Attention of the Conservator of Forests is invited to the references cited.

Forest clearance proposal furnished by the Wildlife Warden, Hosur Division has been forwarded without through verification by the Circle. Any forest area diversion proposal should have been scrutinized with reference to the Act and Rules and guidelines issued under the Act. Further, online proposal has to be checked in the web portal for its correctness and verifying relevant details. This verification work was not done, which is viewed with displeasure.

In the forest clearance proposal following defects noticed and additional details required for further processing the proposal.

i) In the hard copy of the proposal, Part-I of Form-A, Maps have been furnished without any authentication.

ii) As informed earlier, documents in original has not been furnished in the forest clearance proposal.

iii) In the part-II of Form, A, the details of compensatory afforestation area details (kml file, Survey of India topo sheet, scanned copy of geo-referenced map) Site suitability certificate, CA area surveyed sketch have not been uploaded compensatory afforestation details section.

iv) Details on specific applicability of forest area form on the forest area proposed for diversion applicable on National Park/Wildlife Sanctuary/Biosphere Reserve/Tiger reserve/Elephant corridor, wildlife mitigation corridor etc has not been specified.

v) In the Part-II of Form-A, the Wildlife Warden has reported that Elephant, Spotted deer, Indian hare, Peacock and Wild boar etc., are present in and around the forest land proposed for diversion and rare/endangered/unique species of flora and fauna found the area, report on wildlife mitigation plan if any required may be reported.

vi) In the site inspection report, the Conservator of Forests has reported that fencing would be required for protection from cattle and wildlife damages of CA plantation. Hence cost estimate for the fencing work of CA plantation may be prepared and furnished.

vii) As already instructed in Principal Chief Conservator of Forests reference No. TS4/24632/2019, dated 07.06.2019, Compensatory Afforestation Scheme estimate may be prepared by planting of 30x45 cm size jute bags container plants for better survival rate of plantations and if needed water trough may also be provided in the plantation area for storing ground surface water and for watering the plants.

Hard copies furnished in the reference 5th cited is returned for rectification and resubmission of proposal in complete shape.
