Office of the Executive Engineer,
KNNL Kalasa Project Division
Khanapur
Date:

To,
The Deputy Conservator of Forests
Belagavi Forest Division,
Karnataka Forest Department,
Belagavi - 560056

Sir,

Sub: Diversion of 32.2761 ha forest land for construction of diversion weir, Jackwell cum pump house, electrical substation, pipe line and power line in Kanakumbi, Chorle, Parvada & other villages of Khanapur Taluk in Belagavi District under Kalasa Nala Diversion Scheme- reg.,

Ref: PCCF and Nodal Officer, Forest (Conservation) Act-1980, Karnataka Forest Department, Bangalore Acceptance of Application Dt: 01.07.2022

Kalasa Nala Drinking Water Supply Scheme involves diversion of 1.72 TMC of water from Kalasa Nala and Haltara Nala to augment the storage in Malaprabha reservoir. Thereafter, the water will be utilised for drinking water needs of Hubli-Dharwad twin cities and other surrounding areas.

The proposed project involves construction of diversion weir of 10.50 m high (from the bed level of nala) is proposed across Kalasa and 11.80 m height across Haltara Nala from the Nala bed level.

A jack well cum pump house is proposed at the fore shore of the diversion weir. Water will be lifted and conveyed through MS pipe of 2.55 m dia and delivered to the already constructed Inter Connecting Canal (ICC) at an elevation of 734.50m. Similar arrangement is proposed for Haltara and the conveyance system consisting of MS pipe of 1.60 m dia will be delivering the water to ICC. Administrative approval for the project has been issued by the Government of Karnataka vide letter no. WRD 14 MPZ 2019, Bangalore Dt: 10.07.2020. Providing drinking water to the water deficit areas is the priority of the Government and it is in-line with the requirement of National Water Policy-2012.

The project envisages diversion of 32.2761 Ha of forest land for construction of diversion weir, Jackwell cum pump house, electrical substation, pipe line and power line in Kanakumbi, Chorla, Parvada & other villages of Khanapur Taluk of Belagavi Forest Division. Hence, the project attracts provisions of Forest (Conservation) Act, 1980 and requires approval from MoEF&CC for diversion of the aforementioned forest land. An application for diversion of forest land was submitted through Parivesh portal (FP/KA/WATER/157327/2022) and vide reference cited above accepted the online application and informed to submit the Hard Copy of the application to the concerned DCF for onward recommendation.

Application for diversion of forest land along with necessary annexures are herewith enclosed for your kind perusal and onward recommendation of the proposal through proper channel.

Yours faithfully,

Executive Engineer
KNNL, Kalasa Project Division,
Khanapur-591302
