Sir,

I wish to invite kind attention to the reference 2nd cited above , where in the Block Development Officer, Pennagaram has uploaded the Mutation of land details in Parivesh portal.

As per the ref cited 3, the Principal Chief Conservator of Forest, Chennai has rejected and instructed to revise the proposal to upload the revised compliance report.

Sl no	Shortcomings Noted	Rectification done
1.	Details and documents of mutation and handing over on CA Land not furnished.	The District Collector Order of the mutation of land and Handed over documents to Forest Department furnished and enclosed.
2.	Compliance of condition on felling of Spontaneous trees not furnished	The Compliance of condition on felling of Spontaneous trees by the user agency has been furnished and enclosed
3	Details of the approval obtained on wild life clearance not furnished	With reference of the Principle Chief Conservator Forests (HoFF), Chennai Lr No WL5/HOTNFD/241 /2024 dated 21.08.2024, this proposal of road from Thimmalanmedu to Kotturmalai is only 3.881 km and as per EIA more than 30 Kms leghth only requires Environmental clearance. Hence this proposal not required the Clearence of Standing Committee of National Board for Wildlife. The online proposals for wild life clearance has been with.drawn from the portai .

Hence it is requested that the proposal may be considered for the Final approval (Stage II) for diversion of 2.91 ha (revised against earlier proposed 5.00 ha) i.e. 3.881 km length with 7.5 mtrs width (BT portion restricted to 3.75 mtr) of forest land in Kesarkuli RF and Thirumalvadi RL of Palacode Range in Dharmapuri Forest Division for formation of road from Thimmalamedu to Kotturmalai in Pennagaram Block of Dharmapuri District.

O/o. Principal Chief Conservator
Forests (HoFF),
State Forest Headquarters,
Guindy-Velachery Main Road,
Chennai - 600 032
Dated: 21-08-2024

Sub: Forests - Wildlife - Proposal for formation of Thimmalanmedu to Kottumalai Road in Vattuvanahalli Panchayat, Pennagaram Panchayat Union - Standing Committee of National Board for Wildlife clearance requested - Regarding.

Ref: Online proposal received through PARIVESH web portal on 06-08-2024

* * * *

Attention of the District Forest Officer, Dharmapuri is invited to the reference cited. It is informed that as per the revised guidelines issued by the Government of India for obtaining Standing Committee of National Board for Wildlife clearance vide letter F. No. 6-30/2019-WL dated 13-12-2023 for taking up any activity within an ESZ, if notified, or within 10 km zone of the boundary of National Parks or sanctuaries, if ESZ has not been notified, prior approval of the SCNBWL shall be required:

- i. For construction and allied activities undertaken by and for Indian Railways and any of its subsidiaries/sister concerns; or
- ii. If the activity/project is listed in the schedule of the Environment Impact Assessment Notification, 2006 as amended from time to time.

Based on the report submitted vide letter No. 7967/2018/D dated 01-11-2023, the proposed road from Thimmalanmedu to Kottumalai is 3.881 Kms and as per EIA more than 30 Kms length only requires Environmental Clearance. Hence, question of Environmental clearance does not arise in this case. Therefore prior clearance from the Standing Committee of National Board for Wildlife is not required.

Hence, the District Forest Officer, Dharmapuri is requested to permit the user agency to carryout the proposed road work from Thimmalanmedu to Kottumalai inside the default Eco Sensitive Zone of Cauvery South Wildlife Sanctuary. He is also requested to withdraw the online proposal.

[4] I.A. NO. 191583/2022
[APPLICATION FOR DIRECTIONS ON B/O DIVISIONAL ENGINEER, HIGHWAYS,
NABARD AND RURAL ROADS, CHENGALPATTU, TAMIL NADU]

Application for impleadment is allowed for the purpose of directions.

I.A. Nos. 168320/2022 and 168313/2022 have been filed by the NHAI, Puducherry, seeking permission to remove 177 spontaneous trees in the Gopalamudram, Reserve Forest Block, Kollidam River Bed in Sirkazhi Range of Nagapattinam District from Poondiyankuppam to Sattanathapuram Design Chainage Km: 106 + 200 to 106+568 for laying a fourlane road in Poondiyankuppam to Sattanathapuram section of NH-45A.

I.A. NO.191583/2022 is filed by the State of Tamil Nadu seeking permission to fell four trees in the Mahanyam Reserved Forest Area, Kancheepuram District for the upgradation of road between Mahaniyam to Padappai (Km 0/0 - 1/200).

These applications have been filed in view of the order passed by this Court on 12.12.1996, reported in T.N. Godavarman Thirumulkpad v. Union of India, (1997) 2 SCC 267, wherein a ban was imposed by this Court on felling of trees in all forest areas where there was a continuous growth.

