

Subject: Use of 1.07 Ha of forest land for construction of Changa to Tawai soti road in Bhaderwah Forest Division.

Online Proposal No. FP/JK/Road/153292/2022

EDS

The digital map of the forest, when superimposed on Google Earth software shows that the proposed road map through forest land is shown in green, while existing road is depicted in blue **(Image enclosed)**. As visible in the image, the proposed alignment inside forest area ends deep inside the forest patch and it cannot be made out where the proposed road alignment continues as there is no village or habitation which is being connected by the alignment as per the KMZ file uploaded by the UA. Please clarify by User agency.
