forest land in favour of the User Agency, M/s IDCO, Bhubaneswar (Project Proponent- Vedanta Limited, Lanjigarh).
- c) Further it is to submit that the Gramsabha proceeding reveal to have completed all formalities/ process under Forest rights Act, 2006 and villagers having understood and given their consent to the proposed diversion.
- d) It reveals that the Gramsabha was conducted with a quorum of minimum 50% of the members where discussion and decisions on such proposal had taken place.
- e) Regarding the claim of rights U/s-3(2) of the Forest Rights Act, 2006 it is manifested from the Gramsabha proceeding that there is no claimant to be managed by the Govt. as required for such diversion of forest land of Ac.37.72 (15.265ha.) for non-forest purposes.
- f) Similarly from the Gramsabha proceeding it is evident that the gramsabha meeting has looked into with the requirement U/s-3(1)(e) of FRA, 2006 for rights of Primitive Tribal Groups and Pre-Agricultural Communities to safeguard their rights as there is no claimant residing in the proposed forest land.

The said diversion proposal of forest land for non-forest purposes for an area of forest land is Ac.37.72 (15.265 ha.) in favour of the User Agency, M/s-IDCO, Bhubaneswar (Project proponent- Vedanta Limited, Lanjigarh) for expansion of existing Red Mud Pond in village- Rengopali under Lanjigarh Tahasil ensuring the compliance of provisions of Forest Rights Act, 2006 and Rules thereof.

Out of the total proposed forest land for diversion, 57 persons vested with forest land of total Ac.14.64 willfully consented that they are not residing in the village at present and the vested land is used for their agriculture purposes which yields hardly. As it reveals from the gramsabha proceeding the said 57 nos of forest land beneficiaries have agreed to leave the forest land for diversion proposal in case of they are provided with substantial livelihood with equal benefit as under the Govt. scheme to maintain their family and children in social stream.

OFFICE OF THE COLLECTOR & DISTRICT MAGISTRATE, KALAHANDI (ODISHA).

No. 539 /LA

Dated: 18th February, 2022

From : Dr. Gayali Parag Harshad, IAS,
Collector & Dist. Magistrate, Kalahandi.

To
Ms. Ellora Santal
Joint Secretary,
Revenue & Disaster Management Department,
Govt of Odisha, Bhubaneswar

Sub: Clarification on different issues arising out of acquisition of land on ongoing projects of Kalahandi District.

Ref: Your letter no. 5490 dated 19th February 2022.

Madam,

In reference to clarification provided at para 2 of the above referred letter dated 19th February 2022, I would request for further clarification on following queries for expediting the payment compensation to individual FRA title holders;

1. As the clarification says that individual Forest Rights can be acquired on payment of compensation to the FRA title holder as per RFCTLAR & R Act, 2013, whether the entire land acquisition process is to be followed right from section 4 under this act or only section 26 of the said Act is to be followed for deriving the compensation amount to be paid to the title holders?
2. Since there is no clear cut modality of payment of compensation in these cases, a step-by-step modality/process may kindly be outlined to avoid litigation at a later stage.

We would request for earliest clarification of above to expedite the issuance of FRA certificate to complete the forest diversion proposals pending at the district for various flagship and important projects like Biju Express Way, Naria Loco POH, IDCO (Industry expansion) etc.

Yours faithfully,

20/2/2022
Collector Kalahandi

Subject: Expansion of Alumina Refinery (1 MTPA to 6 MTPA) and Captive Power Plant (75 MW to 285 MW) by M/s. Vedanta Limited, located at Lanjigarh District Kalahandi Odisha - Amendment in Environment Clearance – regarding.

Sir,

This refers to application of M/s. Vedanta Limited made online vide proposal no. IA/OR/IND/209784/2021 dated 22/04/2021 along with Form 4, submission of additional information vide letter dated 29/05/2021 and 08/06/2021, and sought for amendment in Environment Clearance accorded by the Ministry vide letter no. J-11011/406/2011/IA-II(I) dated 20/11/2015.

