We, M/o Jio Digital Fibre Private Limited carrying out laying of underground Optical Fibre Cable to improve communication networking 4G facility at National Level. As per the advice of Forest Department, we have furnished forest clearance proposal through online in the web portal of www.parivesh.nic.in and proposal is assigned as FP/TN/OFC/117896/2020. Initially we submitted forest clearance proposal for laying the underground Optical Fibre Cable along the road side from Arimalam - Rayavaram road across Sengirai R.F. vide reference 1st cited above.

Laying of OFC through this forest area is an important step for the better connectivity of 4G network in this region. There is no possibility of laying OFC except the forest areas proposed, because the forest areas are continuous stretch and this road section passes through the forest areas as admitted right of way leading to Arimalam to Rayavaram route across Sengirai RF.

The Principal Chief Conservator of Forests was pointed out some shortcomings in his letter vide reference 2nd cited. Hence revised proposal has been furnished vide the reference 3rd cited above and submitted in the forest clearance
