Sir,

With reference to the subject and reference, it is requested that the following information may please be provided for further processing of the proposal.

1. As the proposed area for diversion is falling in Pakhal Wildlife Sanctuary for which prior approval of SC-NBWL is required, recommendation of SC-NBWL may kindly be obtained and furnished.
2. Justification for 12 m width road in a wildlife sanctuary and the possibilities explored for reducing it.
3. Clarification regarding the factual status of tree felling on the contradictory FDO comments in his site inspection report that "*road width can be reduced such that no tree felling is required wherever there are trees*" at the same time it is also mentioned that "*there are no trees faling in the proposed and no flora and fauna will be damaged for the project*"

Yours faithfully,