2. The proposal was considered by the Reconstituted EAC (Industry-I) in its 36th meeting held on 18-19th May, 2021, 37th meeting held on 31st May- 1st June, 2021 and 38th Meeting held on 15-16th June, 2021. The EAC proceedings of the said meetings are furnished as below:

Details submitted by the project proponent

3. M/s. Vedanta Limited submitted their application to MoEF&CC on 19/08/2014 for grant of EC for expansion of **(1MTPA to 6 MTPA – Phase I: 1 to 2 MTPA; Phase II: 2 to 4 MTPA and Phase III: 4 to 6 MTPA)** Alumina Refinery and Captive Power Plant (from 75MW to 285MW) at Dist. Kalahandi, Odisha. As per the proposal submitted to MoEF&CC, the total project area is 1552.7 ha. Out of this total area, 833.17 + 53.5 ha is under advanced stage of acquisition and the balance 666.03 ha was yet to be acquired. Since the total land required for the project activity was not under the possession of proponent, the EC was accorded for the expansion of Alumina Refinery **(1 MTPA to 4 MTPA)** and Captive Power Plant (75 MW to 285 MW) on 20/11/2015. As per para no. 26 of the EC dated 20/11/2015, the project need not go through a fresh appraisal process again for the Phase -III expansion from 4 to 6 MTPA and stipulated a following specific condition:
"v. For Phase-III (6 MTPA), the proponent shall obtain an amendment of EC after completion of land acquisition of the balance area of 666.03ha".
4. The phase wise land break up for the alumina refinery as per EC dated 20/11/2015 is furnished as below.

S. No.	Facility	Existing area (ha)	Addl. land for Phase I (ha)	Addl. land for Phase II	Addl. land for Phase III	Total
1.	Main Plant with green belt	420	0	0	0	420
2.	Red Mud Storage Pond with green belt	211.47	0	53.5 ha (process of acquisition initiated)	518.03 (yet to be acquired)	783
3.	Ash Pond with Pipeline with green belt	95.4	0	0	80 (yet to be acquired)	175.4
4.	Township & Misc including green belt	52.5	0	0	28 (yet to be acquired)	80.5
5.	Railway including Green belt	53.8	0	0	40 (yet to be acquired)	93.8
	TOTAL	833.17 ha	0	53.5	666.03 ha	1552.7 ha

5. The instant amendment proposal is for seeking amendment in the EC dated 20/11/2015 as given below:

- i. As per the assessment done by Industrial Promotion & Investment Corporation of Odisha (IPICOL), the nodal agency of Government of Odisha through Engineers India Limited (EIL) have assessed that the total additional land required for expansion to 6 MTPA is of only 666 acres i.e. 269.52 hectare as against 666 ha prescribed in the EC dated 20/11/2015. The major additional land requirement for red mud storage got reduced to 263.5 ha against 571.53 ha as per EC 2015 due to adoption of new technology and conversion from Wet disposal to Dry disposal of red mud.
- ii. Technical justification for Reduction of Land requirement for Red mud storage is due to following points to be adopted for disposal of red mud.
 - a) Switching from Wet disposal to Dry disposal through red mud Filtration unit by reducing the moisture percentage to 20-25%.
 - b) Adoption of Wick drain technology in the earlier Wet red mud storage area for extraction of moisture content and utilize the area for Dry stacking.
 - c) Adoption of stage-wise dry stacking methodology with proper design analysis.
 - d) Development of a new red mud disposal area contiguous to the existing red mud disposal area so as to increase the base of the dry stacking as well as height of the stack.
 - e) Separate storage to handle the run-off water of red mud stacking area during monsoon.
 - f) It is to be noted that with dry mud stacking, the disposal area is not a pond but a dry disposal area for Bauxite Residue.
- iii. Design aspects of red mud storage area with Dry disposal with increasing Height.

M/s. Vedanta appointed M/s. Golder Associates who has experience in dry stacking of tailings. Based on M/s. Golder Associates design report, the following points need to be ensured for the safe disposal of dry red mud.

- a) Stacking height will vary from RL 463m to RL 550m
- b) At the center of the dry stack, the height will be 87m. The overall slope is very safe at 4. 5H:1V.
- c) Height of each stack limited to 7m height.
- d) Berm width of 15m to be kept after each stack

- e) Side slope over the wick drain area to be kept 3H: 1V and in other area 2H: 1V
- f) 500mm thickness of soil blanketing to be done outer surface of the slope followed by coir mats with seeding for green vegetation.
- g) After reaching the final height of proposed stack, slope to be regraded & convert to single slope which will be kept in 4.5H: 1V.

After completion of design by M/s. Golder, for reassurance of the safety of the proposed design M/s Vedanta Limited (VL) had taken the services from IIT, Bhubaneswar for independent analysis. Dr. B Hanumantha Rao, Asst. Prof. IIT, Bhubaneswar had done the analysis through simulation for the proposed dry red mud stack. The action plan delineated by the IIT, Bhubaneswar is as below:

Emergency Response Plan for risk management: This report primarily comprises of emergency preparedness and response plan under an eventuality of breach in dyke of existing or proposed new solid waste red mud storage facility. The action plan is prepared considering two scenarios: breach in dyke of the red mud storage facility and rupture of red mud slurry carrying pipeline. The report highlighted Emergency Command Structure in G-shift working hours and silent hours, which comprises of combat group, Rescue team and Communication coordination group. The duties and responsibility of each group also clearly mentioned in the report.

