Forest Range Officer  
Charilam Range

Note: 1. \*The transportation distance from the extraction site to permanent depot under Kathalia Range is estimated to be about 100km as per physical field condition. This transportation is needed because there is no any nearby permanent depot under Bishalgarh subdivision and moreover there is no suitable space for temporary depot. The deviation is required in standard departmental schedule and hence adopted from the schedule rate @Rs. 1225/- for 20km as reference. Therefore, for 100km transportation cost it is calculated Rs. 1,74,795.25/-
