सेवा में,

✓ अपर प्रमुख वन संरक्षक एवं नोडल अधिकारी
वन संरक्षण, इन्दिरानगर फॉरेस्ट कालोनी,
उत्तराखण्ड, देहरादून।

विषयः–जनपद– चम्पावत में प्रधानमंत्री ग्राम सड़क योजना के अंतर्गत नरसिंह डॉडा भगीना भण्डारी मोटर मार्ग के निर्माण हेतु 3.42 हे0 वन भूमि का गैर वानिकी कार्यों हेतु ग्राम्य विकास विभाग को हस्तांतरण। **(FP/UK/ROAD/18336/2016)**

सन्दर्भः–अपर प्रमुख वन संरक्षक एवं नोडल अधिकारी, वन संरक्षण, उत्तराखण्ड का पत्रांक – **532/FP/UK/ROAD/18336/2016 दिनांक 21-08-2019.**

महोदय,

उपरोक्त विषय पर सन्दर्भित पत्र का आशय ग्रहण करते हुए प्रस्ताव पर ध्यानपूर्वक विचार करने के उपरान्त मुझे आपको यह सूचित करने का निर्देश हुआ है कि प्रस्ताव में निम्नलिखित कमियां पाई गयी है। अतः राज्य सरकार निम्न बिन्दुओं पर आवश्यक सूचनायें प्रेषित करने का कष्ट करें। ताकि अग्रिम कार्यवाही सुनिश्चित की जा सकेः–

1. In para A-2 (i) of Part I, the name of the User Agency is mentioned as PMGSY instead of Rural Development Department (Gramya Vikas Vibhag). State Government may provide the correct detail of User Agency at para A-2 (i) of Part I.
2. In the administrative approval, the name of target habitation is mentioned as 'Bhagina Bhandari' but this village has not been marked in the KML file, SoI Toposheet map and the geo-reference map uploaded at para-C of Part I. The end point of the proposed road is situated near Narial village which is already connected to an existing road. Further, the Barpas village situated near the start point of the proposed road is also connected to an existing road. It appears from KML file that the proposed alignment is overlapping with an existing road towards end point. Moreover, one more road already exists towards south-east of the proposed road. Therefore, it appears that the proposed alignment is not justified. State Government may submit justification of the road in view of the points mentioned above and submit the KML file of the proposed road after marking the location of the beneficiary village.
3. It is mentioned in the VLC proceedings held under FRA that the joint meeting of Gram Panchayat Bhagina Bhandari, GP Barpas and GP Garkot was held on 28.11.2015 but the proceedings has not been signed by the Gram Pradhan of Garkot and Barpas GPs. Further, the date is mentioned as 20.11.2015 in the attendance sheets i.e. prior to the date of meeting which is not in order. State Government may do the needful in this regard.
4. The geo-coordinates of the proposed CA area i.e. Sulla Civil (6.84 ha) given in the SoI toposheet map uploaded at para- L (vi) of Part-I and para-13 (iii) of Part II do not match

with the geo-coordinates given in the geo-referenced map uploaded at para-L (V) of Part I and para 13 (ii) of Part II. In addition, the location of proposed CA site given in this SoI toposheet is different from the location given in an another SoI toposheet map uploaded at S. No. 3 of additional documents in Part I, geo-coordinates of which match with the geo-referenced map. State Government may remove this discrepancy and submit/ upload the revised documents in this regard.

5. The alternate alignment examined has been shown in the initial one-third part of the proposed road only in the map uploaded at para-D (ii) of Part I. State Government may submit clarification in this regard.
6. It is seen from the land schedule that the RoW of 9.00 m has been taken into consideration for calculation of forest as well as private land but it does not match with the 7.00 m width (RoW) mentioned in प्रारूप–16 provided with the hard copy. State Government may clarify this discrepancy in the RoW.
7. In view of point No. 6 above, the forest land proposed for diversion (3.42 ha) does not match with the area given in the component wise breakup at para-B 2.4 of Part I. In component wise breakup 0.76 has of forest land is earmarked for muck disposal sites, hence the total forest land required for diversion comes to 4.18 ha instead of 3.42 ha. State Government may submit clarification and provide the correct data in this regard.
8. In the hard copy of the enumeration list of trees, the total is mentioned as 168 trees instead of 167 trees. The trees falling in diameter class of 0-10 cm have not been counted which is required. State Government may provide/ upload the list of trees including the trees falling in 0-10 dia class.
9. The density of vegetation, NPV rate and amount of NPV uploaded in Part I and Part II is different from the data given in NPV details provided with the hard copy. State Government may clarify this discrepancy.
10. It is seen that 7 no. of muck disposal sites have been mentioned in the Muck Disposal Plan but only 6 sites have been shown in the maps submitted with the hard copy and those uploaded in Part I. State Government may clarify this discrepancy.
11. It is seen from data given in para 14 of Part II that the CA stipulated (1573.25 ha) is not commensurate to the forest land diverted (896.9834 ha). State Government may provide correct data at para 14, Part II online in district profile.
12. Name of the road is incorrect in the recommendation (Part V) of the State Government. State Government may provide the recommendation of State Government for this project.
13. State Government may remove above shortcomings and submit revised documents/ information/ clarification and upload the information/ documents, wherever required.

यदि चाही गई सूचना पत्र जारी होने की तिथि के 60 दिनों के भीतर (अधिकतम 90 दिन) इस कार्यालय में प्राप्त नहीं हुयी तो प्रस्ताव को निरस्त किया जा सकता है।

भवदीय,

(सन्नी गोयल)
तकनीकी अधिकारी (वानिकी)

प्रतिलिपि सूचनार्थ एवं आवश्यक कार्यवाही हेतु :–

1. अपर मुख्य सचिव (वन), उत्तराखण्ड शासन, सुभाष रोड़, देहरादून।
