पत्र सं० 8बी/एच.पी./01/129/2019/एफ.सी. 1729

दिनांक: 31/10/2019

सेवा में,

नोडल अधिकारी एवं मुख्य वन संरक्षक (एफ.सी.ए.)
हिमाचल प्रदेश सरकार,
वन विभाग, टालैंड, शिमला।

विषय : Diversion of 11.9813 ha of forest land in favour of HPSEB Ltd. for the construction of Sai Kothi-II Hydrel Electric Project (16.5 MW), within the jurisdiction of Churah Forest Division, Distt. Chamba , Himachal Pradesh. (online no. FP/HP/HYD/23837/2017)

संदर्भ: नोडल अधिकारी एवं मुख्य वन संरक्षक (एफ.सी.ए.), हि०प्र० के पत्रांक एफ.टी. 48-3637/2017 (एफ.सी.ए.)
दिनांक 19.09.2019

महोदय,

उपरोक्त सन्दर्भित पत्र का आशय ग्रहण करते हुए मुझे आपको यह सूचित करने का निर्देश हुआ है कि प्रस्ताव पर ध्यानपूर्वक विचार करने के उपरांत निम्नलिखित कमियां पाई गयी हैं:

- 1- Implementation Agreement is not provided by the State Govt. Hence, the State Govt. may submit the Implementation Agreement to this office.
- 2- In the project allotment letter from the State the capacity of the project is mentioned as 15 MW but in Techno-Economic Clearance & other documents it is mentioned as 16.5 MW. The clarification in this enhanced capacity may submit by the state govt. and revised the allotment letter for enhanced capacity.
- 3- The area selected for muck dumping is 2.6159 ha in the forest. The State Govt. may explore some non-forest area for muck dumping and submit the separate enumeration for this area proposed for muck dumping.
- 4- The State Govt. may provide enumeration as per the format prescribed to Nodal office by this office.
- 5- In view of species the eco-class state govt. may re-asses and revised the NPV calculation accordingly.
- 6- The State Govt. not submitted the detailed evacuation plan to this office and nor the detail over CAT plan the document submitted in this regard does not solve the purpose. Therefore, the state govt. may submit the CAT Plan and all documents in this regard duly authenticated by DFO to this office.
- 7- The State Govt. may submit the details of width & length of T/L including other linear components of the project to this office separately.
- 8- The State Govt. may mark the name of the components in the KML file which is uploaded in Part-I online.
- 9- The State Govt. may ensure that all the project components are shown clearly in the SoI Toposheet, Geo-referenced map and the general layout plan.
- 10- It is seen from the detail note about the project that the intake structure of Sai Kothi-II HEP is on the Tail Race Outlet of Sai Kothi-I HEP. As a result of this arrangement, a long stretch of Baira Nallah is likely to remain dry for most part of the year specially during lean season which is harmful for the aquatic flora & funna. Therefore, the State Govt. may intimate the details of the hydro electric projects proposed to be developed on Baira Nallah in cascade manner including the stretches of Nallahs between the diversion structures and Tail Race along with maps. State Govt. may also intimate the safeguards taken to maintain ecological flow in the Nallahs.

11- The intake structure of Sai Kothi-II HEP (16.5 MW) is on the Tail Race Outlet of Sai Kothi-I HEP. Hence, the State Govt. may intimate the status of construction of Sai Kothi-I HEP.

12- Online application has been uploaded by Shri Rajeshwar Singh but the authority letter has been issued in the name of Shri Surinder Kumar Para-A-3 (i,ii&iii) and A-3 (x) of online Part-I. Hence, the State Govt. may clarify the discrepancy in this regard.

यदि चाही गयी सूचना पत्र जारी होने की तिथि के 60 दिनों (अधिकतम 90 दिनों) के भीतर इस कार्यालय में प्राप्त नहीं हुई तो प्रस्ताव को निरस्त किया जा सकता है।

भवदीय,

(डा० योगेश गौरीला)
तकनीकी अधिकारी