Checklist of monitoring tailings storage facility: The monitoring check list comprised of reporting the present condition of tailings storage on Daily, Weekly, Monthly, and Quarterly basis, which follows a hierarchy.

Instrumentation for monitoring of tailings storage facility: The monitoring aspects include sliding of the slope, fluctuation in seepage and settlement of embankment. The action plan delineates monitoring of these aspects by installing vibrating wire piezometer in wick drain area, piezometer in dykes for the pore pressure measurement & calculation of FOS (factor of safety), survey monuments in the embankment and inclinometer on the slope of the starter embankment. Through these instruments, safety of the dyke will be monitored on regular basis to avoid any critical situations. It is also recommended to monitor the pore pressure so that pore pressure should not increase beyond 40KPa and 55KPa in stage-1L & 2B-2.

Water Management: The action plan addresses two aspects of water management: surface runoff water within the stacking area and fresh water coming from hillside catchment area. Surface runoff from the stacking area will be diverted into process Water Lake which is utilized internally by proponent. To manage the fresh water, it is first collected in the storm water pond to be constructed on the upstream side of stacking area and shall be released into natural stream or nalla. The action plan by proponent on the recommendation of IIT Bhubaneswar for utilization of fresh water is by implementation of 100% pumping system.

Closure plan: The action plan on Closure plan includes regrade the slope by benching, redesign of toe drain, covering the red mud with 500 mm thick natural soil, covering the natural soil with coir mats and plantation on coir mats to minimize the precipitation infiltration, to enhance the greenery, and to reduce the erosion.

Post closure monitoring plan: Action plan on post closure includes erosion prevention by gully formations, habitat assessment, retention of greenery by monitoring the

surveillance of plant species, quality checking of surface water and ground water on regular basis, and land use for beneficial purpose.

Dam break analysis to minimize the impact on Environment and human habitat:
M/s. Golder Associates vide report no.: 1786571/A.0 has submitted a detailed report on dam break analysis of red mud storage facility. Action plan of proponent is to evacuate the habitants of Bundel village and the habitants of the temporary shops developed near to the plant gate with the help of rescue team and shift the habitants to safe location. Action plan of proponent also includes to have material resources such as 3600 sandbags, 360 m³ of boulders, 300 m³ of stone aggregates and 120 m³ of stone clips to hinder the flow of debris under contingency plan.

At the outset, the Chairman welcomed the newly elected Zilla Parishad members as well as the official members.

Following issues on implementation of FRA were discussed:

1. Implementation of Forest Rights Act, 2006 & Rules thereof:

(a) Recognition of Forest Rights:

It was brought to the notice of the committee that 10941 Nos of Individual Claims, 255 Nos of Community Forest Rights (CFR) & 72 Nos of Community Forest Resource Rights (CFRR) claims have been received and approved earlier by the DLC. Out of the approved claims, titles have already been distributed to FRA beneficiaries as follows:

Individual Rights/Claims (IR): 10919 nos
Community Forest Rights (CFR): 185 nos
Community Forest Rights Resource (CFRR): Nil

The Committee suggested that massive awareness drive needs to be taken up to ensure no eligible beneficiary is left out. For rest undistributed titles, the Chairman directed the DWO to immediate handover the same to the Tahasildars for distribution of titles to the beneficiaries with proper demarcation of vested land.

(Action: DWO/ Tahasildars)

(b) Correction of RoR and demarcation of land of title holders:

It was observed by the Committee that ROR correction and land demarcation is still pending in few Tahsils. The Chairman expressed his concern and strictly instructed the Tahasildars for immediate demarcation of Forest land vested with the beneficiaries and correction of RoR. A report of compliance certifying all the vested land is demarcated and RoR corrected is to be given by Tahsildars within 1 month. DWO to follow up on this.

(Action: DFOs/DWO/ Tahasildar)

(c) Convergence under various development schemes of the Govt.:

The Committee suggested that FRA beneficiaries be given special focus and convergence activities be taken up for ensuring successful implementation of various developmental schemes.

(Action: DWO/ PD-DRDA/ BDOs)

2. (A) Diversion proposal of 15.265 ha (37.72 acres) of forest land for non-forest purposes under the Forest (Conservation) Act, 1980 ensuring compliance of the STs & Other Traditional Forest Dwellers (FRA) Act, 2006 for expansion of existing Red Mud Pond (RMP) in village- Rengopali by the User Agency, M/s IDCO, Bhubaneswar (Project proponent - Vedanta Limited, Lanjigarh.

