

Full Title of the Project: Construction of ROB and their approaches in lieu of existing LC at Km 103/4 of NH-234 (New No.38) Mangalore-Villupuram Road) (LC.No.856/A-3/E) at Ettivadi

File No.: FP/TN/ROAD/36285/2018

Date of Proposal: 01 Oct 2018

CHECK LIST SERIAL NUMBER-10

PROJECT SITE LOCACTION JUSTIFICATION NOTE

Reserved forest land is proposed to be diverted for proposed construction of ROB & Its Approach on NH-234 Near Km 103.400 (LC Gate No. 86/A-3/E) in Vellore in state of Tamilnadu. The proposed ROB would be a part of NH-234. NH-234 starts from Mangalore, Karnataka, travels through Venkatagirikota in Andhra Pradesh and Vellore, Thiruvannamalai and finally terminating at villupuram in the state of Tamilnadu. After construction of ROB the need of the level crossing at the location would be eliminated, thus ensuring a smooth traffic movement on the highway. Required forest land for construction of ROB is 0.4601 Ha, It is the minimum forest area and there is no alternative for this forest land.
