2. Principal Chief Conservator of Forests Ref. No. TS4/37431/2019, Dated: 29.07.2020

We, M/s Reliance Jio Infocomm Limited indents to carry out laying of underground Optical Fibre Cable to improve communication networking 4G facility at National Level. This proposal is for diversion of 0.02 ha of forest land for laying of underground Optical Fiber Cable along road side of Paramasivan koil karadu RL (0.365km) and Valkaradu RF (0.373 km) of Theni Forest Division over a length of 0.738 km. For laying of OFC along road side of Highways Department, we have to obtain clearance from Highways Department and Forest Department.

As per the advice of Forest Department, we have furnished forest clearance proposal through online in the web portal of www.forestclearance.nic.in and proposal is assigned as FP/TN/Others/41287/2019.

Laying of OFC through this forest area is an important step for the better connectivity of 4G network in this region, bordering Kerala State. There is no possibility of laying OFC except the forest areas proposed, because the forest areas are continuous stretch and this road section passes through the forest areas as road / admitted right of way leading to Theni.