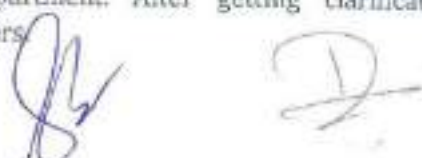

The proposal has been received from the User Agency, IDCO, Bhubaneswar (Project Proponent: Vedanta Limited, Lanjigarh) for diversion of forest land of 15.265 ha. (Ac.37.72) for non-forest purposes under the Forest (Conservation) Act, 1980 ensuring compliance of the STs & Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 for expansion of existing Red Mud Pond (RMP) in Village- Rengopali of Lanjigarh Block. The User Agency has requested to the district administration to issue of No Objection Certificate under FRA, 2006.

On receipt of the above proposal, in order to ensure compliance of Forest Rights Act, 2006 and to obtain Gramsabha consent the BDO & Tahasildar, Lanjigarh were required to submit a detailed report/ status of the forest land proposed for diversion. Accordingly, the BDO, Lanjigarh conducted Gramsabha in the village Rengopali on 23.12.2021 in presence of majority of the villagers. The BDO & Tahasildar, Lanjigarh have enquired into the matter and reported that 57nos of beneficiaries have been vested with forest land of Ac.14.64 out of proposed area of Ac.37.72 for diversion.

The proceeding of Gramsabha, report of BDO & Tahasildar, Lanjigarh, proceeding of SDLC as well as report of Sub-Collector-cum-Administrator, R&R, Bhawanipatna were placed before the Committee for discussion.

The Gramsabha proceeding reveals that all the members including FRA beneficiaries and their dependents have agreed for diversion of proposed forest land, subject to payment of compensation. The report of Sub-Collector-cum-Administrator, R&R, Bhawanipatana discloses that, over the proposed land of Ac.37.72 (15.265 ha.) the beneficiaries and others have already been provided with compensation for acquisition of their Rayat Land (not FRA land) at Village-Rengopali as per Section-26 of RFCTLAR&R Act,2013 along with other benefits under R&R Package as approved in the RPDAC meeting dated 09.08.2019. They have been considered with other benefits like house, employment, OTS etc. after completion of shifting process of all the PDFs to R&R Colony by Vedanta Limited, Lanjigarh. The above beneficiaries and their dependents are no longer dependent over the forest land of Ac.14.64 vested with them under FRA, 2006. The report received from Dist. Employment Officer, Kalahandi reveals that out of 57 title holders/ their dependents, 15 nos opted for OTS in lieu of employment and rest 42 nos joined direct employment as Trade technician trainees in M10 grade by Vedanta Limited.

It was discussed in the house that regarding modalities for payment of compensation to FRA patta/ title holders the District Administration has asked for clarification from the Revenue & Disaster Management Department. After getting clarification adequate compensation will be paid to the title holders.

The above mentioned reports and SDLC proceeding received at the DLC discloses that all actions have been adopted positively in maintaining equity in adherence to intended Govt. guidelines as required in L.No.17446/F&E, dated.21.08.2013 with reference to GOI letter dated 05.02.2013 ensuring the compliance of the Forest Rights Act,2006.

After a threadbare discussion, basing on Gramsabha proceeding, SDLC proceeding, reports of the BDO & Tahasildar, Lanjigarh, report of the Sub-Collector-cum-Administrator, R&R, Bhawanipatna and Dist. Employment Officer, Kalahandi, the Committee unanimously decided to issue interim certificate for diversion of proposed forest land in favour of the User Agency.

Sub: Status report on forest land of Village- Rengopali for diversion of Ac.37.72 (15.265 ha.) for non-forest purposes in favour of the User Agency, M/s IDCO, Bhubaneswar (Project Proponent-Vedanta Limited, Lanjigarh) under Forest (Conservation) Act, 1980- ensuring the provisions of STs & OTFDs (Recognition of Forest Rights) Act, 2006 & Rules thereof.

Ref: District Office Letter No 2352, Dated.18.11.2021

Sir,

In inviting a kind reference to the above cited letter on the subject I am to say that I have enquired into the status of the Forest land of Village- Rengopali which reveals that out of proposed forest land of Ac.37.72 (15.265 ha.) for diversion, 57 nos of Forest Rights beneficiaries have got title under FRA pertaining to an area of Ac.14.64 which has been vested with them for agricultural purpose. It reveals from the Gramsabha proceeding that the said beneficiaries have been identified by the Forest Rights Committee and recommended by the Gramsabha of Rengopali to the SDLC and the same also recommended to the DLC and got approved for which title have been issued to the beneficiaries. But they are not residing in the village and dwelling at 1 ½ km distance with their family. Since the forest land of their rights is to be diverted for non-forest purposes their consented views were taken. In course of Gramsabha meeting each individual personally expressed that they are willing to leave the forest land in case of facilitating them for their proper sustainable means by providing livelihood to their family to lead their lives in social stream.

