To
Divisional Forest Officer,
West Division,
Chittoor,
Chittoor District

Sub: NHA-PIU-Tirupati – Rehabilitation and upgradation of Chennai-Chittoor-Bangalore Road of NH-4 from KM 133.360 to 216.975 of NH-4 in the State of Andhra Pradesh (DPR/Kar/Phase-III/II/2010) - Package II (Nalagampalli to AP/Karnataka Border) – Submission of Revised Forest Maps along with DGPS Raw Data – Reg.

Ref: 1) PCCF Lr.No. 4834/2016/FCA3 dated 22.06.2017
2) This office Lr.No.NHA/PIU-Tirupati/LA/2017/255 dated 23.06.2017
3) SPL/(R&B)NH/NH-4/06-17/270, dt: 13.07.2017

Dear Sir,

This is in reference cited above, resurvey for the forest sections as per the directions given during various meetings with officials at PCCF, Guntur and IT Wing, Forest Office, Hyderabad from 03 May 2017 to 22 June 2017.

The resurvey work has been undertaken from 28 Jun 2017 to 07 Jul 2017 with Dual Frequency Differential Global Position System (DGPS) receiver with observations of 15 to 20 Minutes at each point. The points are also connected to Survey of India (SOI) Ground Control Point (GCP), located at Zilla Court, Madanapalle Mandal, Chittoor (about 50 km from proposed NH 4 alignment). Observation has been done for 8 hours at the SOI GCP and the instrument details used for the forest survey (make : Trimble, Model No.R-4 & Frequency : Dual).

The survey has been carried out to form a closed polygon, in the presence of the authorized persons from your corresponding Range Forest Offices of Chittoor District. Data acquired using DGPS has been processed and the co-ordinates have been plotted. Compartment wise forest area required to be diverted has been arrived at based on the drawings generated.

The area calculations based on the DGPS Observations are as follows:

Sl.No	RF Block Name	Compartment No.	Label	Area (Ha)
1	Palamaner & Tekumanda Extn	310, 384, 309	A,B,C,D,E,F, G, H, I & K	11.48
2	Pathikonda	273, 271, 272	A,B,C,D, E F, G, H, I & J	8.15
3	Chittapara	227	A	0.27
Total				19.90

Following documents are enclosed herewith for your kind perusal and further processing:

1. DGPS RAW data in soft copy - (5 sets)
2. Forest Survey Photographs in Hard and Soft copy - (5 sets)
3. Drawings showing Forest Land required to be diverted, in Hard copy - (05 sets) and Soft copy - (5 sets)

In light of the above, it is request to forward the above proposal to the PCCF for getting Forest Stage-I Clearance at the earliest. The LOA has already issued for the above stretch long back and awaiting approval of the **Stage-I Forest Clearance** as the same is pre requisite to conclude the Agreement and thereby work can commenced at the earliest.

Thanking you Sir,

Yours faithfully,

Encl : As above

Naaidu
