Sub: Proposal for diversion of Forest land for implementing the project
Vellakkayam Micro Hydel Project in forest area under Mullaringad Range- reg.

Ref: Proposal No. FP/KL/HYD/144656/2021

In order to process the above referred online proposal, it is mandatory to record the Species wise and girth wise enumeration details of trees at FRL- 2 meter and FRL-4 meter in the proposed forest area. Such details of submergible area is not available with the submitted proposal. I have visited the proposed area on 12.10.2021 and no such demarcation found in the proposed land. Hence this office could not process the application within the prescribed time limit. Hence you are directed to do the needful to demarcate the FRL area in presence of the forest authorities so as to enable to process the proposal and to forward the same to the higher authorities at the earliest.

Yours Faithfully

Divisional Forest Officer