It is to be noted that when the order was passed by this Court in 1996, the Compensatory Afforestation Fund Act, 2016, Forest Conservation Rules, 2022 and Compensatory Afforestation Fund Rules, 2018 were not brought into force.

We have heard Shri A.D.N. Rao, learned senior counsel, who appears as Amicus Curiae and Shri K. Parameshwar, learned counsel,

who also appears as Amicus Curiae and Shri Mahendra Vyas, Advocate, a Member of the CEC. We have also heard learned counsel appearing for the NHAI and for the State of Tamil Nadu.

The counsel for the NHAI as well as the State of Tamil Nadu submit that on account of a condition which requires permission of this Court to be obtained for felling of the trees for execution of public projects, at times, the projects are delayed for long periods, which substantially enhances the cost of the project. They further submit that after the 1996 order was passed, various statutory provisions have come into force, which take adequate care of the matters relating to environment.

Shri K. Parameshwar, learned Amicus Curiae, has also placed on record his note recommending certain conditions, subject to which the authorities may be permitted to grant permission for felling of the trees.

Shri Mahendra Vyas has expressed his concern that when the permissions are being granted by the Competent Authority, the authorities granting permission do not provide for steps to ensure mitigating measures for free flow of wildlife from one part of the forest to the other part, divided by road.

We may take note of the order passed by the Nagpur Bench of the Bombay High Court in a Suo Motu matter in the case of *The Court on its own motion v. National Highway Authority of India, Nagpur and Others*, wherein the Court, while considering the issue of widening of the National Highway No. 44 from Nagpur to Jabalpur, which passes through Pench Tiger Reserve, had directed various mitigation measures to be undertaken. The Court had issued certain

directions after consulting the Wildlife Institute of India (WII), the National Tiger Conservation Authority (NTCA) and the National Environmental Engineering Research Institute (NEERI). The said project was the first project which provided for mitigation measures for free flow of wildlife. The underpasses having adequate height and length, which would ensure the continuity of the forest, were directed to be constructed, so that there is no obstruction for free flow of wildlife from one part of the forest to the other part of the forest, divided by road.

Recently, in Maharashtra, a Greenfield Project, namely the Samruddhi Mahamarg has been constructed, which has also provided underpasses as well as over-passes for free flow of wildlife from one part of the forest to the other part of the forest, divided by the roads.

We are of the considered view that, the authorities should take care to ensure that mitigating measures, on the aforesaid lines, are provided for, while granting permission for construction or expansion of the roads.

As already stated hereinabove, when the order dated 12.12.1996 was passed by this Court, 2016 Act so also 2018 and 2022 Rules were not brought into force. Now, 2016 Act, so also 2018 and 2022 Rules address the concern of compensatory afforestation, whenever the permission for felling of trees is required to be granted.

The said provisions provide that before felling of trees, the permission of the Competent Authorities is to be taken and such permissions are to be granted only after the measures for compensatory afforestation are ensured.

It cannot be disputed that the development cannot be stalled, with the only requirement being that it should be sustainable and that at the same time, adequate measures for causing minimal damage to the environment must be undertaken.

We find that since now there are statutory enactments taking care of these requirements, requiring the State or any of the authorities to approach this Court every now and then for permission to cut the trees, would cause unnecessary delay in execution of the projects. In some of the cases, the applications are pending since 2018. It is common knowledge that delay in execution of the project enhances the cost, at times multi fold, thereby causing a dent to the public exchequer.

We are, therefore, of the considered view that in order to ensure that delay in projects is avoided and at the same time the environment concerns are addressed, the order dated 12.12.1996 passed by this Court needs to be modified so far as it concerns the State of Tamil Nadu.

We, therefore, direct that the order requiring permission of this Court for felling of trees in all forest areas in respect of any road projects initiated by the State Government, National Highway Authority of India or any other instrumentality of the State, which involves cutting of up to 500 trees is recalled, however, subject to the following conditions:-

1. Such felling shall be done only after necessary approval under the Forest Conservation Act, 1980, Forest Conservation Rules, 2022, Compensatory Afforestation Fund Act, 2016 and Compensatory Afforestation Fund Rules, 2018 are obtained from the Competent

Authority under the said enactments.

2. The projects would be permitted only after the concurrence of the Integrated Regional Office (IRO), Chennai.

3. While granting such permissions, the authorities also should provide for necessary mitigation measures for ensuring free flow of the wildlife from one part of the forest to the other whenever such forest is divided by roads.

However, such modification shall not apply in respect of the roads which are required to be constructed or upgraded inside wildlife sanctuaries, national parks, tiger reserves and elephant corridors.

