Memo:

Please refer to your office reply dated 25.09.2023 of the subject cited above.

2 The following shortcomings have been noticed in the subject cited proposal.

- (i) In reply to observation No.1, it has been stated that the bridle path was constructed by Forest Department but no documentary proof has been submitted.
- (ii) The private land is involved in the proposal but same has not been marked in KML file. The private land alongwith villages to be benefited are required to be marked in different colour in KML file. Further it may be clarified whether instant proposal is the part of already approved proposal under FRA, 2006 as stated at point No.4 or otherwise.

It is therefore requested that the above points are required to be clarified/ attended and furnished to this office at the earliest.