In such circumstances a gramsabha was conducted on dated 23.12.2021 with majority of villagers, Govt. Officials, PRI members alongwith FRC members. In course of discussion for diversion of forest land of Ac.37.72 (15.265 ha.) including vested land to Forest Rights holders (Ac.14.64) it was unanimously consented by all the members of gramsabha alongwith the Forest Rights holders that they have no objection for such diversion of forest land for non-forest purposes in favour of the User Agency, M/s IDCO, Bhubaneswar (Project Proponent- Vedanta Limited, Lanjigarh) for expansion of existing Red Mud Pond in village- Rengopali.

This is for kind information.

Certificate to whom it may concern

A proposal was received for diversion of forest land at Village-Rengopali under Lanjigarh Tahasil measuring an area of Ac.37.72 (15.265 ha.) of the said village for non-forest purposes in favour of the User Agency, M/s IDCO, Bhubaneswar (Project Proponent- Vedanta Limited, Lanjigarh) for expansion of existing Red Mud Pond under Forest Conservation Act, 1980 ensuring the compliance of provisions of Forest Rights Act, 2006. In complying to the statutory obligation of the relevant Act & Rules alongwith the Govt. guidelines received from time to time, required Gramsabha was conducted on 23.12.2021 in Village- Rengopali with majority of Gramsabha members of the village in presence of the Govt. Officials, PRI members. The Gramsabha proceeding discloses that the villagers consented their willingness without any objection for such diversion of the forest land of their village. It also reveals from the report of BDO & Tahasildar, Lanjigarh that 57 nos of beneficiaries of the said village have been vested with forest land of total Ac.14.64. The same has been identified by the then forest rights Committee and recommended by the Gramsabha of Rengopali to SDLC and got approved by the DLC for which title have been issued to the beneficiaries. The beneficiaries and their dependents have stated individually that the forest land vested with them are meant for agricultural purposes; But the said purpose is not fulfilled since they are not residing in the village for last few years and they are residing 1½ kms away from the village and the forest land vested with them are now not of much use to them. So the beneficiaries and their dependents without indulgency willfully agreed for diversion of forest land for non-forest purposes and they intend to afford them due assistance for their day to day smooth livelihood in all respects to support them as per Govt. Scheme. All other villagers also agreed for such diversion for non-forest purposes. Now the village is barren in absence of the inhabitants and free from any encumbrance.

The Report of BDO & Tahasildar, Lanjigarh also reveal similar stamped version as recorded in the Gramsabha proceeding.

In view of the compliance to provisions of Forest Rights Act, 2006 it also reveals that the imperative tone of provisions of the Act & Rules along with Govt. guidelines have been strictly followed without prejudice to the interest of the villagers without indulgence to the claims of the Forest Rights beneficiaries.

OFFICE OF THE COLLECTOR & DISTRICT MAGISTRATE, KALAHANDI (ODISHA).

No. 539/LA

Dated 21 February, 2022

From : Dr. Gavali Parag Harshad, IAS,
Collector & Dist. Magistrate, Kalahandi.

To
Ms. Ellora Samal
Joint Secretary,
Revenue & Disaster Management Department,
Govt of Odisha, Bhubaneswar

Sub: Clarification on different issues arising out of acquisition of land on ongoing projects of Kalahandi District.

Ref: Your letter no. 5490 dated 19th February 2022.

Madam,

In reference to clarification provided at para 2 of the above referred letter dated 19th February 2022, I would request for further clarification on following queries for expediting the payment compensation to Individual FRA title holders:

1. As the clarification says that Individual Forest Rights can be acquired on payment of compensation to the FRA title holder as per RFCTLAR & R Act, 2013, whether the entire land acquisition process is to be followed right from section 4 under this act or only section 26 of the said Act is to be followed for deriving the compensation amount to be paid to the title holders?
2. Since there is no clear-cut modality of payment of compensation in these cases, a step-by-step modality/process may kindly be outlined to avoid litigation at a later stage.

We would request for earliest clarification of above to expedite the issuance of FRA certificate to complete the forest diversion proposals pending at the district for various flagship and important projects like Biju Express Way, Naria Loco POH, IDCO (Industry expansion) etc.

Yours faithfully,

20/2/2022
Collector Kalahandi