The applications are, accordingly, disposed of.

[5] I.A. No. 186910/2022
[CEC Report 30/2022 - REPORT OF CEC IN APPLN. NO. 1557/2022

[22] I. A. NO. 5269 AND 5275 OF 2023
[APPLICATIONS FOR INTERVENTION AND DIRECTIONS ON B/O ASSN. FOR
ODISHA REALESTATE DEVP.] _____

The application for intervention is allowed for the purpose of directions.

This applicant(s) has sought various prayers. However, the prayer that is pressed in service is thus:-

“(c) Clarify that the directions contained in Para 44 of the order dated 03.06.2022 passed by this Hon’ble Court in I.A. No.1000 of 2003, preferred in W.P. (C) No.202 of 1995, providing a minimum of 1 KM ESZ would not be applicable to the Chandaka-Dampara Wildlife Sanctuary”

The application is filed by the applicant(s) in view of the orders passed by this Court dated 03.06.2022 wherein certain directions have been issued with regard to the minimum width of the ESZ. While passing the order dated 03.06.2022, the Bench of three Judges in paragraph 42, has specifically noted the views of the Standing Committee that there could be specific instances wherein ‘no development zone’ of 1 Km. may not be feasible. The Court recorded the specific instances of Sanjay Gandhi National Park and Guindy National Park.

Subsequently, certain applications with respect to Sanjay Gandhi National Park and Thane Flamingo Creek Sanctuary (I.A. No. 1000 of 2003 etc.) were filed, which were decided by a

Bench of three Judges vide order dated 23.09.2022.

In the order dated 23.09.2022, this Court, after recording the aforesaid observations made in the order dated 03.06.2022, noted the submission of the learned Solicitor General appearing on behalf of the State of Maharashtra and Union of India to the effect that in view of the final notifications being issued, there should be no impediment in granting the relief as prayed for.

In the case of Thane Flamingo Creek Sanctuary, the notification was dated 14.10.2021. In so far as the Sanjay Gandhi National Park is concerned, the final notification was dated 05.12.2016. The notification in respect of Chandaka-Dampara Wildlife Sanctuary issued, which is the subject matter of the present proceeding, is dated 09.09.2016.

In that view of the matter, we find that the view taken by the three Judges while passing the order dated 23.09.2022 would be equally applicable to the present case also.

The application for directions is, therefore, allowed in terms of the prayer clause (c).

Sir,

I wish to invite kind attention to the reference Ist cited above , where in the Block Development Officer, Pennagaram has uploaded the Wild life clearance for the above said road proposal in Parivesh portal.

As per the ref cited 2, the Principal Chief Conservator of Forest, Chennai has informed that proposal of road from Thimmalanmedu to Kotturmalai is only 3.881 km and as per EIA more than 30 Kms length only requires Environmental clearance. Hence this proposal not required the Clearance of Standing Committee of National Board for Wildlife.

Hence, it is requested that to permit the withdrawal of the online proposal for diversion of 2.91 ha (revised against earlier proposed 5.00 ha) i.e. 3.881 km length with 7.5 mtrs width (BT portion restricted to 3.75 mtr) of forest land in Kesarkuli RF and Thirumalvadi RL of Palacode Range in Dharmapuri Forest Division for formation of road from Thimmalamedu to Kotturmalai in Pennagaram Block of Dharmapuri District.

Block Development Officer (BP),
Pennagaram.

Attention of the District Forest Officer, Dharmapuri is invited to the reference cited. It is informed that as per the revised guidelines issued by the Government of India for obtaining Standing Committee of National Board for Wildlife clearance vide letter F. No. 6-30/2019-WL dated 13-12-2023 for taking up any activity within an ESZ, if notified, or within 10 km zone of the boundary of National Parks or sanctuaries, if ESZ has not been notified, prior approval of the SCNBWL shall be required:

- i. For construction and allied activities undertaken by and for Indian Railways and any of its subsidiaries/sister concerns; or
- ii. If the activity/project is listed in the schedule of the Environment Impact Assessment Notification, 2006 as amended from time to time.

Based on the report submitted vide letter No. 7967/2018/D dated 01-11-2023, the proposed road from Thimmalanmedu to Kottumalai is 3.881 Kms and as per EIA more than 30 Kms length only requires Environmental Clearance. Hence, question of Environmental clearance does not arise in this case. Therefore prior clearance from the Standing Committee of National Board for Wildlife is not required.

Hence, the District Forest Officer, Dharmapuri is requested to permit the user agency to carryout the proposed road work from Thimmalanmedu to Kottumalai inside the default Eco Sensitive Zone of Cauvery South Wildlife Sanctuary. He is also requested to withdraw the online proposal.
