

Construction of Syal Dobha to Khali Khamoli Motor road from Maniguh motor road (0.385)

Shortcomings pointed out in the EDS dated 26.07.2016 have not been attended at all in the reply dated 03.10.2016 of the State Govt. but in reply against all the 4 points of the EDS it is mentioned that the required documents have been uploaded or required corrections have been made by User Agency at B 2.3, B 2.4 and C iv in Part-I online. It appears that no authority in the Forest Department has checked the claim of the User Agency that the revised documents have been uploaded or necessary corrections have been made in the online performa at designated columns mentioned above.

State Govt. may make necessary corrections and furnish the required documents against the 4 points of the EDS dated 26.07.2016 and only then send the reply. May also intimate as to who is responsible for sending this totally incorrect reply.
