Memo:

Kindly refer to your office memo. No. 5194 dated 27.09.2019 on the subject cited above.

With regard to the observation reproduced below:

"CA has been proposed in terms of number of plants, hence the details of patch for CA, CA scheme, digital map of CA site and CA site map on toposheet are not required to be mentioned against column No. 13 (meant for CA details) of online part-II. All these documents, excluding KML file are required to be uploaded against additional information details. Further, presently the CA scheme uploaded is not legible, legible copy of CA scheme is required to be uploaded against additional information details."

You have submitted/ uploaded revised CA scheme by applying the rates/ norms relating to the Lantana cleared areas under NPV plantation. Whereas as per Pr. CCF letter No. Ft. 48-66/2016 (FCA) dated 27.01.2017 there are separate rates for such proposals and the scheme has already been formulated by you in accordance of such rates initially. Therefore, you just need to upload the same against additional information details column instead of preparing new one by applying rates/ norms relating to the Lantana cleared areas under NPV plantation. Papers received are returned herewith in original.

Encl: As above.
